## FOR ALDERMAN AT LARGE Ward Five

FREDERICK W. COBB

Frederick W. Cobb is 43 years of age, a son of Darius Cobb, and has resided in Ward 5 practically all his life.

Mr. Cobb was employed for several years in some of the large wholesale houses of Boston and has recently resigned his position of long duration with the Saco-Towell Shops to study law.

He is clerk and Treasurer of the Newton South Co-operative Bank.

He spent two years in Texas in the cotton business and has traveled through the West with the special purpose of studying the agricultural conditions.

Mr. Cobb is a member of the Masonic bodies, the Odd Fellows, Sons of the American Revolution, Sons of Veterans, and the Grange.

## BRONZE TABLETS UNVEILED

Memorial to Newton Men of the Revolutionary War Erected in Newton Library by Sarah Hull Chapter, D. R.

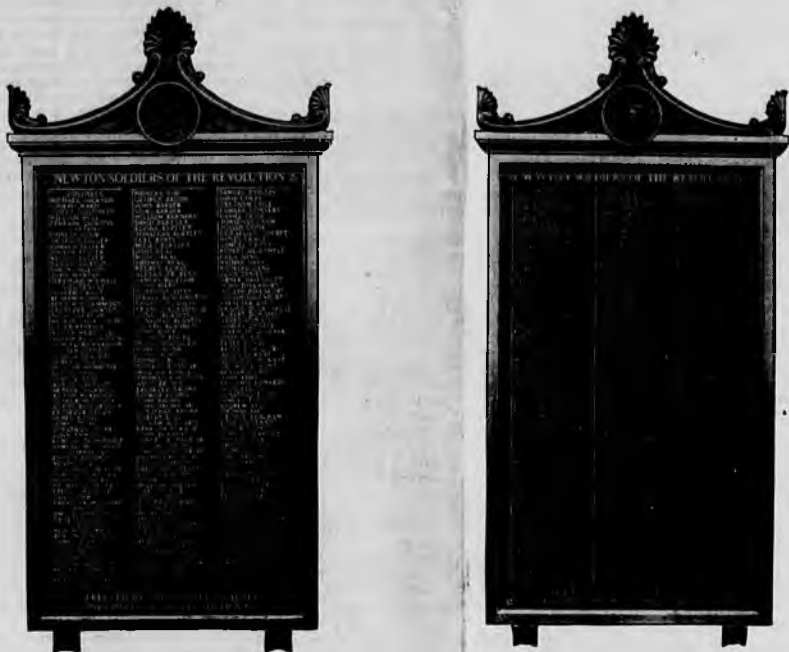

Bronze tablets containing the names of the men who enlisted from Newton in the War of the Revolution, were unveiled with impressive exercises yesterday afternoon at the Newton Public Library in the presence of a large number of representative Newton men and women.

The affair was under the auspices of Sarah Hull Chapter, Daughters of the Revolution, and was most successful from every point of view.

The tablets which are placed on either side of the inside of the entrance to the delivery room, were unveiled with buff and blue bunting, the colors of the Chapter, joined over the arch with draped American flags.

While these questions were being threshed out with what wisdom your committee could muster, the faithful rank and file were gathering shot for the locker by having entertainments, fairs, sales and whist parties, besides their generous personal gifts; so that when a decision should be reached we should have the means to go on.

Being so enthusiastically interested ourselves, we naturally thought that others would be, and that the public would feel it a privilege to help us, and that contributions would flow in. Well they didn't flow! Several times in the local press your chairman called the attention of citizens to the work we were planning to do, and asked

Mrs. Franklin E. Smith the regent opened the program by saying that it was the ambition of Sarah Hull Chapter to erect some memorial to the men who had made possible the independence of these United States, and introduced Mrs. F. B. Hornbrooke, the chairman of the Memorial Committee of the Chapter to serve as chairman.

Mrs. Hornbrooke said: "The Book of Books says, 'Magnify thine office,' and the office of Chairman of the Memorial Committee has always loomed large in my mind. I could not have filled it excepting for the loyal and faithful cooperation of my associates, who have always held up my hands. How we came to erect these memorial tablets should be briefly told.

The Sarah Hull Chapter, Daughters

don't we do something for our own city of Newton?

"The feeling grew that we ought to have some kind of a memorial to the revolutionary soldiers of Newton but what form it should take was not clear.

One night after a meeting when the subject had been discussed, your chairman after a brief sleep, roused up and said to herself, 'I have it. We should have a bronze tablet that will carry the names into the far future of all of those faithful and loyal Jacksons, Hydes, Trowbridges, Kenricks, Fullers, and all the rest.' At the next meeting this plan was brought forward, and a committee was appointed of which Mrs. Hornbrooke was chairman. Although the plan of a tablet found favor with many, others preferred an out of doors monument of granite or marble.

All plans were considered and we hunted marble and bronze shops and manufactories, at considerable fatigue to themselves, but gaining much information which we would probably never otherwise have had.

Then the question of where the memorial should be placed had to be considered. Our unique city of Newton, with its one city government and many villages has its municipal embarrassments. We have members from nearly all the villages, which should be favored. We must be fair to all.

for the help of those interested, but there was very little response. Some said, why do you spend so much energy and means on a memorial for the dead when there is so much to do for the living? What with day nurseries for the babies, school gardens and playgrounds for the children, rest cures for the grown-ups, homes for the aged, and hospitals for about everybody, we haven't any strength or money for the dead.

To such materialistic and so-called common sense views, we, the Daughters of the Revolution, in whose veins flow the blood of patriots, who fought at Lexington and endured the hardships of Valley Forge, and suffered for their country through the long seven years, answered that the patriotic example of those men should be an incentive to patriotism in the young today, that by their example of unselfish endurance of hardship and death if need be for their country, they had a right to be remembered, and that we believed we were serving the living by honoring the noble dead.

The Frances Willard Settlement, 38 Chambers street, Boston, will hold a Department Store Fair all day Friday and Saturday from 10 A. M. to 10 P. M. The dainty refreshment room, the charming Japanese tea-room, the "den" devoted to gifts for men, the splendid turkey dinners served at noon, the exercises each afternoon by the settlement children, an organ recital in the Phillips Brooks Chapel, are some of the attractive features of the Fair. The public is invited.

The Newton Woman's Christian Temperance Union was entertained Thursday afternoon by Mrs. John Gardner, 25 Sewall street, West Newton. Current Events in the temperance world were read; a brief parliamentary drill was given by Mrs. Birdsall. The address of the afternoon was made by Mrs. Clara Webber of Leominster, who gave a very realistic and vivid account of her work among lumbermen in the New Hampshire woods. Refreshments were served and a social hour enjoyed.

### EDITORIAL

Next Tuesday the voters of this city will elect a mayor for the term of two years. During that time he will have the direction of expenditure of over a million and a half dollars annually for the education, improvement and protection of the life and property of the community.

The selection of such a man ought to be carefully considered and decided, not on personal whims of the voter, but for the best interests of all. Character, ability and experience should be the determining factors in making this important decision.

There are two candidates for this honorific office. Both of them are Newton born, Harvard bred and life-long residents of the city. Both are men of the highest character and both are splendid citizens in every respect. There the mutual resemblance ceases. Mr. Alston Burr has had over twenty years' experience in business in Boston, while Mr. Childs is a lawyer. Mr. Burr has served the city of Newton as an alderman for five years (1905-1910) with ability and fidelity, and as chairman of the important committee on Finance, with marked success. Mr. Childs' public service has been limited to about two years as a member of the board of health. Mr. Burr, therefore, by business training and by experience in city affairs is far better qualified to administer the business of the city than his opponent.

In addition, the voters should not forget, that on January first, a new law takes effect, giving the mayor almost autocratic power over the appropriations made by the city. This authority will have a marked influence on the tax rate of the city and citizens may well hesitate before placing a great responsibility in the hands of an inexperienced and untrained man.

If the voters of Newton will carefully investigate the political situation, bearing these facts in mind, there is no question but what Mr. Alston Burr will be elected mayor next Tuesday.

But Mr. Burr will not be elected mayor if our citizens do not vote. It is the ballots cast at the polling places that count and not the good intentions of men who remain away from the polls. Isn't the issue serious enough for the voters of this city to take ten minutes' extra time next Tuesday and cast their ballots for Mr. Burr for mayor. VOTE FOR BURR.

In addition to the election of the usual city officers next Tuesday, the voters of Newton are asked to vote on several referendums as well as the annual question in regard to license.

The first matter after the license question is the acceptance of the act to make eight hours a day's work in city departments. This matter was favorably acted upon several years ago, but recent statutes have changed its original shape so that the Legislature has ordered a second referendum. There will be no question but what Newton will vote Yes on this matter, and yet there is every reason why it should not. The eight hour day has come to stay and no one will question its advisability. And yet this eight hour day ought to be a matter of voluntary action rather than compulsion. The city should have the right to employ certain men for more than eight hours, provided the work of those men is such as to make it possible to secure a full eight hours from other forms of labor. For instance, the engineer on the steam roller should be allowed to work a half hour overtime in order that the roller may be fired up and

ready for work when the rest of the men reached the job. To prohibit the engineer from getting ready in advance or to require him to quit before the others in case he does begin earlier, is a distinct economic loss. The same thing is true of men who have the care of horses used on the work. A compulsory eight hour day seriously interferes with legitimate work of this nature and I repeat, the matter should be voluntary and not statutory.

The next referendum will, if adopted, allow the appointment of call firemen to be permanent members of the fire department without civil service examination. This matter is not a serious question in this city but as a matter of principle ought to be opposed. The third question is similar to that overwhelmingly adopted at the recent state election when the act to apply the workmen's compensation law to county employees was under discussion. The present act will make this law apply to city employees, and while I shall personally oppose it as entirely unnecessary in this city, I have no doubt it will be accepted by a large majority.

The rumor that Mr. Alston Burr is the "machine" candidate or the candidate of the "machine" for mayor, is the sheerest nonsense. I went into this matter quite carefully two weeks ago, but it might be advisable to state once more the proceedings which led up to Mr. Burr's nomination. Last spring at a representative gathering of Newton Centre residents, a strictly non-partisan committee was appointed to canvass the ward and select a man whom that part of the city could present as its candidate for mayor. This committee gave the matter the most careful consideration and finally decided that Mr. Burr was the man they wanted. It took some time, however, to induce Mr. Burr to give a reluctant assent to their wishes and the cordial reception which was given the announcement of his name. Indicated that the committee had acted wisely. Mr. Burr is not a political office seeker, and is not the candidate of any "machine" nor of any clique or faction. If elected he is under no pledges except to give to his native city that faithful, conscientious service which is one of his chief characteristics.

The only criticism of Mr. Alston Burr which is being given circulation by his opponents is to the effect that while a member of the board of aldermen, he neglected his duties and that his absence from board and committee meetings was a marked feature of his service. The facts are that during Mr. Burr's five years of service on the board of aldermen, he was absent in Europe on two occasions in 1905 and 1910, and was away from 8 committee meetings out of 23 in 1908 and absent 8 committee meetings out of 24 in 1910. During the other three years his record of attendance at committee meetings was remarkably good, absent 2 times out of 29 in 1906, at meetings called during the vacation period, absent 3 times in 1907 out of 32 meetings, absent 4 times out of 18 in 1909, two of those during a short trip to Europe. Mr. Burr's record in this respect is above the average and criticism of this sort only indicates the lengths his opponents have to go in order to raise an issue in the campaign.

The police department deserves little credit for prosecuting a local druggist for a technical illegal sale of alcohol and Judge Kennedy should be commended for continuing the case until next spring. A spotter employed by the police purchased a small quantity of alcohol from this druggist, signing his name as the law requires. A half hour later he returned and told the druggist he had "lost" the bottle first purchased giving the impression that he had dropped and broken it. He was sold another quantity of alcohol, and as the druggist considered both transactions as one sale, he did not require a second signature, as a strict compliance with the law would indicate. For this innocent neglect he was summoned to court. I do not believe the citizens of Newton desire prosecutions or rather persecutions of this nature and if methods of this sort have to be used, it only shows that the druggists of Newton are at least, complying with the spirit of the law regarding the sale of intoxicants.

The publication of a letter from the Good Government Association in this paper last week in regard to the petition taken by Mr. Childs last spring in the agitation on the matter of sixth class liquor licenses was not intended to discredit Mr. Childs, but was meant to counteract claims made by some of Mr. Childs' too enthusiastic friends that he was the "head and front" of the movement, and therefore entitled to the support of men who favored that policy in our city. Mr. Childs is a true friend of temperance in every respect and has done splendid work in that direction in the past. But I am certain he does not wish to give any one a false impression of what he believes on the policy of granting sixth class liquor licenses in this city, and Dr. Childs' letter makes that position fairly clear.

It is a matter of regret that prominent Chestnut Hill residents fail to recognize the actual necessity for widening portions of Hammond street in that part of the city. Everyone passing thru this street either on foot or on wheels knows that the right angled corner near the Chestnut Hill station is another place requiring the attention of our city fathers, and these two spots should have immediate attention before a serious accident occurs.

The veto of the mayor of certain items in the annual budget because they are not sufficient to meet his views, is an unusual ground for executive disapproval. Inasmuch as the vetoed budget will become a mere

recommendation on January first, on account of a new law which takes effect that date, it is passing strange that the mayor should attempt to commit even indirectly the new administration to increased appropriations of this kind.

Mayor Hatfield has made an excellent selection in naming Mr. Thomas J. Lyons as a member of the Playground Commission. Mr. Lyons is the personification of geniality and enthusiasm, and his interest in matters of this sort is genuine and deep. The only possible criticism of his appointment is the danger that Playground appropriations hereafter will increase too rapidly for the comfort of our taxpayers.

The hasty action of the aldermen in establishing a Planning Commission during the last days of the present administration is a matter of regret. If a Planning Commission is to work in harmony with the incoming administration, its members should be appointed by the new and not by the present mayor.

Sarah Hull Chapter, Daughters of the Revolution have done the city a great service in compiling an accurate list of Newton men who fought in the war for Independence and placing their names on the bronze tablets unveiled yesterday at the Newton Free Library.

In the confusion of the mayoralty contest next Tuesday, let us not forget to vote NO on the license question. Newton cannot afford to open its doors to the bar and saloon under any circumstances. VOTE NO.

### RECEPTION TO MR. BURR

Citizens of all the villages in Newton are invited to an informal reception to be tendered Mr. Alston Burr, Republican and Progressive candidate for mayor, at Nonantum Hall, Nonantum square, Newton, on Monday evening at eight o'clock. Some special singing is being arranged and a general good time is promised all those who attend.

### SECRET SESSIONS

President Arthur W. Blakemore of the board of aldermen has written the following letter in reply to questions relative to private sessions of the city government asked by the Aurburndale Good Government Association:

Mr. E. J. Winslow,  
Aurburndale, Mass.

Dear Sir:—  
Replying to your favor of the 27th inst., I beg to say that your question whether I regard the practice of conducting the final consideration of the budget behind closed doors as likely to be detrimental to the interests of the city, I should answer in the negative.

Your question "Whether I think a public consideration of the subjects discussed last Monday would have been injurious to any one," I should answer in the affirmative. I think it would have been injurious to the city.

In answer to your question "Whether I think that such executive sessions are in accordance with the intentions of the framers of the city charter," my reply is "yes." It is just as customary and proper for the Board to resolve itself into a committee of the whole as it is to refer any matter to a committee of the Board to be considered in secret. The Board has all the rights and privileges of any deliberative body. The practice of going into a committee of the whole suspends the regular session and is an informal meeting for the purpose of advising together formally. The members of the Board have a right to do at any time. They may give the impression that they are discussing matters in private, but they are not. They are discussing matters in public and talking things over, although of course no action taken at any such meeting is of any effect. The city charter provides in section 13 that "all meetings shall be public except when action is taken upon appointments or removals." I conceive that this means that all our votes shall be public. When the Board goes into a committee of the whole, it is no longer a meeting of the Board of Aldermen but is an informal assembly of the members of the Board for the purpose of discussing informally city business. To say that the Board has no power to do this seems to me to be an absurdity, as it would also prevent any committee from discussing matters in secret. In this I am supported by the long practice of the Board and by the opinion of the City Solicitor.

Answering more fully as to the meeting on last Monday night, I beg to say that I was and still am in favor of the fullest publicity in regard to city affairs except where questions of personality are involved and I believe in such questions only harm is done to the city by public discussion, as one member may well criticize some city official although the official may be supported by all the other members, and the account of our meeting gives only the criticism and not the support of the city official in question. This leads to a false notion in the public eye of the competency and efficiency of the executive, tends to disorganize the departments and injures the reputation of the city for decency and good government.

Referring more particularly to the meeting Monday night, I beg to say that when I reached the Board I found that the only questions at issue among the members were questions of salaries, which, it was obvious cannot be discussed in public without grave injustice to the city officials and serious embarrassment to the members of the Board. As a matter of fact, all we did discuss during our four-hour session were questions of salaries, with the exception that the management of two departments was somewhat discussed. The all involved personalities and I believe it would have been a grave error to have had this discussion formal and public rather than informal and private.

All questions which do not involve personalities, as the policy of the city as to bond issues and other matters, I believe should be discussed in public and they always have been so discussed.

Yours very truly,  
ARTHUR W. BLAKEMORE

—Alliance Meeting

A meeting of the Channing Branch of the Alliance of Unitarian Women was held Tuesday afternoon in the parlors of Channing Church. Mrs. Isabella W. Hardon presided, and Miss A. M. Bancroft, president of the National Alliance, gave a most instructive and interesting address on the growth of the Alliance and what it is accomplishing.

Vocal selections were beautifully rendered by the Alliance choir, under the direction of Mrs. Fred Wetherbee, with piano accompaniments by Mrs. Fred Stone.

There was a very large attendance including guests from the outside Alliances and at the close of the meeting, refreshments were served, the hostesses being Mrs. William Hammett and Mrs. Joseph N. Palmer, assisted by the ladies on the board of directors.

The young lady members of the Unity Club acted as servers.

An Iceless Refrigerator

What might be termed an iceless refrigerator has been invented by an Oregon man, a double-walled chest between the walls of which is packed salt to protect its contents from surrounding warm air.

CASTLE SQUARE THEATRE—With its scenes laid in a little village on the shores of Long Island, "Sag Harbor" is filled with quaint people and romantic incidents. John Craig will present this play at the Castle Square next week, and its successive acts will reproduce the exterior of an old boat-house where United States life-saving boats are built, the interior of the same building, and a room in the house of Captain Turner, the boat-builder. A long and carefully selected cast will act "Sag Harbor," the leading roles being played by William P. Carleton, Donald Meek and Doris Olson.

**INTELLIGENT HORSES**

An interesting fact in connection with the fire at the Brookline Riding School last Thursday evening is of special interest to all lovers of the horse. To show the wonderful intelligence of these trained riding horses, the fifty-nine animals were led from their stalls and placed in safety nearly five minutes after the sounding of the alarm with hardly a trace of excitement or confusion. This action was made more remarkable when it is known that eight minutes after the fire was out every horse was back in his stall, although the building was not yet free from smoke.

Thousands who have enjoyed the exceptional facilities of this well-known school were glad to learn the damage was slight and that the riding lessons will be uninterrupted. Horseback riding is a pleasure that many are finding can easily be acquired under the competent riding masters and with the splendid mounts provided at this school. Private and class lessons are equally popular and nothing is wanting to make a proficient rider of any one who would enjoy the sport. There are special classes Monday, Tuesday and Wednesday evenings. The public is invited to inspect the school and its methods.

BOSTON OPERA HOUSE—The Boston Opera Company will begin the third week of the season with the first performance this winter of Puccini's ever popular opera "Madam Butterfly," on Monday, Dec. 8th. The title role will be sung by the charming Lucrezia Bori, who will be new in the part here. The role of Suzuki will be sung by Jeska Swartz-Morse; the Pinkerton will be Leon Lafitte; and Mario Ancona will be a new Sharpless. On Wednesday evening will occur the second performance of Puccini's "Monna Vanna." The cast will be the same that took part in the premiere on Friday night, including Mary Garden, Lucien Muratore, Vanni Marconi, and Paolo Ludikar. Friday night will be notable for the season's premiere of Verdi's "Aida," presented by an exceptionally brilliant cast. The title role will be sung by Elizabeth Amden, and Amneris will be taken by Margherita D'Alvarez. Florencio Constantino will sing Radames on Friday night, and is sure to be splendidly received. Paolo Ludikar will sing Ramfis, and Amneris will fall to Mario Ancona. Michele Samperi will sing the King, Myrta Sharlow a priestess, and Lorenzo Fusco a messenger. The Saturday afternoon performance will likewise be a notable one, when "Thais" will be presented for the first time this season. Mary Garden will appear in one of the most famous of her roles, The Athanael will be Henry Danges, the new French baritone. The Nicias will be Vincenzo Tanlongo, the young Italian tenor. On Saturday night, "The Barber of Seville" will be presented. The Rosina will be Irene Jonani, a charming young American singer, who will make her debut. The Figaro will be Rodolfo Fornari; Luigi Tavecchia will sing Bartolo.

**NEWTON MEN ELECTED**

At the annual meeting of the Massachusetts State Teachers' Association held last Friday in Boston, Mr. Wallace C. Boyden of Newtonville was re-elected president. Mr. Frank W. Chase of Newtonville was re-elected vice-president and Mr. Maynard W. Maxim of Newtonville was re-elected one of the secretaries. Rev. J. T. Stocking of Newtonville led the devotional exercises which opened the meeting.

**REV. DR. DIKE DEAD**

Rev. Dr. Samuel W. Dike, a well-known Congregational clergyman, died Wednesday at his home in Auburndale, in his 75th year, after a few days' illness.

Dr. Dike was born in Thompson, Conn., Feb. 13, 1839. After his graduation from Williston Seminary in 1863 he studied two years in Hartford Theological Seminary. Then he went to Andover Theological Seminary, from which he graduated in 1866, in 1888 Williams College gave him the degree of D.D.

He was ordained to the Congregational ministry in 1869, and later had pastorates in Royalton and Randolph, Vt., remaining in each town eight years. Then he served for a shorter time as pastor in Pomfret, Conn. He has resided in Auburndale about 23 years.

Dr. Dike was married to Miss Augusta M. Smith of Montpelier, Vt., Oct. 29, 1872. She survives, with these four children: Miss Alice Dike, a teacher in Simmons College; George P. Dike, a Boston patent lawyer; Miss Elizabeth A. Dike, a teacher in the Winsor School in Longwood, and Theodore W. Dike of Alberta, Can.

Dr. Dike contributed frequently to sociological, political and religious movements through his books and magazine articles. His writings in part, led to the organization of the Divorce Reform League in 1881. This afterward became the National League for Protection of the Family, and Dr. Dike became its corresponding secretary.

He conceived the plan of a "home" department in Sunday schools, which spread rapidly throughout the world. The funeral will take place in the Congregational Church, Auburndale, tomorrow afternoon at 2.15 P. M. Burial will be private.

**TRACK MEET AT NEWTONVILLE**

Representatives of the Triangular League, which comprises Cambridge Latin, Newton and Brookline High Schools, met Wednesday and voted to hold their annual track meeting on Feb. 13 at the Newton High School Gymnasium.

Three years ago the schools could not reach an understanding regarding the gymnasium for holding the games and no meet was held that year. This will be the first since the teams disagreed. The events are 25-yard dash, 300-yard run, 600-yard run, 1000-yard run, mile run, hurdles, high jump, shot-put and relay race.

The Cambridge Latin and Brookline High candidates will not be called out until after the Christmas holidays. Newton High candidates expect to start next week with the exception of the football players, who will rest until after the Christmas recess.

**CORRESPONDENCE**

The following letter was recently sent to the General Manager, Boston & Albany R. R., Boston, Mass.

Dear Sir:—  
 I would suggest that special orders be given and issued to conductors to see that those orders are followed out to give better service at Riverside to patrons between the Newtons.

I am but one of many who travel between the Newton stations on the main line to the Newton stations on the Highland branch and vice versa just as little as possible on account of the poor service connecting at Riverside. As to myself, and I think there are many others in similar circumstances, I would probably, without exaggeration, travel between the two sections of Newton ten times as often as I do if it were not for the poor service.

This is not so much in reference to the very aggravating schedule that was adopted when Boston was discontinued as a terminal, but it is the utter indifference of the conductors and trainmen, the disgusting trains and the confusion to patrons in having the conductor or trainman of the train wanted, indistinguishable from the other employees in going on and off duty.

Trains will make up with the last car of many hardly up to the station on the track that car vestibule with the door closed, at night time hardly lighted, the cars beyond are baggage cars and what is beyond that cannot be distinguished on account of the curve, no conductor or trainman around to tell you, the train crawls off with every appearance of going into the yard when it is the train you want; other trains will come in with every appearance of being the train you want but they go into the yard, conductors and trainmen not always to be found, announcements are not always made and when made are possibly an "all aboard" undertone, which might apply to trains on the main line or train going the other way so far as a waiting patron is concerned.

In the old days when Boston was a terminal and trains went right thru, there was no danger of this getting left at Riverside. If those happy conditions cannot be renewed, somebody with authority over the conductors, trainmen and others at Riverside should see that patrons in the station plainly understand announcements and what they mean for the public service.

Yours very truly,  
 (Signed) HOLLIS H. SAWYER,  
 Auburndale.

**BOY HURT**

Martin McHale, aged 16, living at 118 West street, while attempting to catch the ends of the ladders of Ladder 1, which was responding to an alarm of fire last Sunday morning at Washington and Adams streets, missed his hold and ran into the side of an automobile.

He was removed to the Newton Hospital, where it was found that he was suffering from a fracture of the left arm. The automobile, driven by Arthur A. Brown of 26 Maple avenue, had pulled out to the side of the street to allow the fire apparatus to pass.

Mr. E. A. Greenwood rushed the boy to the hospital in his machine. No blame of any kind is to be attached to the firemen of the truck, according to a large number of witnesses.

The alarm was sounded for a fire in the house of G. P. Pope at 7 Peabody street, but there was no damage.

**CHRISTMAS OPERETTA**

On Friday evening, Dec. 19th, at 7.45 P. M. and on Saturday afternoon, Dec. 20, at 2 P. M., there will be a Christmas operetta and short musicale by pupils of the West Newton Music School for the benefit of the school.

As pupils from all the Newtons are being taught at the Music School, it is hoped that the general public will patronize the entertainment as well as the pupils of the public schools, their parents, and friends. Tickets may be bought at the Newton High School, the various grammar schools and at the door.

**BRAKEMAN HURT**

R. E. Getz of 23 Pratt street, Allston, employed as a brakeman on the Boston & Albany Railroad, while riding on the top of a freight train Monday afternoon, was struck by the Auburn street bridge, Auburndale, and badly hurt about the head. When the bridge struck him, he fell to the ground. Dr. Keever was called, and after treating him, ordered his removal to the Newton Hospital.

Where Women Run Cars.

The suggestion that women may be employed as street car conductors in Philadelphia has brought out the fact that the women of Latin America, usually thought of as sheltered, retiring and unprogressive, have been doing this kind of work for years. During the war between Chili and Peru, when all the men of Chili were needed at the front, women took their places on the street cars, and San Diego, Valparaiso and several other cities have had women conductors ever since.

**STRONG CANDIDATES**

To the Editor Newton Graphic:—  
 The attention of your readers should be called to the strong list of aldermanic candidates on the Republican ticket for next Tuesday.

For alderman-at-large, President Arthur W. Blakemore, one of the leaders of the present board is a candidate for re-election and the city is fortunate indeed, in securing the services of Mr. Blakemore for an additional two years. In ward 2, the present ward alderman, Fred M. Blanchard is certain to be elected, and his good work in the past year warrants his return. In ward 3, Alderman A. Stuart Pratt is deservedly unopposed, as a large part of the best work at City Hall the past year can be credited to Mr. Pratt. In ward 4, Dr. Guy M. Winslow, who has served the past year to fill a vacancy, will be elected in his own right. In ward 5, Mr. Frederick W. Cobb, the Republican candidate has served for some years on the ward committee and done excellent work. He is Newton born and bred and should be elected to succeed Alderman Sullivan, who is not a candidate. In ward 6, Abbott B. Rice, the present ward alderman is the candidate and the city will surely need his business ability for the next two years. In ward 7, Alderman J. B. Jamieson has consented to serve another term with the hearty endorsement of his friends and neighbors.

For ward alderman, the Republican party in wards 1, 3 and 5 has continued its policy of endorsing the Democratic candidates, when those men are giving satisfactory service, and Aldermen Murphy, Cox and Bartlett have that endorsement. In ward 2, Mr. George F. Malcolm, is a new man in the town born and should receive a full vote. In ward 4, the same conditions apply, Mr. William S. Wagner being a leader in the public spirit of that part of the city. In ward 6, Mr. Robert M. Clark has the hearty support of the ward and like alderman Jarvis in ward 7, is certain to be elected.

HOWARD EMERSON,  
 Chairman Republican City Committee.

THE Cherry Hill Farm herd consists of Jerseys and Guernseys, with a few grade cows of other kinds. It is the consensus of opinion among physicians that the best milk is that from a mixed herd of healthy cows.

The cows are subjected to the tuberculin test twice every year, no animal being admitted to the herd until it has received this test. That there may be no dust during milking, the floors and cows are sprayed and no feed is given until milking is over. The cows are thoroughly groomed, washed with water and soap, and dried with towels, to be sure that they are clean and that there is no opportunity for dirt to get into the milk.

## MOUNT IDA SCHOOL

The Mount Ida School closed for Thanksgiving recess on Wednesday, November 26. Very few of the students who live at a distance went to their homes; most of them being invited to spend the recess with girls who live in New England states.

This custom affords the girls who live outside of New England an opportunity of becoming well acquainted with New England customs and New England life, by spending a few days in real New England homes.

This becomes a very interesting feature of our life especially for the students who live in far distant states. The girls returned from this Thanksgiving recess on Monday. When the school opened on Monday morning every student was in her place which was exceedingly gratifying to the faculty.

Prof. J. W. Richards, professor of Chemistry in Lehigh University, Bethlehem, Pa., gave a stereopticon lecture on Japan, to the students on Tuesday. Last summer Professor Richards with his family traveled extensively in Japan. He had about 100 very beautiful slides and as he is so well acquainted with Japanese life his lecture was most interesting.

Professor Richards and his wife have been spending a few days at Mt. Ida School as guests of Mr. and Mrs. Jewett. They have had a daughter in the school for 3 years, who will graduate in June.

Dr. C. L. Babcock of the Bureau of University travel in Boston is giving a course of stereopticon lectures on travel at the school. This course, which is for the senior class is a most valuable phase of the work of the school this year.

On Wednesday of last week Dr. Lorain Clevenger, pastor of the Baptist Church in Somerville conducted chapel and addressed the school. Dr. Clevenger leaves this week for his new pastorate in Providence, R. I., and the young ladies were very happy to have him at chapel before he went.

The school will close for Christmas holidays on Wednesday, Dec. 17th. Practically all of the students return to their homes.

The students this year come from 33 foreign states, and there is an enrollment this year of nearly 100 students, which is the largest in the history of the school.

Next week Professor Archibald T. Davidson of Harvard University will give an organ recital on the chapel organ; Professor Davidson will be assisted by Mr. Alfred F. Pickernell, tenor of Harvard University.

## IMPORTANT NOTICE

To the patrons of the NEWTON HIGHLANDS - NEWTON - CENTRE - LAKE STREET-SUBWAY LINE:—

of the  
Middlesex & Boston St. Ry. Co.

On and after Wednesday, December 10th and until further notice the through service on the above line between the hours of 4 P. M. and 7 P. M. will be discontinued on week days only. All cars will turn back from Lake street instead of going to the Subway direct as now.

During this period, cars will leave Lake street for Newton Highlands at 4.15 P. M. and every 15 minutes until 7 P. M. Cars will leave Newton Highlands for Lake street at 4.15 P. M. and every 15 minutes until 7 P. M. Cars will leave Newton Centre for Lake street at 4.21 P. M. and every 15 minutes until 7.06 P. M.

Patrons of our road residing in Newton Highlands and Newton Centre can take any car in Subway marked "Lake Street" where change can be made to the above regular service for Newton Centre and Newton Highlands.

This change is made at this time in order to try and give to the patrons better service than we have been experiencing with the through service. On account of the congestion brought about by the building of subways on Hovlston street, it has been impossible to keep this line on anything near schedule time and we feel that by cutting out the through service between the hours of 4 P. M. and 7 P. M. that we will be able to take care of people who go to Lake street, by having a schedule operated on time from Lake street to Newton Highlands and Newton Centre.

This arrangement is made at this time as a try-out and if not satisfactory, will be taken up at some future date.

## SUCCESSFUL MEETING

A very successful meeting of representatives of many of the social agencies of Newton, social workers, ministers and heads of women's clubs was held Thursday morning at the Y. M. C. A. Mrs. W. E. Birdsell presided and in a few earnest sentences introduced the speaker, Mrs. William Tilton as a "social inventor."

Mrs. Tilton, who is chairman of the Boston Poster Committee, spoke most interestingly on the work of the Poster Campaign in the different cities and towns of Massachusetts, stating that many of the towns had been municipally posted by the Mayor and town authorities. A committee of seven members was appointed to organize the sentiment in the seven wards of Newton, with Mrs. Drake, president of Social Science Club as chairman. Plans for later meetings were made, and the representatives of different organizations present were delegated to present the matter to their individual organizations before the next Poster meeting.

The interest on the part of all present in this great modern social movement against alcoholism was very apparent, and it is predicted Newton will throw her influence on the right side of this issue before the winter is over.

## McKAY-JONES

The most prominent social event of the holiday season on the south side of the city, was the marriage and wedding reception last Saturday night of Miss Mabel Elizabeth Jones, the daughter of Hon. and Mrs. Seward William Jones of Newton Highlands, and Mr. Donald Dana McKay of New York City.

The Newton Highlands Congregational Church where the ceremony was performed at 7:30 o'clock was adorned with greenery, palms and laurel and filled with the friends of the young couple. Rev. George T. Smart, D.D., pastor of the church, performed the ceremony and the wedding music was played by Mr. Philip L. Turner of New York, a fraternity brother of the groom at Amherst.

The bride looked charming in white satin crepe charmeuse, with jacket of duchesse and rose point lace, and a court train. Her veil was caught with lilies of the valley.

Her sister, Miss Marguerite W. Jones, was the maid of honor, and wore lavender figured crepe and lavender chiffon, trimmed with white fur.

The Misses Marion Harvey Dorr of Newton Highlands and Mary Sherman Wilson of New Bedford were the bridesmaids and wore lavender crepe de chine draped with white lace.

A novel feature of the wedding was the aisle of white ribbon at the church, held by the young married friends of the bride, Mrs. M. Richard Brown of Fall River, Mrs. C. Hadial Hull of New London, Conn., Mrs. Howard S. Wilkinson of West Roxbury, Mrs. Everett F. Dodge of Lynn and Mrs. Philip S. Sweetser of Newton Highlands.

Mr. Harold Ladd Smith of Proctor, Vt., was the best man and the ushers were Messrs. E. Marion Roberts of Brockton, Harvey E. Taylor of Montclair, N. J., Clifton W. Tylee of Worcester, Frederic Marsens Butts and James Bartlett Melcher of Newton Centre and Dr. Edward DeW. Leonard of Boston.

The wedding party was an entirely Smith-Amherst affair, the young ladies being college friends of the bride at Smith College, and the gentlemen, college friends of the groom in Amherst. The flower girl, Eleanor Dodge of Lynn was the class baby in the bride's class at Smith, 1908.

A largely attended reception followed at the residence of the bride on Columbus street, Newton Highlands, Mr. and Mrs. McKay being assisted in receiving their friends by Hon. and Mrs. Seward Jones. The house was most attractively decorated, the reception room being in Killarney roses and green and white, the library in yellow chrysanthemums and the dining room in pink roses.

Mr. and Mrs. McKay will enjoy a wedding trip to Jamaica, Panama and South America, where they will make their home, the groom being engaged in the lumber business at Guapil, Colombia.

## MORMONISM

Mrs. George W. Coleman, president of the Massachusetts Council for Patriotic Service, will speak on Mormonism, Problems and Prophecies at Eliot Chapel, Tuesday, Dec. 9, at 3 o'clock. All ladies are invited.

## BASKET BALL

The Newton Y. M. C. A. basketball team, which won the championship of the Greater Boston Y. M. C. A. League last year, is represented in this sport again this year by a strong aggregation. So far victories have been scored over the Malden and Lowell associations, both by wide margins.

The Newton association has had a fast team for the past 10 years, and last year defeated the Portland, Me., quintet and the strongest teams in this State, including Brockton, Boston, Somerville, Cambridge, Quincy, Lawrence and Fitchburg. With the exception of William Cady, the team of last year is intact, but the forward position which he left vacant is well cared for by Chivers and Wood, both of whom gained their experience on the second squad.

Bob Muir, center for the past three years, was elected captain a week ago, and the veterans supporting him are Jacobs and McKenzie, backs, and Miley, a forward. Middlemans, who acted in the role of sub last year, is again on the team, and both Wood and Chivers are making the veterans step some in order to hold their positions.

A strong second team has been organized, of which Louis Bills, center, has been chosen captain, and in most cases Physical Director William Macpherson has arranged games with other second teams as added attraction when the first team plays on the home floor.

## REUNION OF NEWTON REGT.

Notice has been sent out by Alfred A. Lincoln, Hingham, Mass., Secretary of the 32nd Regt., Mass. Vols. of the Winter Reunion at the Quincy House, Boston, at noon on Saturday, December 13th. This will be the 51st anniversary of the Battle of Fredericksburg, Va., where the regiment shared in the chieftain's open plain to the foot of St. Mary's height, the one behind a stone wall and in a brick house, becoming the object of our concentrated fire. The orders of Capt. Edmonds to his Co. (K) were: Men, Stone! Brick House! Ready, Aim, Fire! All that night and the next day, the regiment laid behind a slight elevation of ground which shielded it from artillery fire, but in day light the raising of a head or a cap on a bayonet would draw a rain of musketry. The ground, frozen at night, thawed in the sunlight of the next day, making a most uncomfortable condition.

In the night Col. Parker called for volunteers to go out and learn what they could of the enemy. Private Bixby, Co. K, always ready for any duty, returned with a report that crawling on hands and knees he had reached a sheltered spot where he could hear the sound of shovels and picks, the enemy digging rifle pits and talking in language which signified the hated Yankees to the place of departed evil spirits, for the next day. We had orders to charge at dawn, at the signal of two artillery shots on our right, but the signal was not given, greatly to the relief of the troops who knew how useless the slaughter would be.

The notice for the reunion gives the names of 24 comrades who reached their final muster out during the year, among them Lieut. William F. Tufts of the Newton Co. (K) who had lived in St. Louis many years.

## BRONZE TABLETS UNVEILED

(Continued from Page 1)

After a little while it was decided that our memorial should take the form of bronze tablets. Such was the noble and patriotic record of Newton that we found we must have two tablets instead of one to carry the four hundred and thirty names of our revolutionary soldiers.

It was also decided that the best possible place for them was in our noble free library which belongs to all citizens, and it is constantly frequented by the young, and we also decided that it would be a privilege to present them to our beloved city.

A minor detail must be considered. As most people know, the spelling of names is exceedingly various, and was much more so a hundred and more years ago. My own great grandfather, Valentine Prentiss, had his name in his seven years of service, spelled five different ways on old muster and pay rolls. Considering this, and to avoid future criticism, your chairman several times in the local and Boston press, called attention to our project, and asked any descendant of a Newton revolutionary soldier, not satisfied with the spelling in Jackson's History to communicate with us and we would have it corrected. No one replied. I hope no one will be displeased by the spelling we have followed. If any one is, I shall say, "My Dear Sir or Madam, we gave you ample opportunity to have your ancestor's name spelled as you wish, but now our tablets are cast and what is written is written."

Madame Regent our time in this place is short, but we must be allowed time to thank those who have loyally helped us.

To Mrs. Ferris, our Founder, your committee wish to give heartfelt thanks for her untiring help and interest. Our present and past regents have loyally helped us.

I wish to give my personal thanks to the Memorial Committee who have loyally stood by. To one member, my personal thanks, the thanks of the Chapter and of the city are especially due. Miss Clara J. Coburn, a former regent, has stood by like the daughter of a hero. She patiently and faithfully took care of tiresome detail, and has been absolutely unwearied in her patriotic zeal. She would deprecate any public notice of her work but honor to whom honor is due.

To our library trustees we give thanks for their kind interest. To our librarian, Miss Thurston, and her assistants we give thanks for their constant and helpful interest. We wish to thank our artist, Mr. George D. Tilton for his personal and patriotic interest. And finally, we thank all the daughters and friends who have given a helping hand.

Our chapter was named for a noble and self-sacrificing woman, Madame William and Sarah Hull, and they will stand by us in our endeavor to have our tablets unveiled.

Mr. Read said:— I esteem it a great privilege in being selected, as a great grandson of William and Sarah Hull, to unveil today this splendid memorial to the men of Newton who participated in the American Revolution.

You have chosen a most appropriate setting for this memorial, for in the coming years as the citizens of Newton, and especially the youth of the city, come here to study the literature of this and other countries, they will see before them in enduring bronze the names of the citizens of the town of Newton who served their country in the time of its oppression and thereby helped to lay the foundation of the beneficent government under which we live today.

The memorial having been completed, and the time appointed for its dedication having arrived, I unveil it to your expectant eyes. May it long endure as a silent witness of valiant deeds accomplished in the Revolution under the leadership of the immortal Washington.

Mrs. Hornbrook said:— Residents of Auburndale were awakened about midnight Sunday by occupants of a passing automobile amusing themselves by shooting with revolvers or rifles at the electric lights on Commonwealth avenue. The machine had evidently come out from Boston on Commonwealth avenue, but it was not until it reached Washington street that the trouble began.

There were four men on the car and one of them amused himself in this fashion from Washington street to the Charles river, stopping somewhere near the Metropolitan police headquarters to put out four lights in a row. The officer in charge came out on hearing the noise but the machine was rushed over the river into Weston. The same crowd evidently continued its work in Wellesley for the same thing happened there a little later that morning.

to whom these memorials mean nothing, and who should be taught our own ideals of patriotism and reverence. Mr. Hatfield also hoped that in the future other tablets would be erected to the women of the Revolution who had equal honor in that great struggle with the men.

After prayer by Rev. Dr. Smart the exercises were closed with the singing of "America," accompanied on the organ.

The tablets are of bronze, one with the seal of the State of Massachusetts at the top, the other with the seal of Sarah Hull Chapter, D.R. They were designed by Mr. George T. Tilton and made by the Woodland Bronze Co. of Newburyport.

Immediately after the exercises at the library, a reception was given by no chapter at the Hunnewell clubhouse. In the receiving line were Mrs. Franklin E. Smith, regent of the Chapter, and the members of the Memorial committee, Mrs. F. B. Hornbrook, Miss Clara J. Coburn, Mrs. A. M. Ferris, Mrs. A. F. Hayward and Mrs. Chas. S. Ensign. The other member of the committee, Mrs. Francis E. Stanley, was unable to be present.

The guests were presented by these ushers. Mrs. Howard R. Mason, Mrs. Henry B. Pinkham, Mrs. Adelbert Ferris, Mrs. C. L. Pearson, Miss Partridge, Miss Wheeler, Miss Kate Fox, Miss Anna Whiting and Miss Ensign.

After the reception, Rev. H. Grant Person, pastor of Eliot Church, read the following sonnet, written in 1789, on the disbanding of the army:—

Ye have, Columbian bands, a long farewell.  
Well have ye fought—nobly done  
Your martial task—the meed immortal won—  
And me's last records shall your triumph tell

Once friendship made the cry of suffering sweet  
The dregs how bitter, now these bands must part  
Ah! Never, never more on earth to meet!

Distill'd from gall that inundates the heart,  
What tears from heroes eyes are seen to start.  
Ye, too, farewell, who fell in fields of gore  
And chang'd tempestuous toll for rest secure

Soon shall we join you on the peaceful shore  
(Though gulfs irretrievable roll between)  
Thither by death-tides borne, as ye full soon have been.

Rev. Edward M. Notes, D.D., pastor of the First Church in Newton, then gave a most interesting talk, full of interesting historical facts about Newton. He said in part:—Memory of the past is the basis for all material and spiritual progress. These Revolutionary heroes were men who knew what patriotism meant. Just as no one knows what love means until touched by the heights of sacrifice, so no one knows what patriotism means until one is ready to serve, to suffer and to die for one's country. Church and state in former times were one and no one could vote unless he was a church member. Dr. Noyes dryly inquired how many votes would be cast nowadays if this qualification was still in force. Those men were profoundly interested in religion and the survivors of the Concord fight on their return stood up in the Newton church and thanked God.

The tablets, Mr. Noyes suggested, would not only be seen by our own children, but as the children of our foreign population were our most assiduous readers, would meet their eyes as they left the library and make them realize that these men not only fought for their own homes and country, but made it possible for them also to have a home in this country.

Mrs. Schullbach rendered a piano solo, most charmingly, and Mrs. Ralph C. Emery sang the solo of the closing hymn of Star Spangled Banner.

A collection was served in the dining room, Mrs. John H. Sanborn of Brookline and Mrs. Francis Murdock of Newton pouring.

## VANDALISM IN NEWTON

Residents of Auburndale were awakened about midnight Sunday by occupants of a passing automobile amusing themselves by shooting with revolvers or rifles at the electric lights on Commonwealth avenue. The machine had evidently come out from Boston on Commonwealth avenue, but it was not until it reached Washington street that the trouble began.

There were four men on the car and one of them amused himself in this fashion from Washington street to the Charles river, stopping somewhere near the Metropolitan police headquarters to put out four lights in a row. The officer in charge came out on hearing the noise but the machine was rushed over the river into Weston. The same crowd evidently continued its work in Wellesley for the same thing happened there a little later that morning.

## STUART HOWLAND CO.

Thirteen years ago the electrical concern of Stuart Howland Co. established their business at 283 and 285 Devonshire street, Boston, where they occupied about 6000 square feet of floor space. The business has now expanded to such a magnitude that the concern have recently taken possession of the entire building located at 131 to 137 Federal street, and the upper floors of Nos. 139-141, giving a total of about 35,000 square feet.

The basement, third and fourth floors are devoted to the carrying of stock. The first floor is the retail department of electric lighting supplies and fixtures of all kinds. Great care has been given this department, making it one of the best appointed in New England. The second floor is devoted to the executive offices and counting department.

This company deals in every conceivable electric article, and are exclusive agents for a manifold number of standard specialties, of which we will mention a few, viz—Hotpoint line of electric heating products, Aetna, Mazda, General Electric, Excello and Daylight Arc Lamps, Geisler, Edison-Leland and Columbia batteries; Wildard magnets, Standard Magnet Wire, Feval Enamelled Wire, Heavy Fire Proof Wire, Pittsburgh Transformers and Street Fixtures, Emerson and G. E. Fans, Dale Electric and Gas Fixtures, Franz Premier Electric Cleaners, Coulon Electric Washing Machines, and many other specialties. It also has several valuable agencies in automobile tires and supplies and carries a complete line of this material and as it is only one or two minutes from South Station is convenient for automobilists.

Mr. Guilford M. Stuart is the president and treasurer, and practically the sole proprietor. The Messrs. Howland who formerly held an interest in the company retired some three years ago. Mr. Stuart is a resident of Newton Centre, and has been an active member on the executive committee of the National Electrical Jobbers' Association since its organization 9 years ago. He is treasurer of the Electric Development Association of Boston.

There will be a meeting next Sunday afternoon at 3.30 in the Y. M. C. A. Building. All young men are invited to come.

There are a few dormitory rooms vacant which we would like to have filled by the young men of the city.

The best Christmas present for a young man is a membership in the Newton Y. M. C. A. It lasts the whole year round.

LADY HOLDER OF AUSTRALIA  
GUEST OF HONOR

The members of the Newton Woman's Christian Temperance Union and their friends were given an opportunity Wednesday afternoon to greet Lady Holder, wife of the Ex-Speaker of the Australian Parliament, at the State W. C. T. U. headquarters, 541 Massachusetts avenue, Boston. Lady Holder has been attending the World's W. C. T. U. Convention in Brooklyn and is in Boston for a few days, the guest of the state president, Mrs. Katharine L. Stevenson. The auditorium at headquarters was filled with guests, who listened with the greatest interest to Lady Holder, as she described conditions in her country, where every woman over 21 years of age is a fully enfranchised citizen. She voiced her amazement at the claims of anti-suffragists that the exercise of the ballot would destroy the home and unsex women, and dwell especially upon the fact that in her land the men and women worked together for reform.

All present had the honor of being presented to Lady Holder and exchanging sentiments with her. Refreshments were served in the large parlors.

When one remembers, says an exchange, that in an ordinary column there are 10,000 pieces of type, that there are seven wrong positions each letter may be put in and there are 70,000 chances for type errors, besides millions of chances for transposition, he will not be too critical. In the sentence, "To be or not to be," by transposition alone it is possible to make 2,755,022 errors. So you see the perils that beset a printer.

## NEW BOOKS

JEAN CABOT  
IN THE BRITISH ISLES  
By GERTRUDE FISHER SCOTT

This is a college story, although dealing with a summer vacation, and full of college spirit. It begins with a Yale-Harvard boat race at New London, described in the graphic style that made "Jean Cabot" at Ashton such a favorite, but soon Jean and her room-mate sail for Great Britain under the chaperonage of Miss Hooper, a favorite member of the faculty of Ashton College. Their trip is full of the delight that comes to the intelligent traveler first seeing the countries forming "our old home." The book excels in the little humorous touches of realism that make up one of the chief joys of travel, especially in reminiscence, and the author's breezy, natural style imparts this enjoyment to every reader. Illustrated by Arthur O. Scott. 12mo. Cloth. Price, Net, \$1.00. Lothrop, Lee & Shepard Co., Boston.

THE GIRL FROM ARIZONA  
By NINA RHODES

This is the best book yet written by Nina Rhodes, excellent and successful as are all the others. Marjorie Graham, the "girl," has grown to be fourteen without knowing more of the world than can be seen from a lonely Arizona ranch, although she has a vigorous body, a good mind, and refined parents. So when an uncle takes her for a winter to New York to be with her cousin of the same age at a fashionable apartment hotel and have a winter's schooling, it is like going into a new world, and her honest naturalness at times rebels against the artificiality she finds. Good friends do not fail to appreciate her, however, and she is a link in clearing up a baffling mystery, the solution of which brings happiness to those she best loves. Illustrated by Elizabeth Withington. 12mo. Cloth. Price, Net, \$1.00. Lothrop, Lee & Shepard Co., Boston.

BETTY TUCKER'S AMBITION  
By ANGELINA W. WRAY

"Mother Tucker's Seven" had the qualities that have made the "Pepper Books" famous—courage, cheerfulness, and loving service. Betty, the oldest girl of the lively seven, has an ambition to win distinction as a writer, and in the face of discouragement actually does secure a place on the local paper, where her bright ideas come to be recognized as having genuine business value. The Tucker family, in spite of adversity, are an important element in the awakening of the community to better conditions, and too proud to appeal to relations for aid, raise enough by their combined earnings to lift the mortgage from their little home. Through it all they have an enviable good time together. Illustrated by F. Liley Young. 12mo. Cloth. Price, Net, \$1.00. Lothrop, Lee & Shepard Co., Boston.

THE HALF-MILER  
By A. T. DUDLEY

Mr. Dudley's school athletic stories are the best of their kind through a combination of reasons. This author has in the first place a thorough knowledge of athletics. He uses accurate, forceful English, knows boys, schools, and teachers as do few men, and, best of all, writes with intelligent devotion to what is clean, good, and true in life.

"The Half-Miler" is the story of a young man of positive character facing the stern problem of earning his way in a big school. The hero is not an imaginary compound of superlatives, but a plain person of flesh and blood, aglow with the hopeful idealism of youth, who succeeds and is not spoiled by success. He can run, and he does run—through the story. Illustrated by John Goss. 12mo. Cloth. Price, Net, \$1.00. Lothrop, Lee & Shepard Co., Boston.

UNCLE DAVID'S BOYS  
By EDNA A. BROWN

This will interest both boys and girls from twelve upwards. It tells how some young people whom circumstances brought together in a little mountain village spent a summer vacation, full of good times, but with some unexpected and rather mysterious occurrences. In the end, more than one head was required to find out exactly what was going on. The story is a wholesome one with a pleasant, well-bred atmosphere, and though the denouement holds the interest, it never branches the usual mystery passes the bounds of the probable. Illustrated by John Goss. 12mo. Cloth. Price, Net, \$1.00. Lothrop, Lee & Shepard Co., Boston.

THE BOY WITH THE U. S. INDIANS

By FRANCIS ROIT-WHEELER  
This is the book to tell all about the Indian as he really was and is: the Menominee in his birch-bark canoe; the Iroquois in his wigwam in the forest; the Sioux of the plains upon his war-pony; the Apache, cruel and unyielding as the arid desert; the Pueblo Indians, with remains of an ancient Spanish civilization lurking in the fastnesses of their massed communal dwellings; the Tlingit of the Pacific Coast, with his totem-poles. The Bureau of Ethnology and the Office of Indian Affairs have joined hands to give the author a unique opportunity of presenting a picture of all the strange, wild, and highly varied people known collectively as the North American Indian. Illustrated from Photographs Principally Furnished by the U. S. Government. Large 12mo. Cloth. Decorated Cover. Price, \$1.50. Lothrop, Lee & Shepard Co., Boston.

## MAYOR VETOES 1914 BUDGET

Ex-Alderman Thomas J. Lyons Appointed on the Playground Commission

For a meeting of the aldermen, which did not merit a printed docket, that on Monday night developed considerable interest.

In the first place, Mayor Hatfield sent in veto of a few items included in the annual budget, passed the week before, the veto being based on the unusual grounds that the appropriations were not enough and should be increased. The following items were vetoed: Resurfacing Streets which the mayor wanted placed at \$68,102 instead of \$45,000 and the following salaries, all of which the mayor wished increased, the mayor's stenographer \$854 from \$785, deputy collector taxes, \$1500 from \$1200, clerk forestry dept., \$837 from \$780, agent board of health, \$2000 from \$1800, clerks Water dept., \$1436 from \$1384, Division foreman, Street dept., \$1600 from \$1500, Inspector Wires, \$500 from \$400, Police Lieutenants, \$1400 from \$1400 and police sergeants \$1400 from \$1300. The matter was referred to the Finance committee.

A second item of interest was the appointment of Mr. Thomas J. Lyons as a member of the Playground Commission in place of Mrs. G. H. Wilkins, resigned. This appointment was confirmed under suspension of the rules. Subsequently Alderman Cabot moved a reconsideration of confirmation and had the matter laid on the table. After the board adjourned it was found that under the statute, appointments to this Commission do not require confirmation and that the board had had its labor for its pains in this particular case.

President Blakemore was in the chair and Aldermen Hatch, Bemis and Gordon were absent.

No one appeared at the hearings on Edison Co. pole locations on Old England road and Claflin place or on petition to keep gasoline at 613 Water-town street, by M. P. McKinnon, the two last matters being immediately granted.

Besides filing his veto and appointment to the Playground Commission, Mayor Hatfield also sent in the request of the Street Commissioner for \$1000 additional for Maintenance of Streets, request of the Health Dept. for additional appropriations and transfers and a recommendation to adopt an ordinance establishing a Planning Commission. The last matter was taken up by committee at a recess and subsequently, the ordinance was passed.

Betterment assessments on Allison street of Leo J. DesRoieres, and of Marcellus Cogan, Chas. D. McCarthy, Robert M. MacGregor and A. W. Robinson on Waban Hill road were appointed.

Petition of the Edison Co. for attachments on Beacon street was received and petition of Grasso Bros. to transfer pool table license from Nonantum to Newtonville square was refused.

A recess was held for committee meetings and on reassembling leave to withdraw was granted on petitions of Amos Laundry for liquor transportation permit, and to Geo. F. Briggs for pool room license at Newton. No further action was recommended on petition of Miliken et al. in favor of granting junk license to Hyman Melman. Pool table licenses were granted to T. F. Green, at Newton Highlands square.

The board adjourned at 9.44 o'clock.

## THE BOSTON FIRE

In a letter written by Mr. G. E. Rogers to the Boston Herald referring to the Great Boston Fire of 41 years ago, a paragraph relating to a Newton resident may be of interest. Mr. Rogers says:—  
There were many acts of heroism during the excitement of that terrible night. My assistant bookkeeper, William B. Bossett did not have a key to my store, but did have a key to the safe, and as everybody thought the safe would be destroyed in such a fire he broke through the police line near the store on Federal street, ran to the front windows side of the door, kicked in the glass, ran 100 feet to the rear of the store where the office safe was, opened it and found the contents had been taken out before him. He closed the safe and locked it and had just made his escape to the street when the whole building came down with a crash.

## PARK THEATRE—"Stop Thief."

which enters upon its fourth week at the Park Theatre, Monday night, December 8, has proven far and away the most diverting attraction of its class booked here in a long time. Ever since it branched the theatre, the play has been received by audiences that have evidenced in numbers and enthusiasm their delight in this Co-han and Harris production. Mr. Nicholas Young of the American said "Stop Thief" was simply a riot of fun—a farce with no breathing places. There was not even time to rest your aching sides. Mr. Philip Hale of the Herald said, "Stop Thief" is one of the joys of the current theatrical season. Mr. Charles Howard of the Globe: "As a lively, laughing show 'Stop Thief' is one of the most agreeable seen here in a long time. Mr. E. H. Crosby of the Post said "Stop Thief" is as brilliant and as satisfying a force as has appeared here for many seasons. Matinees will be given every Wednesday and Saturday during the engagement.

recently published another book in the popular Dorothy Brooke series. In this volume entitled, "Dorothy Brooke Across the Sea," the heroine takes a trip abroad and is ardently courted by a man with a title, assisted by her mother. Dorothy proves to be a true American girl and is finally won by one of her own countrymen. Miss Sparhawk has written a most entertaining book and one well worth reading, especially by those who have followed Dorothy in the former volumes. The book is fully illustrated by Frank T. Merrill, and published by Thomas Y. Crowell Co. of New York at \$1.50.

Orders were adopted transferring \$50 to office expenses Treasury Dept., making grants for city expenses for \$1,689, and authorizing laying of certain water mains. An order for petition to the Legislature to change the law relative to interest on sewer assessments was referred.

Alderman Bartlett presented an order rescinding that adopted in October to lay a sewer in Neholden road. Mr. Bartlett said that the order had been passed without notice to other aldermen than the petitioner, and that four persons now seriously objected. He had received a report from the Health department that sewers were not needed in this street. Alderman Barker said that this sewer was but 105 feet long and would serve two new and two old houses. It was a benefit to the property and should be constructed. Alderman Bartlett said he believed in sewer extensions but here was a case where the board of health did not deem it necessary, where no hearing had been held, and where the action of the board was not a square deal to the abutting owners. Alderman Richardson said that there were other places where the board of health believed sewers necessary and where the abutters do want sewers, and they should have the first attention. Alderman Alley said that this petitioner came to the committee before he had begun to build his house, and said he would plan for an elaborate system of drainage in case he could not obtain the sewer. The board had granted the sewer and had begun construction on that understanding. Alderman Sullivan said the board should hesitate before rescinding this order as the sewer question in Waban was a wide one. The order was then rejected, 4 to 14, Aldermen Bartlett, Blanchard, Murphy and Richardson voting in favor.

Alderman Cabot's motion to reconsider the confirmation of the Lyons appointment created considerable discussion. Alderman Cabot said that the Playground Commission did not know of any contemplated change and he believed should have been consulted before the appointment was made. Alderman Cox thought the motion was entirely out of place and that there should be no interference with the mayor on the matter of appointments. Alderman Murphy was not aware that it was necessary to consult the Playground Commission on the matter at all. Mayor Hatfield was asked to explain the matter and said that he had talked with Mr. Brewer, chairman of the Playground Commission. He had appointed Mr. Lyons because he had been largely instrumental in securing the funds to purchase the West Newton Common as a playground and had taken a great interest in all the playground work. After the mayor finished Alderman Cox said it was poor policy to hold up appointments of the mayor and urged Alderman Cabot to withdraw the motion to reconsider. Alderman Cabot refused to withdraw his motion and said it was a great mistake to suspend the rule requiring all such matters to lie over one meeting. Reconsideration was then carried, 12 to 6 and the appointment was then laid on the table.

## KREISLER'S RECITAL

The long expected violin recital of Fritz Kreisler will be given in Symphony Hall, Sunday afternoon, December 7th. Kreisler has already played here with the Philharmonic Orchestra and he has just played with the Symphony Orchestra. No violinist today has more warm admirers than this unassuming Austrian. Kreisler's tour in this country up to the present time has surpassed anything that he has accomplished in the past. He has filled Carnegie Hall, New York, to overflowing and is to give a second recital there; he has filled Orchestra Hall, Chicago, and will give a second recital there and he unquestionably will fill Symphony Hall.

B. F. KEITH'S THEATRE—Paul Armstrong, author of many new original comedies, has again ventured into the vaudeville field as a playwright and producer, this time with a one-act satire entitled "Woman Proposes." This play is a terrible expose, in that it explodes the ancient belief that man proposes marriage. In this comedy, we find that woman does it, gently sometimes, frequently with great brutality, and always with telling effect. The Avon Comedy Four, just returned from Europe, will make their first Boston appearance in two years; and Travolta, the eccentric Filipino Wizard of the violin, will offer a wonderful medley of popular and classical airs on his instrument. Other big features will be Marie Lo and company in "Porcelain," a magnificent series of real reproductions of the world's most famous Dresden and other chinaware in gorgeous living tableaux; Five Harveys, sensational aerialists; Two Tomboys, two girls who bump the bumps, and many other attractions of the highest class yet to be announced.

## Executor and Trustee Qualification

A trust estate may not suffer from dishonesty and fraudulent management alone. Injudicious investments caused by a lack of business training and ability have often seriously eaten into the principal of trust estates.

It is imperative that those who have the care of trust property should have an intimate relationship with the business world.

Each investment or sale of any security in any trust estate held by us is made by the Executive Committee and such action is always by vote and recorded.

PLYMOUTH THEATRE—The third and second last week of the engagement of "The Broad Highway" at the Plymouth Theatre, Boston, will start on next Monday night. The play dramatized from the popular novel of the same name by the author, Jeffery Farnol, is being presented for the first time in this country by the Henry Jewett Players, an organization that has already won a high position in the field of high class theatricals. Since the opening of the piece several important changes have been made with the result that it is now presented in the usual average time and has steadily increased in popularity. Mr. Jewett has surrounded the play with an excellent cast and has given it an elaborate stage setting.

## ONIONS IN NEW ENGLAND

By George French

The greatest drag on New England in the New England indisposition to think well of itself—the old New Englanders, I mean, who have been bred to believe that the section is about the most unpromising on the face of the earth. They cannot seem to become reconciled to the idea of real prosperity. They are hanging onto the few dollars their grandfathers left for their fathers, and their fathers did not spend.

Your genuine old-time New Englander grew prosperous, such prosperity as it was, through not spending rather than through earning and saving. Real saving is putting aside some portion of one's earnings. Accumulating through not spending is different, and has a different effect upon people. It is keeping money that by rights ought to be paid others, for the comforts and decencies of life.

I have had so many distressing experiences to prove this, during the past three years. It takes a real Westerner to appreciate this quality of keeping that which ought to be spent. Once I talked about New England, the business staff of one of the biggest concerns in Boston, owned by Western men. It happened that the managing owner was one of my auditors. After the talk he said that that was the first occasion upon which he had heard a New Englander talk about his home section as though he was a Westerner! Usually my audiences have rather doubted what I said about New England, looking upon me as a sort of harmless lunatic.

Once I had been talking to a business organization near Boston, and I felt the tolerant doubt some of them were indulging, and let out all the big stories about New England successes on the land that I could recall; and I believe I garnered some of them quite some. When I had stopped—not finished—two or three said a few good natured things, and one old flint-faced man said he was a Boston commission man, and that he could match anything I had said, and perhaps go me one better, out of his own experience; and he told an onion story.

He said he knew a man who was obliged to leave his city job and get out on the farm, or be put under the land. (I interrupted to say that I knew a lot of that kind of hen stories, but the c. m. raised his hand and said his was not a hen story.) His man that had to go back to the land went into the western part of the state and bought a peach farm, with a fine orchard of trees that were about old enough to begin to bear. There were a few peaches when he went to look. The next year there were a few more, and the second year there were but a few peaches—not enough to make the trees profitable. The third year, when the trees were six years old, there were but a few peaches, though the trees looked thrifty and the season had been a good one.

The man was puzzled, and began to be discouraged. He thought of the state agricultural college at Amherst, and went there to consult some of the soil experts. He was a Yankee. He was a New Englander—thrift, canny, given to keeping his money tight, not to spend, afraid of fees, and not having too much faith in the college professors—when it came to the practical work of farming, you know. He was not quite a Jeremiah, however, and as long as the professor did not mention the matter of a fee he went on talking about his peach orchard that would not yield a penny. He finally came to believe that the professor knew what he was talking about, and asked what it would cost to get him to visit the farm. The professor had sized up his man, and quickly inquired the cost of a railroad ticket to the town, and whether the peach man had a good cook. Then he told the farmer that it would cost him a "darned good dinner" to get him to visit the farm and give his opinion about the peaches.

The professor arrived at the peach farm, got his good dinner, and went out to view the peach land over. He looked about, tapped some of the rocks with his little hammer (there were but very few steps within reach) and took up a handful of the soil, let it slip through his fingers slowly, and rubbing it between his thumb and palm, as it went. This he did in several sections of the orchard, and then said to the farmer abruptly:

"Silt, loamy silt; or silty loam, as you like. Just what I expected to find. Just what I knew was here. I did not dare tell you in Amherst, for I knew you were one of the New Englanders. You would not have believed me—there. Now, you get busy and pull up those peach trees and put this land into onions!"

The farmer's mouth hung open. He stared. He gasped and swallowed. Finally he blurted out: "What! Pull up those fine young peach trees? They have not yet given a crop, they are just ready to bear. They have cost me a heap of money. Pull 'em up? You must be crazy!"

There should be a little sand, and if there is clay underlying so much the better as there needs to be a lot of water and clay keeps the water up where the plants can get it. Onion raising is good business. The crop is pretty dependable, and there is always a good market. There are something like 14,000,000 bushels annually raised in the United States, 1,000,000 in New England, where there are about 2,500 acres planted with the delicate bulbs each year.

## AUTO ACCIDENTS

President Lewis R. Speare of the Massachusetts State Automobile Association, in an interview as to the causes for the great number of automobile accidents which have occurred during the past season, gives the following, which should commend itself to the attention of all motor-car owners throughout the state:

"The increasing number of accidents, many times causing death, are deplored by the entire public, and especially by the automobilist. Every year a large number of new bills are presented to our state Legislature seeking to remedy this evil by making new laws, while in many cases the laws on our statute books cover the same ground that the new bills call for."

"The main trouble is that there is no proper enforcement of the present laws. In some cases there seems to be no adequate provision for enforcing the law. We have never heard of a single arrest of a driver of a horse-drawn vehicle for not carrying a light on unlighted ways, yet many accidents that have occurred have been caused by the horse-drawn vehicle driver's disregarding this law."

"In many cases where pedestrians have been struck by automobiles the driver has been completely exonerated in court, as it has been proven that the pedestrians were wholly to blame. The Massachusetts State Automobile Association introduced a bill in our last Legislature, requiring the Massachusetts highway commission to appoint special motorcycle police with power to enforce all the laws of the road against all users of the road, the expenses to be paid from automobile registration fees, etc., which this year will amount to about \$1,000,000. This bill was opposed by the highway commission and the committee reported leave to withdraw."

"It is a notorious fact that while many bad accidents happen in the country, where it seems impossible to properly protect our roads, about 90 per cent. of the automobile accidents occur in the cities. As a direct result in this connection we also asked that all vehicles carry lights on all streets. Then, and not until then, will it be safe to require automobiles to do away with strong headlights in congested parts of our large cities. The committee again gave us leave to withdraw, although a large number appeared in favor of the bill at two advertised hearings and not a single remonstrant appeared at either hearing."

"The motorists of Massachusetts, as represented in the Massachusetts State Automobile Association, are trying to co-operate in every way to regulate the use of the motor car. Will the public join them in their efforts to get these two bills enacted in our next Legislature?"

## HATFIELD THE GENTLEMAN

From the Andover Townsman.

For some time we have believed, and have not been slow in expressing the opinion, that it was unwise to continue Mr. Hatfield as chairman of the Republican State Committee, but, with many other men in the Commonwealth who have seen what he has passed through during the past few months, we are going to take off the editorial hat to him at this time and thank him for his courteous, honest, persistent and consistent attitude in the trying time through which he has just passed.

Charles E. Hatfield will not retire from his position with many victories to his credit, and we are not so sure that there is a single one which the public will grant to him unless it be that one which he has just won in making secure for himself the title of the true gentleman and the further title of a gentleman who stood his ground and won a victory for "political organization." Have we realized quite how big a victory this is? If not, let's think for a moment how ineffective has been the candidacy of two of the candidates for Governor, who ignored organization and tried to work out political salvation as individuals. The Republican party, the Democratic party, and the Progressive party owe a debt of gratitude to Mr. Hatfield for performing a splendid service to good government through his stand for party responsibility.

## A BAD CORNER

Bishop Hughes in Accident at Corner Walnut and Beacon Streets

The dangerous junction at Walnut and Beacon streets claimed another victim Sunday afternoon, when a closed carriage, in which Bishop Edwin H. Hughes and Mrs. Hughes were riding came in collision with an automobile of the United Motor Co. of Boston. Mrs. Hughes was bruised about the right arm and suffered from the shock, while the bishop was uninjured.

Bishop and Mrs. Hughes were driving to Wellesley from the home of Mrs. Alexander Montgomery, where they were staying on Centre street, Newton Centre. The carriage was driven by Edward Stevenson. The auto struck the carriage demolishing the rear wheels and overturning the vehicle.

The bishop and his wife, shut in the carriage, were tossed about in a heap when it tipped over. Mr. Hughes quickly recovered himself and aided his wife, afterward going to the assistance of Stevenson, who was thrown from his seat to the ground and who suffered bad cuts about the head. The horse was uninjured, but the automobile bore traces of its encounter with the carriage.

Bishop Hughes and his wife were able to go to the Newton Centre Methodist Episcopal Church in the evening, where all the parishes in that section were represented. The pastor, Rev. George H. Parkinson, conducted the service and Bishop Hughes delivered a sermon. Rev. Edward M. Noyes of the Newton Centre Congregational parish presented the bishop and Mrs. Hughes with a large basket of roses.

## THE NEW MAYOR

A Sketch of Mr. Edwin O. Childs, Jr.

Edwin O. Childs, Jr., who will be inaugurated Mayor on January 12, 1914, will be the 19th Mayor of the city.

Mr. Childs was born in Newton, August 10, 1876, the son of the late Edwin O. Childs, and Mrs. Caroline Chaffin Childs.

He was educated in the schools of Newton, graduating from the Bigelow School in 1891 and the Newton High School in 1895. He graduated from Harvard University in 1899 and later studied law at Boston University Law School, getting his LL.B. in 1901 and being admitted to the bar in the same year.

In 1908 he was appointed by Mayor Hutchinson a member of the Board of Health of Newton, where he has served for the past five years.

He has always been active in civic and philanthropic work in Newton and has for years given unsparingly of his time and energy in efforts to promote good citizenship and development of character among the young men of Newton.

For the past seventeen years he has been the leader and head of the work at the Nonantum Boys' Club, where, under his guidance, an organization was formed by and for the boys and young men of that section of this city. This club and its senior organization have been big factors in the community in which they are located and the boys from the cradle to manhood have adopted "Ned" Childs as their older brother.

He has also been identified with the Eliot Church and the North Congregational Church and has been active in the Newton Y. M. C. A.

Mr. Childs was married Jan. 11, 1908, to Miss Mildred Roy and since that time they have made their home near the club in which they have been so much interested.

In July of this year Mr. Childs was appointed by Governor Foss a member of the Commission to Investigate Drunkenness in the Commonwealth, and report to the Legislature. He was made Secretary of the Commission and has been all over the State in the work of holding hearings and gathering information.

In entering the campaign for Mayor, Mr. Childs became a candidate for public office for the first time in his life. His personality is wonderfully attractive and in his work he has been in close touch with men and conditions in all parts of the city.

## LABORER HURT

Michael Mariconi of 27 Carter street, Needham, received a broken leg Sunday while at work relaying the tracks near the Woodland station. An iron rail, which was being taken from a car, fell on his left leg. He was taken to the Newton Hospital.

## TWO ALARM FIRE

New Motor Engine Proves Efficient at the Country Day School

A two alarm fire, preceded by a still alarm, took place on Sunday afternoon at the Country Day School on Nonantum street, near the Brighton line. The new motor pumping engine proved its value, for the building is on a hill and over 1000 feet of hose had to be laid to reach it. The two alarms brought three engines, three automobile combinations, three ladder trucks and five hose wagons, the Brighton fire department answering the call as well as the Newton apparatus.

Several servants were the only inmates of the house, and one of them, William Lindo, discovered the fire on the third floor and telephoned Fire Headquarters.

The fire started around a chimney in the basement, near the heating plant, and ran up through the partitions, but did not break through until it reached the second floor of the 3 1-2 story structure. The flames quickly spread on the second floor and also worked down to the first and up to third floors.

In all eight rooms were damaged and only the metal door at the second floor prevented the blaze from spreading into the hall that contains the main stairway. The metal-covered roof checked the flames from breaking through.

None of the 133 students live at the school, but several instructors who live nearby were quickly on the scene and with the principal, S. K. Kearns, carried out many furnishings and some valuable laboratory apparatus.

Hoseman Hugh McDonald of Hose 1 slipped while ascending a ladder to the third floor window and fell one story on the roof of an L. He was bruised and shaken, though not badly injured.

The school was started seven years ago and occupies the old Bowman estate, which was greatly enlarged by Mr. Kearns. The building and fittings are valued at \$60,000 and are insured against loss. School will be continued in other parts of the building while the repairs are being made.

## N. H. S.

Raymond Van Tassel was elected this week captain of the football eleven for the ensuing year.

The Newton High A. A. has voted to award 22 letters to the members of the football squad, viz: Charles Bracy White, Norman Thompson, Raymond Van Tassel, Joe Gardner, Bryson, "Tip" O'Neill, Goodwin, Manager Burton Mitchell, Turner, Allen, Jacobs, Brewer, Doyle, Rice, Kerr, Comick, Sholar Cunningham, Chivers, Harris and Ralph Hyatt.

The Newton High Interclass track meet will be held Jan. 31 in the school gymnasium.

## CHILDS ELECTED MAYOR

Republicans Elect Entire Ticket with the Exception of Mayor. Light Vote Cast

For the first time since the fall of 1890, the Republican candidate for mayor, Mr. Allston Burr, was defeated at the annual city election last Tuesday, by Mr. Edwin O. Childs, Jr., the Democratic standard bearer. The majority given Mr. Childs was the smallest since the fall of 1898, being but 180 in a total vote of 5416. Mr. Childs carried the first four wards and Mr. Burr the last three wards. Ward 1, where Mr. Childs resides, gave him a

1474, and Alderman Jamieson of Ward 7 was returned by 1261 majority. Mr. Malcolm in Ward 2 and Mr. Wagner in Ward 4, the only Republican candidates for ward aldermen with opposition were easy winners.

The vote for ward aldermen was as follows:

Ward 1  
John W. Murphy, 537.  
Ward 2  
George F. Malcolm, 521.  
Daniel O'Connell, 390.

MR. EDWIN O. CHILDS, JR.,  
Mayor-Elect

Ward 3  
George M. Cox, 637.  
Ward 4  
Thomas A. Franey, 267.  
William S. Wagner, 325.  
Ward 5  
Joseph W. Bartlett, 583.  
Ward 6  
Robert M. Clark, 414.  
Ward 7  
Henry W. Jarvis, 412.

splendid vote, 580 to 134 for Burr, and his own precinct gave him 301 votes to 11 for Mr. Burr. On the other hand Mr. Childs received but 10 votes in the Chestnut Hill precinct where Mr. Burr resides. In the second Nonantum precinct Mr. Burr received but 6 votes to 267 for Mr. Childs. The Republican leaders anticipated a vote of about 6000, and it is freely admitted that the falling off in the total vote is responsible for the defeat of Mr. Burr, the vote being only 73 per cent of the registration. Those who like to figure out the cause and effect for themselves should look at the following table showing the per cent of vote cast to total registration:

Ward 1.	84 per cent
Ward 2.	77 per cent
Ward 3.	71 per cent
Ward 4.	72 per cent
Ward 5.	66 per cent
Ward 6.	68 per cent
Ward 7.	75 per cent

The Republican aldermanic ticket was elected and its nominees for school committee were unopposed. The hottest fight for alderman at large was between Frederick W. Cobb and Frederic A. Cahill of Ward 5, Mr. Cobb winning by 442. President Blakemore of Ward 1, defeated Lieut. John P. Tierney by 983 votes. Alderman Winslow of Ward 4 had a margin of 1239. Alderman Rice of Ward 6 had

Mr. William H. Rice of Ward 6, chairman of the school committee was re-elected by a vote of 3239 men and 89 women, and Mrs. Harriet A. Peabody was chosen to succeed Mr. Williamson in Ward 3 by 3104 men and 108 women, 114 women voted.

The city went for no license most emphatically. No having 3688 votes and Yes but 1179.

The various referendums were passed upon affirmatively, the eight-hour day being Yes, 2774, No, 1371, the Call Firemen, Yes, 2569, No, 1558, and the city workman compensation act being Yes, 2954, No, 912.

The election passed off quietly without incident. The returns for mayor were promptly telephoned to City Hall and result was known within an hour of the closing of the polls. The last official returns were received at 9:05 P. M. from Ward 7.

### EDITORIAL

The voters of Newton have elected  
as their chief magistrate for the next  
two years one of the most "useful"  
citizens of the community. While Mr.  
Childs has not had all the business ex-  
perience which some of us believe is  
a valuable requisite for the mayor of  
the city, he has the advantage of  
knowing the city thoroughly, has shown  
a level head on many occasions in the  
past, and should, in the main, vindicate  
the faith manifested in him by his  
many loyal friends. Every man who  
supported Mr. Burr in the recent elec-  
tion, will, I believe, stand ready to  
give to Mr. Childs the same earnest,  
sincere and hearty encouragement,  
which they tendered Mr. Burr.

While the defeat of Mr. Allston Burr  
for the office of mayor is a matter of  
deep regret to those who knew his  
splendid qualifications for the office,  
the greatest injury to the city will  
probably be in the future, when this  
defeat will undoubtedly deter men of  
Mr. Burr's calibre from allowing their  
names to be used for this important  
position. If a man like Mr. Burr can-  
not receive the support of a city like  
Newton, it stands to reason that men  
of lesser qualifications will be the  
future candidates and Newton will soon  
descend to the political condition of  
the greater portion of the cities of the  
Commonwealth.

Attention is invited to the appeal in  
another column from Dr. Fred M.  
Lowe, our kind-hearted city physician,  
for donations of old shoes to be dis-  
tributed under his direction. While  
I have no warrant from Dr. Lowe to  
make the statement, I feel certain that  
persons who wish to contribute money  
for this purpose, instead of shoes, can  
be assured that it will gladly be re-  
ceived and wisely expended. Dr.  
Lowe has unusual opportunities to ob-  
serve conditions of this sort, and the  
brain and heart to alleviate them.

Post mortems are seldom useful and  
often create trouble and dissension,  
and yet I believe no one will seriously  
contradict the statement that Mr. Burr  
was defeated by the indifference and  
apathy of Republicans who refused or  
failed to vote. A vote of but 73 per  
cent of the total registration of the  
city on such an important office as  
that of mayor of Newton is a disgrace  
to the electorate.

The decision of the Rev. Jay T.  
Stocking to leave the pastorate of the  
Central Church at Newtonville, will  
be received with great regret by his  
many friends in this city. Mr. Stock-  
ing, during his eight years of service  
here, has endeared himself to many  
thru his ability as a preacher, his  
broad sympathies as a pastor and his  
sterling worth as a man.

The Newtonville Improvement Asso-  
ciation and Mr. John R. Prescott are  
to be congratulated on the booklet  
"Some Newtonville Homes" which  
they have just issued. Intelligent, up-  
to-date methods of this sort will de-  
velop this city in the right direction  
and the Improvement Associations in  
the rest of the city should take heed  
and govern themselves accordingly.

In an editorial last week, I unin-  
tentionally stated that Mr. Childs had  
served about two years as a member  
of the board of health. As a matter  
of fact Mr. Childs was appointed to  
that office in 1908 and has served for  
five years.

It is self-evident that Newton voters  
do not approve of mature considera-  
tion of candidates for mayor and the  
wise nominee in the future will not  
announce his candidacy until about  
four weeks before election day.

Newton again gave its emphatic en-  
dorsement to the No License policy.  
It is evident that the matter of sixth  
class liquor licenses was not an issue  
in the late campaign.

The mythical "City Hall Ring" will  
now be demolished with Mr. T. D.

NEWTON LADIES' HOME CIRCLE  
The Newton Ladies' Home Circle  
will meet on Thursday, Dec. 18th, at  
2 P. M. in G. A. R. Hall, Newtonville.  
Readings and short quotations will  
enliven the time after the business  
session. At the meeting on Dec. 4th  
most gratifying reports from "The  
Department Store" were given and a  
delicious tea was served.

CELEBRATE VICTORY  
The friends of Mr. Edwin O. Childs,  
Jr., celebrated his election as mayor  
of Newton on Tuesday evening by  
marching thru the streets of the city  
with red fire and a band. Mr. Childs  
riding in their midst in an automobile.  
The parade escorted Mr. Childs from  
his home in Nonantum to Hibernian  
Hall in Nonantum square, which was  
packed to the doors. Mr. Childs was  
preceded to the platform by the band,  
and the American flag carried by Mr.  
John Flood. Remarks were made by  
Messrs. P. S. Cunniff, J. S. Cannon, J.  
C. Madden, Chas. S. Ensign and Al-  
derman John W. Murphy, while Mr.  
T. D. Murphy presided in his usual  
inimitable fashion. Following this  
meeting, the procession re-formed, and  
passed thru Richardson street, to  
cheer at the home of Mr. Childs' mother.

On Wednesday evening, Mr. Childs  
was given a reception at the Nonan-  
tum Boys' Club on Dalby street, where  
remarks were made by Alderman Mur-  
phy and Messrs. W. J. Doherty, T. D.  
Murphy, Daniel O'Connell, and George  
R. Stratton. There was still some en-  
thusiasm left, after three hours of  
cheering almost every one was hoarse.

Having Too Many Things.  
Many nervous, irritable, dissatisfied,  
unhappy women would become calm  
and contented if they would store,  
give or throw away half of their be-  
longings. Some have abandoned ele-  
gant residences and taken their fami-  
lies into hotels or boarding houses  
who could have continued to keep up  
their homes if, instead of giving up  
the houses themselves, they had done  
away with the superfluous furnishings.

Doubtful of God's Power.  
"Out of the mouth of babes" fre-  
quently come reproaching, regenerat-  
ing hints of high spiritual value. A  
little girl whose father was very ill  
was asked if she had prayed for his  
recovery. "No," she replied, her in-  
nocent eyes wide and solemn. "I did  
think of it, but then I wondered if  
it would be any use. I know God's  
bigger 'n' wiser than people, but I  
didn't know if he could kill germs."

Love Is Similar to Sunlight.  
How the sunlight seems to watch  
for a chance to get through the small-  
est opening in the clouds! Love,  
which forgives because it is love, and  
which waits for every opportunity to  
manifest kindness, is not going to  
wait to be asked to forgive. Ignore  
the wrongs you receive and think over  
the good that has been or yet may be,  
and the evil will dwindle into noth-  
ingness.—Robertson.

Square Foot and Foot Square.  
There is no difference in area be-  
tween one square foot and one foot  
square, though there may be a differ-  
ence in the shape and dimensions of  
the surfaces. For instance, one square  
foot may be inclosed by a circular  
line, a hexagon, a triangle or a rec-  
tangle. One foot square is an area  
of fixed form, the four sides being  
equal and the four angles all right  
angles.

For the Ironing Board.  
Pad the ironing board with a thick  
quilt or old blanket. Then lay the  
board on the table and cut a piece of  
heavy muslin so it will fit the board  
loosely. Scam it up, leaving the slit  
open at each end. Make two of these  
slips and change them frequently, say  
Mother's Magazine. Thus the  
ironing board is always clean, and the  
padding will not have to be changed  
for months.

Fate of Eight Bridesmaids.  
"Three times a bridesmaid never a  
bride," runs the old matrimonial warn-  
ing; but seemingly there is danger in  
being a bridesmaid once, judging from  
the remarkable confession made by a  
prominent society woman recently.  
At her wedding there were eight  
bridesmaids, all of whom have since  
married, but not one of whom is now  
living with her husband.

Wall Vases.  
Tall wicker vases and baskets of  
many shapes and sizes to hang on the  
wall are favorite flower holders.  
Greys, greens, pinks, browns and  
blues are only a few of the many col-  
ors seen.

## SHE WAS NOT BLIND

By GRACE K. BOSTWICK.

Because he had loved her a long  
time, he hesitated about telling her.  
With the direct divination of a wom-  
an's intuition, she surmised the truth.  
He had been trailing all about the  
subject for several moments, waiting  
the necessary courage. She took the  
matter in hand calmly.

"Why don't you tell me, Day?" she  
asked quietly. He started and looked  
at her uncomfortably. She smiled.  
"Is it sure, this time?" her voice  
was low and even. There was not the  
slightest suggestion of a scene in the  
atmosphere. He pulled himself to-  
gether with a jerk.

"Meg," he said softly, "you're a  
wonder! How did you know?"  
"How could I help knowing?" she  
asked. "I am not blind."

"But I thought—I have been just  
the same," he insisted.  
"Your heart was not in it, that was  
all," she replied sadly.  
"She is not like you," he said hesi-  
tatingly in response to her questions.  
"She is little and pretty and needs  
someone to care for her." Margaret  
started. Had it gone so far already?

"I was not attracted toward her at  
all at first," he explained, "but she  
seemed so helpless and I got in the  
way of doing little things for her. She  
has the sweetest smile and she is—  
O, hang it all, Meg! don't make a fel-  
low tell you such fool things!" he  
buried out uneasily.

"You need tell me nothing unless  
you like, boy." She used the little  
name unconsciously. "You know you  
are not bound to me in the slightest  
way. When are you to be married?"  
He flushed hotly.

"She is very lonely and she is only  
waiting until I can see my way clear  
to—"

"Then you were waiting my con-  
sent?" Her tone was cold. "By all  
means, let it be at once. Delay no  
longer."

He looked at her compassionately.  
"I knew it was going to be hard on

She Stood Erect.

you," he said remorsefully. "I am a  
brute, Meg. I hated to tell you worse  
than—"

"You are very considerate," it was  
not quite a sneer, though he winced  
at the tone.

"You will be—we must always be  
the best of friends, Meg," he half  
questioned. She smiled bitterly.

"Friends? Why, of course; we could  
not be less, could we?"

"And you will come to see her and  
visit us and be quite the same?"  
There was a note of anxiety in the  
man's voice that touched her.

"I can't promise," she said quietly,  
"for I am going away. I had meant  
to tell you before, but I, too, hated to  
hurt you." The sarcasm was lost on  
him.

"We have been such chums—such  
comrades!" his voice broke a trifle.  
"It is hard to say good-bye."

"Yes, it is hard," she assented  
gravely, but without spirit. There was  
a long pause.

"May I kiss you once more?" he  
asked haltingly. She looked at him  
long and searchingly.

"O, you men, you men!" she ex-  
claimed with sudden passion, as she  
looked deep into his eyes with bitter-  
ness of soul. "You take all we have  
to give—all and still—there was a  
sob in her throat—"It's a little game  
to you," her voice was steady once  
more. "A little game that you play  
to the end—and the end is whenever  
the fancy dies—that is all!" He start-  
ed miserably to explain.

"No, you may not! Do you think I  
would have the earcases that belong  
to another? I am not that sort. You  
are free to go to her—it is all right!  
I can say no more. O, go, go, for  
mercy's sake, go!" She stood, drawn  
to her full height, superb, queenly in  
her womanly dignity. He hesitated  
yet for a moment, looking helplessly  
into her face that had lived in his  
consciousness for three short—yes  
and happy years—then he turned si-  
lently and left the room, closing the

## HIS NARROW ESCAPE

By MARY POYNTER.

"You certainly do look good to me  
this evening, Eleanor," said the young  
man with a sigh of satisfaction as  
he deposited his box of confectionery  
on the table and sank into a divan  
corner all with the same motion.

"Thank you," said the pretty girl  
with great sweetness. For an instant  
her eyes rested upon him meditatively,  
and then she hurled her bomb.  
"Albert," she said, "who was the  
girl with whom you were walking  
down Michigan avenue Saturday af-  
ternoon—the afternoon you telephoned  
that we couldn't go to the matinee  
after all, because you had to work?"

"Who—me?" said the young man  
in rather staccato tones, sitting up-  
right with great suddenness. An ex-  
pression of utmost surprise began to  
show on his face.

"Did you think I was referring to  
my grandfather or the president of  
Mexico?" she inquired, crushingly.

"Who," began the young man with  
great indignation. "Told you such a  
ridiculous story? I don't want to re-  
flect on any of your friends, Eleanor,  
but there are unscrupulous persons  
who don't trouble to be sure of iden-  
tifications—"

"I've known you two years," broke  
in the pretty girl, "and I'm tolerably  
sure of my own eyes, Albert!"

"Oh, then you saw me!" the young  
man murmured unthinkingly. He put  
up a protesting hand as she opened  
her lips. "Now, Eleanor!" he said,  
"don't be hasty! If you will stop to  
think, you'll remember that lives have  
been ruined on all sides of us just  
because people have jumped to con-  
clusions! You're too broadminded, I  
know, to do anything like that! Why,  
just think—"

"I suppose that's all true," admitted  
the pretty girl. "But incidentally, who  
was she, Albert?"

The young man regarded her with  
a beautiful expression of reproach.  
He sighed as he shook his head. "I  
can't tell you how disappointed I am,"

"Incidentally, Who Was She?"

he breathed in tones that hinted of a  
stricken heart. "Really, I can't. I  
thought that in you I had found the  
one girl who understood me, and  
whom I could trust. I did, Eleanor.  
And now, this!"

"I don't see how that's got anything  
to do with it," persisted the pretty  
girl. "You break an engagement with  
me in order to keep one with another  
girl and then try to make out that  
you are the injured person!"

"I'm not injured," the young man  
told her. "I'm just disillusioned. At  
your lack of trust, you know."

"I want to know who that girl was,"  
said the pretty girl, decidedly, "and  
what you meant by putting me off  
to go with her! You needn't tell me,  
either, that she was the cousin of  
the head of the firm and he had asked  
you to escort her to the railroad sta-  
tion, nor that she was a friend of  
your sister who had just come to town  
and lost her way, or—"

"Hold on!" broke in the young man.  
"If you take away all the excuses, you  
know, there wouldn't be anything to  
say! I'm quite willing to tell you  
all about her, Eleanor, and how I hap-  
pened to be walking with her when I  
phoned you I was working—I'm will-  
ing, because my conscience is clear,  
and all that! By the way—what were  
you doing down town? You said over  
the phone that you were going to stay  
at home and practice!"

The pretty girl looked pink. "I?"  
she murmured. Why, I went by you in  
Bob's machine. He dropped in right  
after you phoned and invited me to  
go for a ride, with supper afterward.  
So I went!"

"I like that!" said the young man  
in a rising tide of indignation. "When  
you promised me that you wouldn't  
look at Bob, let alone go out with  
him! Deceiving me like that! You  
thought I'd never know and you see  
how fate has revealed your duplicity!  
I'm astonished at you, Eleanor. Now,  
will you kindly explain what you  
meant by doing it?"

"There isn't anything to explain!"  
insisted the pretty girl, a bit waver-  
ingly. "I—"

"Very well!" said the young man,  
getting to his feet with great dignity.  
"I am going now—and when you are  
ready to explain what you meant by  
such conduct you can send for me!  
An engaged girl acting that way!  
Good night!"

"Geel!" murmured the young man a  
minute later as he hastened down the  
front steps. "That was a narrow es-  
cape!"—Chicago Daily News.

—Dr. S. F. Chase of Prescott street  
will have the sympathy of his friends  
in the death last Wednesday at Long  
Beach, Cal., of his brother, Dr. R. H.  
Chase, aged 76 years.

—The Sumner P. Lawrence Rebek-  
ah Lodge will give a whist party and  
dance on Tuesday evening in Odd Fel-  
lows hall. The Colonial Orchestra  
will be in attendance.

—Mr. Marshall L. Perrin, Ph.D., en-  
tertained a large and interested audi-  
ence Wednesday evening at the meet-  
ing of the Clafin Club in the Metho-  
dist Church. It was an illustrated  
talk on "The Sahara Desert" and Mr.  
Perrin, who is a noted educator, trav-  
eler, author and lecturer, told an in-  
teresting and vivid story of per-  
sonal incidents and experiences.

—Mr. George P. Bullard of West  
Newton gave a highly interesting ad-  
dress to the members of the Men's  
Club of St. John's parish at the meet-  
ing Wednesday evening at the New-  
ton Club. His subject was "Tunis,  
Kairouan and the Great Oases of the  
Sahara" and was based on Mr. Bullard's  
own interesting and exciting experi-  
ences in these far distant places. It  
was illustrated by lantern slides and  
photographs taken by Mr. Bullard.  
There was a very large attendance.

### Town's Disappointed Son.

Rube—"Did you hear that Zachary  
and his wife had an awful row at the  
supper table the other night?" Post-  
master—"Did they? What did Zach-  
ary do about it?" Rube—"He got  
right up from the table and went out  
and stayed out until ten minutes af-  
ter nine. If he doesn't reform he'll  
give this town a bad name."

### Refuses to Build a Chaos.

When we try to imagine a chaos we  
fail. Let it be as formless as we  
please, our creation will stand on its  
base; its left will balance its right; it  
will float like a ship, drift as a cloud,  
or swirl as desert sands. In its very  
fiber the mind is an order and refuses  
to build a chaos.

### The Lazy Man's Garden.

It may be said that shrubbery is  
the lazy man's garden. Once planted  
about your home in cool spring weath-  
er, it stands its own sturdy ground,  
culling neither for hue nor backache.  
It defies frost and blossoms perennial-  
ly, independent of your watchful care.

### Judge's Rebuke.

This incident of a judge's rebuke is related in the case of a lawyer of the aggressive and belligerent class. When the latter concluded a speech of great length, delivered in a particularly loud voice, the judge quietly remarked that he had a few observations to make to the jury "now that the uproar in court had subsided."

### Duty as a Reformer.

There is no such reformer as an exacting duty. Note the asceticism of athletes and scouts. The ravages of drink are abated as machinery, with its demand for a clear brain and steady nerves, is multiplied on every hand. Each new stress of business and professional rivalry puts a fresh premium on sobriety and wise restraint.

### An Appreciative Orchestra.

Rubinstein had promised the orchestra players a supper if one of his operas should prove a success. It was a dismal failure, and he went home sadly. Presently the doorbell rang and, behold, there were the players! In response to his looks of astonishment they exclaimed, "We liked your opera!"

### MARION ELEANOR DODD

By RICHARD STRONG.

Many indeed are the sins of the telephone girl—and rightly so. And general indeed is the recognition of these sins by the public. But perhaps telephone girls are aggravated beyond the lot of other mortals, and their good acts are not always recognized as are those which destroy the peace of mind of the telephone public.

For instance, if Marion Eleanor Dodds, an operator at ten per week, had not been full of charity and love for human kind, at least one case of true love would have miscarried and at least two hearts would have gone over the falls.

It became the duty of Marion Eleanor one day to connect Charles Dudley Smythe and Fannie Mayme Kirton on her wires. From the first intonation of Fannie Mayme's voice as she answered Charles Dudley's inquiry as to her health the operator realized that something was wrong. The brief conversation which it was her sad privilege to hear confirmed her first realization. Charles Dudley was all apology and reconciliation; Fannie Mayme was all coldness and reserve. "How mean!" thought Marion Eleanor to herself.

Now the relations of Charles Dudley Smythe and Fannie Mayme Kirton were town gossip—more than town gossip, for they were of the very essence of the town life. The twain had mutually fallen in love, literally at first sight their courtship thus far had been a dream. He ardent and compelling, she tender and receptive. Both proud of the other.

This was their first quarrel, so judged the telephone girl, and judged correctly. It gave her a distinct shock when in answer to Charles Dudley's greeting Fannie Mayme replied in icy tones:

"Well, Mr. Smythe."

There was evident apprehension in the voice of Charles Dudley as he rejoined.

"I beg your pardon, for disturbing you, Fannie."

"Miss Kirton, if you please," came an interruption.

"Yes, exactly, I mean Miss Kirton. I called you up because I wanted to make amends for anything I may have done or said last night which may have seemed offensive. I—I was a trifle piqued at your attitude toward that matter and—and—well, really, I did not mean to be rude or anything, you know."

Her answer came in the same chill tones.

"There is nothing whatever to explain or apologize for, I assure you, Mr. Smythe. I think the less said about our little difference of opinion the better for all concerned. I beg you to excuse me, as I am very busy."

Then both receivers dropped with two very decided chugs.

This episode haunted the telephone girl for the days and weeks which followed, but she spoke no word of it to any human being.

The days went by and the town began to take notice of the estrangement. It began to be whispered that Charles Dudley and Fannie Mayme were seen together no more. Nobody but Marion Eleanor understood the matter at all and she was mum as the traditional church mouse.

Then came her great opportunity. Charles Dudley and a friend were on the wire one day and in answer to some question as to his down-heartedness, Charles Dudley told of his estrangement from Fannie Mayme and broke into the most impassioned protestations of love and despair and self-accusation.

Now it so happened at the very moment when this flood of Charles Dudley's heart's blood broke loose, Marion Eleanor had Fannie Mayme on the wire waiting for a number. Now the telephone girl, being a woman herself, had a very clear idea of a woman's point of view and she already had figured it out. Fannie Mayme would have been glad of a reconciliation if it could come about in a manner so she would do the pardoning and the man would be properly humbled.

Instantly she recognized her opportunity and with Napoleonic rapidity she grasped it. She cut Fannie Mayme into the conversation between Charles Dudley and his friend.

When it was over she cut out the friend and said sharply to Fannie Mayme:

"There's your number."

There was a preliminary skirmish of questions and answers before Fannie Mayme finally discovered that she was connected with Charles Dudley and the friend was out. Then Fannie Mayme said:

"You're a great goose to talk that sort of thing into a telephone for half the town to hear. If you have anything to say to me would it not be wise to come over and tell it to me. You know how dreadfully inquisitive and gossiping these horrid telephone operators are anyway, and they say that snippy little Dodds girl never misses an opportunity to make trouble if she can get people by the ears."

Both receivers dropped again with two thuds and while Charles Dudley hastened to the side of Fannie Mayme, that the billing and cooling might again begin, Marion Eleanor sighed and muttered into the ear of a waiting telephone:

"Now, wouldn't that jar you!"

—Mr. Frank Littlehale of Chestnut street has leased the Petter house on Cliff road.

—Mr. and Mrs. Joseph De Gresse of Summer street are receiving the sympathy of their friends in the loss of their 18 months old son Joseph, who died Wednesday evening.

Tuesday evening the friends of Miss May MacAllister of High street who is to be married to Mr. Basil Durbin of Needham, the first of the year, gave her a miscellaneous shower at the home of Mrs. Charles Batey of Cliff road.

Master Cosmo Salvatore Valente, the 10 year old son of Mr. G. Valente of 92 Thurston road, died Saturday morning after a short illness. Funeral services were held Tuesday morning at the Church of Mary Immaculate of Lourdes, the Rev. T. J. Danahy celebrated high mass. The burial was at the Needham Cemetery.

On Monday evening Kennington Lodge, No. 600, Sons of St. George, held a public installation at Foresters Hall. The following officers were installed by Grand Deputy George Smith of Boston: president, Sampson Shaker; vice president, James Ford; chaplain, William Wildman; past president, George Jackson; secretary, W. J. Paine; assistant secretary, Walter Wallace; treasurer, Henry Heald; inside sentinel, William Yates; outside sentinel, Charles Hopkinson; trustees, George Jackson, Walter Goyson, James Ford. Following the installation remarks were made by Past Supreme President William F. Barlow of South Boston and Grand Chaplain William Platt of East Boston. Light refreshments were served and dancing indulged in until eleven o'clock.

On Wednesday and Thursday afternoon and evening a most successful bazaar was given at the Methodist Church by the Ladies' Aid Society. The features of the Bazaar were the apron table, which was tastefully decorated with red crepe paper and tinsel; the children's table, with its Japanese crepe paper, lanterns, with packages containing toys; the Japanese table appropriately trimmed with fancy articles for sale by ladies dressed in Japanese costume; and the Dutch table, where hot chocolate and candy were for sale by a number of young ladies dressed in dutch costumes, also a Dutch flower girl went about the room selling small bouquets of flowers and a young man dressed in Dutch costume went about with a tray of pop corn and taffy. A pleasing entertainment was enjoyed on Wednesday evening which consisted of a piano duet, Mrs. Samuel Oldfield and Miss May Tambo; vocal solos by Miss Elsie Bishop of Boston, and Rev. James Carlyn, pastor of the church, readings by Mrs. Edna Nagler of Cambridge and violin selections by Mr. Carl Schmidt. On Thursday evening a supper was served in

—The Food Sale at the home of Mrs. Herbert O. Stetson, Pine Ridge road, on Tuesday afternoon, under the auspices of the Women's Guild of the Church of the Good Shepherd was well attended and a very pleasant affair.

—James DeCourcy was killed by a train on Sunday afternoon while walking to the railroad station. He was employed by Mr. Francis Smith of Pine Ridge road, who keeps his horses in a stable on Chestnut street and it was his custom to use the railroad tracks as a short cut to the station and stores. On Sunday, because of the relaying of tracks, trains in both directions were using one track and presumably Mr. DeCourcy was unaware of this, as he left the track on which he was walking to avoid an eastbound train and then resumed his walk on the same track to be immediately struck by a westbound train. He was thrown twenty feet and was picked up unconscious by the train hands and placed aboard the train and taken to Woodland Station, where he was transferred to the Newton Hospital and died an hour later of a fractured skull and other injuries. Mr. DeCourcy had resided in Waban for two years, during that time being employed by Mr. Smith by whom he was previously employed at his Boston business establishment and where he was well liked and had also had made many friends in Waban. Mr. DeCourcy was 40 years of age and is survived by his mother and a brother, who reside in Neponset. Funeral services were held at St. Anne's Church, Neponset, Wednesday morning and burial was at West Quincy.

A patron of a certain newspaper once said to the publisher:

"Mr. Printer, how is it you never called on me for pay for your paper?"

"Oh," said the man of types, "we never ask a gentleman for money."

"Indeed," replied the patron, "How do you manage to get along when they don't pay you?"

"Why," said the editor, "after a certain time we conclude he is no gentleman, and we ask him."

"Oh—yes—I see," Mr. Editor, please give me a receipt," and hands him a V. "Make my name all right on your books."

**The New EDISON DISC PHONOGRAPH**

is a revelation in sound reproducing instruments. It has a tone so distinctly individual, that by all means you should investigate before buying any machine. It is totally unlike any other, every feature of construction being original and new. The diamond point reproducer, the indestructible record, the design of the motor, concealed horn formation, the sound recording of the record, etc., are all exclusive features, also, in addition, the machine has a perfectly flexible attachment, easily adjusted, to play all other makes of disc records. In short, the EDISON DISC PHONOGRAPH will reproduce with perfect fidelity from five to seven thousand disc records. Come and hear for your own satisfaction, or we will demonstrate in your home.

Prices, \$60, \$80, \$150, \$200, \$250, \$275, \$290, etc. up to \$450

## DIES IN TRAIN

Mr. Silas G. Clifford of Henshaw  
street, West Newton, died suddenly  
Saturday evening on his way home  
from Boston on a train which he  
boarded shortly before 11 at the Back  
Bay station. Mr. Clifford was taken  
ill at Allston, and died before the  
train reached Newton where the body  
was taken from the train.

Mr. Clifford was in the hotel busi-  
ness for many years, and had recently  
closed his place in New Hampshire  
and was acting as a clerk at the Cop-  
ley Plaza during the winter, making  
his home with Mrs. Clifford's parents,  
Mr. and Mrs. Charles H. Stacy, on  
Henshaw street, West Newton. He  
was a member of Manchester Com-  
mandery, K. T., and of New Hamp-  
shire Lodge of Masons at Derry, N.  
H. Mr. Clifford is survived by a wid-  
ow.

Funeral services were held from  
the Stacy home on Tuesday afternoon.  
Rev. Julian C. Jaynes officiating, and  
the interment was in the Newton  
Cemetery.

The Newton Browning Circle met  
Thursday evening, Dec. 11, with Mrs.  
Everett W. Varney, 93 Homer street,  
Newton Centre, to read the prologue  
of "The Ring and the Book."

Do you know that your crankshaft  
bearings MUST be perfect if you are  
to have a really silent engine—that if  
these bearings have "play" in them  
that the crankshaft is apt to be forced  
out of "line"? That when your crank-  
shaft is out of line it is on the high-  
way to wrecking your engine com-  
pletely?

Doubtlessly your engine's bearings  
are worn—have "play"—why not then  
have us overhaul your car NOW before  
it's too late?

Genuinely expert work in an ade-  
quately equipped shop—at reasonable  
prices.

Miss GRACE M. BURT, Editor.

The State Federation departments  
are holding their usual conferences  
this season, although the tendency is  
more and more toward sectional or-  
ganization rather than one general one. A de-  
parture this year is a combination con-  
ference when several of the closely  
allied departments will join in plan-  
ning the program. Such a one will be  
held in Cambridge by invitation of  
the Cantabrigia Club on January 23  
and will be called a Social Service  
conference. Another will take place  
some time in March. The Civil Service  
Reform department has secured the  
Bijou Dream for its conference on  
January 15, when it is expected the  
new motion pictures illustrating the  
history of civil service reform will be  
exhibited for the first time. No one  
person can attend all the conferences,  
but attendance on a few of them is  
enlightening as to the real scope of  
work being done by the Federation.

## Local Happenings

On Dec. 8 the Monday Club of New-  
ton Highlands considered some of the  
literary men of our country and se-  
lections from their works. Mrs. J. G.  
Holt presented a paper upon some of  
the Prose Writers. Mrs. W. B. Hyde  
read an account of the Brook Farm  
experiment. This was followed by  
readings by the president, Mrs. H. E.  
Williams, and vocal music by Mrs. M.  
F. Wallace. "The Scum of the Earth,"  
a poem written by Robert Haven  
Schaufler, was read by Mrs. Hiram A.  
Miller. Mrs. W. M. Nick read the  
poem of Whittier's poem and Mrs. L. H.  
Marshall several of Emerson's poems.Mrs. Albert F. Hayward was hostess  
for the meeting of the Newton High-  
lands C. L. S. C. on Monday afternoon.  
She was also in charge of the work.  
Three groups of islands, Madeira, Az-  
ores, and Canary were treated. Of  
Madeira it was stated to be the  
largest of volcanic origin, and only  
two islands are uninhabited. The in-  
habitants being Portuguese, Moors and  
negroes. Madeira itself is the largest.  
Is famous for its wines and possesses  
a wonderful climate, making it a re-  
sort for invalids. It is a veritable  
land of flowers and every thing that  
will grow anywhere can be produced  
there. The Azores are in reality At-  
lantic Islands. In 1346 appears the  
first mention of them upon Spanish  
maps. They, too, are of volcanic ori-  
gin. Fayal, the most important, ranks  
highest in social and commercial life.  
The Canary Islands are in two groups  
and six of the islands are uninhabited.  
The inhabitants are much like the  
Spaniards, but are darker in complex-  
ion. The wild canary is said to be  
green in color in its wild state, but  
turns yellow on being captured. The  
poor people use the cuttlefish for food.  
Great Canary Island is the most fer-  
tile and possesses mineral springs.

## WOMEN'S CLUBS

(Continued from page 6)

At the meeting of the Social Science Club, Miss Ellen Emerson of the Women's Municipal League of Boston, spoke briefly of extension work which the League has recently established in Newtonville, a nursing station whereby people of moderate means may have the services of a nurse at prices ranging from \$8 to \$18 a week. The office is at 22 Bowers street where is stationed a graduate nurse who will supervise the work of the attendants. Miss Emerson asked the members' interest and co-operation in making known this possibility.

The regular speaker of the morning was Dr. Ralph Kendrick Smith, who had been announced to speak upon "The Ventilation of the Public Schools," but in reality broadened it into a talk upon general ventilation and sanitation bearing upon the growth and development of the child in the public school. He prefaced his remarks by saying that time was when the physician was not expected to do much talking, but at the present day the physician is doing more preaching and the preacher is doing more practicing. In speaking of ventilation he touched upon the common theory that oxygen is essential and that carbon dioxide is deadly and also upon the recent theory that the presence of carbon dioxide is not necessarily injurious, but that air must be moving, must not be overheated nor over moist. Dried air is injurious being less resistant to bacteria. While not fully accepting this latest theory Dr. Smith says that moist air feels warmer and advised the use of some sort of apparatus to raise the humidity of rooms, especially those that are artificially heated. The normal average humidity is 70 degrees, but in furnace heated houses it is seldom over 40 degrees. Ventilation, he said, should come from above, and he cited the new Home for Crippled Children as having windows at the top of the room on opposite sides and thus giving free draft. The physician in charge had told him that they had never had a case of cold nor sore throat among the children since they had moved into the building. The speaker called attention to the fact that the busy time for doctors is not in the summer when the schools are closed, but in the fall and winter when they have been opened. Children are unhealthy, he said, because of the schools and the homes. Buildings and clothing are the two greatest causes of disease. We wear too much clothing. He then spoke of the great importance of caring for colds as soon as they appear, for they are the beginning of a great percentage of the serious diseases. In touching upon general sanitation he advised dusting with moist or oiled cloths, never with the feather duster, urged the care of the teeth very early in the case of children, the first teeth as well as the second, and living out of doors in the sunshine and fresh air in order to defeat disease. Dr. Smith was listened to with close attention and the numerous questions afterward were indicative of the interest he had aroused.

On Wednesday afternoon the Pierian Club continued the study of South America with a paper upon Chile by Mrs. Brown. Mrs. Mills as a current events topic read Dr. Cabot's article in which he gave his opinion of the play, "Damaged Goods."

The Waban Woman's Club met in the Union Church vestry on Monday afternoon, December the eighth. The State Federation Delegate, Mrs. Florence Kimball, gave a most interesting and complete outline of the meeting at Whitman, and the report of the Educational Committee showed what splendid training the Newton Technical High is now giving. The Tragedy of Nan was wonderfully well read and acted by club members. Mrs. Arnold gave a short introduction explaining conditions at the time of the play and Helen Patterson read a prologue. The scene takes place in rural England in the year of 1818 and the action centers around Nan whose father was hung for the killing of a sheep, although later proved innocent. Mrs. Collar was Nan, Mrs. Isola, the disagreeable aunt with whom Nan lived.

## SOME NEWTONVILLE HOMES

A completed copy of the booklet, entitled Some Newtonville Homes, gotten out by Mr. J. R. Prescott, under the auspices of the Newtonville Improvement Association, proves to be even more attractive than was intimated in our notice last week. Its object is to make Newtonville better known to those who are looking for a high class suburban location, and so ensure its continued development in the right direction. In furtherance of this, there are 170 illustrations—many of them full page—scattered through its 72 pages, with interesting text describing Newtonville's advantages. The illustrations are beautifully engraved and printed, and the large central plate covering the two middle pages of the book is worthy of a frame. It is doubtful if any other suburban place has received such artistic publicity as is here given.

As an aid to real estate agents handling Newtonville properties, it must give a distinct value, which is further enhanced by an excellent folding map in two colors, with larger tracts of land that are undeveloped or for sale plainly indicated.

The book is unique in omitting all advertising and write ups, and being wholly impersonal in what it treats of. It is intended to represent no interests except those of the village and city at large, and the attractions of the other Newtons are happily referred to in the preface and otherwise. The book is something Newtonville residents will naturally take a pride in sending out as a beautiful souvenir. For further details see notice in another column.

## MOUNT IDA SCHOOL

On Saturday evening the School will give a formal dance in the school hall. This is the annual Christmas dance the first in a series of formal dances given during the year. Young men from Harvard, Yale and Dartmouth, will be among the invited guests. The school will give an organ recital Wednesday morning at 11.15 at the Mt. Ida School. He will be assisted by Mr. Albert F. Pickernell, tenor. A program of 11 numbers has been arranged which will include works by the celebrated composers.

Mr. J. B. Willis editor of the Christian Science Monitor will address the students this evening on the subject "The Higher Values of Life."

A large number of the students leave Wednesday for their homes in distant States; Miss Carol Percy will go to her home in Redlands, Cal.; Miss Beth Bliss goes to Prescott, Arizona, and Miss Sallie Cummins to Donnon, Texas. A party of ten will go to Chicago and several to their homes in Virginia and Kentucky. The teachers at the school will all go to their respective homes. Sessions will be resumed on Thursday, January 8th.

Mr. and Mrs. Jewett will remain at their home and at the school during the vacation, when the entire school will be renovated.

## AFTERNOON TEA

Mrs. Israel Robinson was the hostess at a charming tea on Friday afternoon at her residence on Plainfield street, Waban.

The reception rooms were elaborately decorated with Killarney roses, maidenhair ferns, palms and southern emulax and Mrs. Robinson received from 4 until 6.

A string orchestra was in attendance and furnished a delightful program of music.

Mrs. William H. Oaks and Mrs. Augustus Champlain of Waban poured, and were assisted by about ten of the young society girls.

A large company of guests prominent in social circles were present from Boston, Providence, Woonsocket, Waterbury and the Newtons.

—The third in the series of entertainments under the auspices of the Auburndale Village Improvement Society will be given Thursday evening, in Norumbega Hall. Harry Raymond Pierce and Juliette Spencer Pierce will be the attractions. The Pierces have a charming and winsome personality and their portrayals are true to life whether the type be taken from society or quaint rural life and the entertainment promises to be one of the most pleasing in the series.

## OLD SHOES

### Letter No. 2

The results of my letter last year, asking the people of Newton to send to the Charity Department of the city any worn shoes that could be spared was so great that I am prompted to try again.

As a result of the first letter, nearly one hundred and fifty pairs of good serviceable shoes were received and given out to those who needed them most. In general, "The foot came to the shoe" and was fitted. No shoes were sent home on trial, although some requests were made. The demand for the shoes, especially the children's sizes, was so great that the rule, "The shoes must fit" was closely adhered to. Only once to my knowledge was it broken. I plead guilty. A little fellow among the first to apply, caught sight of a pair of high, tan, skating boots, the kind that buckle above the lacing. He made a grab for these shoes, quickly put them on, they were too long. "Johnny, you will have to try some others, those are too long." "O, mister, please give me them shoes, why? If you only will, I'll put some cotton in the toe, and then they'll just fit." The boy got the shoes. The school nurses were asked to be on the watch for poorly shod feet among the children in the school room. They found many, and willingly attended to the fitting of the shoes. Quite a few pairs were sent to the Associated Charities to be given out by Mrs. Martin, the Secretary, and many more were fitted at the Charity Department rooms in the City Hall. Today the demand for shoes is greater than ever—the season is ripe, white snow and worn out shoes make an unfortunate combination. The feet should be kept warm and dry. Won't you help to carry out this idea? Mothers, it is a mighty busy time with you now. Christmas time always is; among other things you intend to get new shoes for your child, but can't you "Shop Earlier" and thereby find time to get together the OLD shoes for another's child? Send them to the Charity Department, City Hall, or if not convenient, drop a line, and they will be called for. It may be that wrapping paper is scarce in your home, wouldn't it be easier for you to wrap the shoes in some underclothing, something to keep a child warm?—then a safety-pin,—now all's complete. —For you, how much easier and for our purpose, how much better.

The writer herewith desires to express his appreciation and thanks to the city press for their all-willingness to put before their readers his efforts to promote a worthy charity.

F. M. LOWE,  
City Physician.

## PLEASANT SURPRISE

Mr. Edward A. Dexter was tendered a very pleasant surprise on Tuesday evening by members of the Garden City Encampment.

A party of twenty assembled at his residence on Eddy street, West Newton, at about 8 o'clock and the first intimation Mr. Dexter had of the affair was when the approach of his friends was heralded by the illumination on his lawn with red fire and the loud beating of a drum by Mr. Herbert MacKenzie.

Mr. Charles W. Fewkes presented him with a very handsome Morris chair in behalf of the members, and Mr. Dexter, who was completely overcome with surprise and gratitude, responded most felicitously.

An evening of rare enjoyment followed, and a collation consisting of ice cream, frozen pudding and cake served under the direction of Messrs. Hiram W. Forbes, Fred E. Perkins and Charles W. Fewkes.

## RECEPTION

Mrs. John C. Wyman entertained a company of guests at a reception on Wednesday evening at the Highland Villa, Newtonville.

The reception rooms were lavishly decorated with chrysanthemums, roses, carnations ferns and southern smilax and Mrs. Wyman received from 7 until 9. She wore a beautiful gown of black silk with Duchesse lace trimmings.

In the dining room where refreshments were served, the decorative scheme was white and yellow, with Pearl de Jardin roses and Marguerites attractively arranged on the table.

The pourers were Miss Clara Holmes of West Newton and Mrs. Henry Jenks of West Wrentham. Guests numbering 100 were present from Boston, Providence and the Newtons.

### THE PERSONAL GOD

A very interesting and scholarly lecture on the subject of "The Personal God" was given last Sunday evening at the Church of the New Jerusalem, Newtonville, by the Rev. Henry Clinton Hay of Boston. It was the first of a course of eight lectures by different speakers, the next of which will be given next Sunday evening by the Rev. Paul Sperry of Brockton on the subject, "A Key to the Scriptures."

Mr. Hay, in his lecture, spoke in part as follows:—

In his address to the British Association for the Advancement of Science, Sir Oliver Lodge, its President, calls attention to the fact that the continuity of the ether is a working hypothesis upon which all of our progress is being made. For without it there is no way of conceiving of how light, heat, electricity, and other forms of force, flow from the sun, how the stars shine, or how the Volturno, burning in mid-ocean, could call other steamships far away in all directions to her aid, or how the least atom of matter can have physical and chemical relations with other atoms. The question then arises, how does force, or life, come into this vast sea of ether? Materialistic Evolution seems to account for it by the hypothesis that it is generated by the contact of its own particles acting and reacting upon one another, so that each becomes a producer of the life of the whole, and the whole the producer of the life of each. And in this process mind is evolved as the determining part of the process, an attribute of force. Thus mind is in the making with the universe of which it is a part. This universal mind is in the place of God. It has personality in its highest forms in individuals, but not in its universality as God.

Now because this is the God of Scientific Evolution we are not to imagine that all natural scientists worship such a God. Many of them leave the conception behind in their laboratories when they go to church or go home and with their children bow before the heavenly Father. Indeed, Sir Oliver Lodge in this very address points out the inadequacy of this conception of ether to account for the phenomena of mental experience; and suggests the need of a personal God to design and create the universe, filling the ether with His power.

Nevertheless, this hypothesis of natural evolution is having a great influence upon the thought of our day. For instance, let us refer first to an article on "The Layman's Needs," in the Hibbert Journal: they are found to be an answer to the questions, What is the Nature of the Power within us that Makes for Righteousness? and, What is the Nature of the Ideal towards which we should bend our efforts? Is the Power personal, or is it the collective spirit of humanity? When we speak of God loving and caring for us do we mean a distinct Person, or do we mean the best in humanity as a whole loving and caring for us? Another writer sets forth the God of Democracy, saying, Democracy is a matter of less importance to the government is from within society, operative through the actions and reactions of each and every member; to conceive of one being radically different from all others to rule, would be to return to the biological, oligarchical spirit of a class-constituted society. The democratic conception is of a God that is ourselves, a God in the making, growing with the growth of the world, suffering, sinning and conquering with it, a God that is the world in the spiritual unity of its mass-life. This pantheistic conception is not so new as it seems. It originated in the Garden of Eden when the material sense-life, symbolized by the serpent, tempting humanity whispered, "Dying ye shall not die; for God doth know that in the day ye eat thereof your eyes shall be opened and ye shall be as God." And the great Oriental religion of today, descended from that ancient church, and now sending its teachers into the Occident, still holds to this doctrine of God as the universal mind of which every soul is a part.

Even Lyman Abbott, in the Outlook, is influenced by this doctrine of the Spirit as an omnipresent ether, although he insists upon its Personality as the Heavenly Father, the Fountain of life, and faith, and hope, for Christ and for men who are his brethren.

Emanuel Swedenborg renders remarkable service in showing just how God is related to this ether, or universal aura. This he could do the better because he was himself pre-eminently a natural scientist before he became a theologian. In his "Principles" the nebular hypothesis was worked out to completion before it had entered into the thought of any other man. Laplace was born in 1749, and Swedenborg's discovery of the nebular hypothesis was published in 1774. In that connection he presented a series of ethers which has not yet been equalled by the scientific world; and in his theological works he showed how within and above them is a series of spiritual ethers in which the souls of men are created, and live and move and have their being. And all these ethers have been projected by God from His own substance in successive order, so separated and held apart that they are not Himself; and yet can serve as media for the transmission of spiritual and natural forces to the descending planes of spiritual and material creation. Thus God is Spirit creating from Himself a spiritual universe which is not Himself, but consists of human spirits receptive of spiritual life from Him, and clothed upon by natural bodies and a natural universe. This spiritual universe peopled with generation after generation of human beings is the collective mind, the universal spirit, in which the speculative philosophy of modern science has become so interested, the subject of Psychical Research. This is what is so often mistaken for God Himself. Swedenborg shows how God is within and above it, abiding in it but not created by it. Evertheless it is true that everything good and wise, beautiful and blessed in it, is from God and is His own. So we see Him manifested in His works. And when all mankind failed to thus reveal Him, all His love, wisdom, and power of righteousness which He had thus made manifest in them, and in them failed to begin, and which filled the heavens with His glory, became incarnate by birth from the Virgin. By death, dying daily to all that was evil and finite from the mother, He brought forth this Divine-Human of the Father in the Resurrection and Life Eternal and Infinite. Thus in our Lord Jesus Christ glorified "dwelling all the fullness of the Godhead bodily," and in Him the Personal God abides with us in person.

### RAPPOLD AND de GOGORZA CONCERT

A concert of peculiar attractiveness is scheduled to be given in Symphony Hall next Sunday afternoon, December 14th, at 3.30. It will be a concert of songs for two very fine French artists, Madame Marie Rappold of the Metropolitan Opera House, New York, and Mr. Emilio de Gogorza, the baritone. There will be six groups, each of the artists singing three. Madame Rappold's first group will be German songs by Schubert, Rubenstein, Roger and Strauss. Her second group will comprise a French song by Bachelot, one by Dvorak and two Puccini arias, while her last group will be songs in English. Mr. de Gogorza's first group will comprise French songs by Hue, Debussy and Faure and one Russian song by Moussorgsky. His second group will be songs in English by Hatten, Sidney Homer, Bruno Huhn and incidentally the charming old English Ballade, "Sally in our Alley." His last group will be five Spanish songs which he sings so intimately.

### MR. WEEKS'S SPEECH

It is very gratifying to Massachusetts men to read in the New York and other newspapers, uninfluenced by our own local considerations, of the exceptional interest which the two-hour speech of Senator Weeks, delivered in the Senate yesterday, called forth. The New York Times declares him the best equipped man on the Republican side of the committee. Its correspondent reports that morning of the Senate to all that Mr. Weeks had to say. The strength of his position, as any one who reads his speech will see, lies in its eminent judiciousness. He has been trying from the start to get a bill, and then to get as good a bill as possible. The idea of making political capital, at the expense of the nation's welfare, has never entered his calculations. Instead he has pressed forward with patriotic purpose and unflagging diligence for the best obtainable solution. Massachusetts is glad to be represented in this debate of far-reaching influence on the business future of the land, by a senator of broad comprehension of the subject and an eminently judicial way of viewing it.—Boston Herald.

### KILLED BY TRAIN

James De Courcay, employed on the estate of Francis S. Smith, Pine Ridge road, Waban, was killed by a B. & A. train Sunday afternoon. He was walking to the Waban station and stepped off the inbound track to avoid a train to Boston. When it passed De Courcay stepped between the rails again, not aware that because of track relaying an outbound train was following him. The engine applied brakes and blew his whistle but De Courcay turned his head too late and was tossed several yards by the locomotive. He died at the Newton Hospital of a fractured skull and other injuries.

De Courcay, who was 55 years old, had an elderly mother living in Neponset. For 20 years he was employed as a teamster by C. B. Smith & Bro. of Boston. So faithful was he and in such high esteem did his employers hold him that when his health failed Francis S. Smith, a member of the firm, brought him to his home in Newton as a pensioner.

### DEBUTANTE TEA

Notable among the society events of the past week, was the reception and tea given by Mrs. A. Dudley Dowd of Berwick road, Newton Centre, on Saturday afternoon at the Hotel Tulleries, to introduce her daughter Miss Madeline Dowd.

It was a most pretentious affair and the ballroom at the Tulleries was beautifully festooned with evergreen and decorated with laurel, mistletoe and Christmas wreaths.

Mrs. Dowd and the debutante received from 4 until 7 in an alcove in the ball-room, which was converted into a bower of laurel and chrysanthemums. In the dining-room the decorative scheme was pink and white with Killarney Queen roses and lilies of the valley in effective arrangement on the tea tables.

Miss Dowd looked extremely pretty in a very becoming gown of white charmeuse with tunic of gold lace and bows of black satin, and carried a debutante bouquet. Mrs. Dowd wore an exquisite gown of reseda green charmeuse with lace and silver trimmings and carried a bouquet of green orchids and lilies of the valley.

Poole's Orchestra was in attendance and furnished an excellent program of music for dancing, which was one of the pleasing features of the reception, and participated in by nearly all of the guests.

Among the young ladies who poured, were the Misses Eleanor Dowd, Esther Cooke, Harriet Sweeney, Theo Roberts, Gladys Flanders, Frances Stevens, Doris Badger and Charlotte Flanders of Newton Centre; Miss Frances Withers of West Newton, Miss Ruth Sherburne of Lexington, Miss Christina Snelling, and Miss Eleanor Greenwood of Boston and Miss Helen Krausse of Portland, Oregon.

Guests of social prominence numbering 350 were present from Boston, Brookline, Lexington and the Newtons. Among the guests, was Mrs. William L. Mellen, an intimate friend of the family, who came over from Pittsburgh, Pa. to be present at the reception.

## LAST MEETING OF ALDERMEN

### Midnight Session To Close Up the Business of the Year

The closing meeting of the board of aldermen of 1913 was held Monday evening and lasted well past midnight. President Blakemore was in the chair and Aldermen Hatch, Winslow and Jamieson were absent.

No one appeared at hearings on Edison poles on Thornton street, or on applications to keep gasoline from Geo. Hutchinson, Chestnut street, W. J. Lander, Lenox street, Kristian A. Juthe, Homer street, and Solomon Young, Ballard street, all of which were granted.

Appointments of a Planning Commission composed of Charles E. Gibson, chairman, Alfred E. Alvord, for three years, Geo. Royal Pulsifer, Howard P. Converse, for two years and Vernon B. Swett for one year was opposed by Alderman Richardson who took the ground that with a new administration coming in power it would be more becoming to allow this matter to wait over until next year. The new mayor should consider this matter as there should be cooperation between him and this commission, if the best results were to be obtained. In addition the alderman thought it would be appropriate to have a member of the aldermen on the commission. Alderman Blanchard stated that the mayor had been urged to make these appointments before the end of the year, and that the mayor elect had been consulted in regard to them. The appointments were then confirmed.

The appointment of Oswald J. McCourt as Overseer of the Poor was also confirmed with one negative vote.

The school committee called attention to the interior ventilation, defective floors and lack of proper filters and oil separators at the Technical High School and an order for \$300 for a filter and separator was subsequently adopted. An order for \$3000 for proper ventilation at this school was the subject of considerable debate, the Finance committee recommending that the amount be reduced to \$1000. Alderman Pratt in answer to questions said that \$3000 looked like a large sum to spend on a few rooms and it was felt that a smaller amount would make the necessary changes and would allow for an expert opinion on the whole matter. Alderman Barker said that it was imperative that some immediate relief should be given for pupils were being afflicted with nose bleed and instructors were overcome by the foul air. The \$3000 was based on estimates made by Mr. Murray, and endorsed by Commissioner Forbush. Alderman Richardson said that Mr. Murray had planned a ventilation system in another part of this school which did not work well and the \$1000 would at least relieve the situation somewhat. Alderman Alley called attention that the \$3000 was for five wards. Alderman Cox thought the board had begun at the wrong end. We should have an expert opinion to start with and he didn't believe a High School teacher or the Finance committee had ability to plan a ventilating system. Alderman Sullivan said that the board had already approved \$3000 for this matter by placing it in the budget for next year. The order for \$1000 was then defeated having only 4 votes in favor. The discussion continued however, Alderman Richardson saying that Mr. Nutter of the school committee, a practical mill man had given the Finance committee some estimates of the cost of air ducts and Alderman Barker said that these rooms were in the inside of the building with no outside air. Alderman Murphy believed it unwise to pass any order this evening and said that Mr. Murray was not an expert. Alderman Richardson suggested \$150 for plans of this ventilation, saying it was too bad that this matter, so important to the health of the pupils should be put off. This order was subsequently increased to \$300 and passed without opposition.

Petitions of Estates estate, Waban Hill road and G. F. Elliott, Brooks avenue for apportionment of betterments, of A. G. Baker for wagon license, of the Telephone Co. for attachments on Chestnut street, and of the Edison Co. for poles on Bridge street, Belmont street, attachments on California street and to remove poles on California and Belmont streets were granted.

On report of the Finance committee the items in the annual appropriation order for 1914 voted by Mayor Hatfield were passed unanimously over the veto.

On recommendation of the City Engineer \$214 was ordered paid as awards for land taken for widening Grove street.

Alderman Bemis explained the report of the Finance committee, returning without recommendation the request for \$1000 emergency appropriation for maintenance of streets, saying that the committee was in a peculiar position. It did not feel called upon to recommend appropriations and grants for the Street Dept. because obligations had been incurred by city officials without authority. He believed however that the board had no other recourse than to appropriate some \$4000 for Street Maintenance for the balance of the year. Alderman Pratt said that an accountant had been at work on the Street Dept. books and reported that there was an overwhelming mass of detail. The trouble was due in his opinion to erroneous estimates and lack of a proper system of accounts in the Street Dept. He found that the appropriations for the department were \$109,805 and that to Dec. 1st, about \$100,730 had been expended with \$4389 of unpaid bills on hand. After a long recess for committee meetings, this matter came up on an order from the Finance committee, adding the balance of the 1913 street railway tax to the Street Maintenance account, some \$4900 and specifically detailing how the money should be expended. This order was adopted.

Leave to withdraw was granted Antonio Volante to play a hurdy gurdy in the streets and on pole locations of the Edison Co. on Centre street, Ward 8 and Old England road, and on petition of Mr. Emery Newcomb.

## KEY TO SCRIPTURES

Sunday Night Lecture at the New Church, Newtonville

A very interesting and instructive lecture was delivered by the Rev. Paul Sperry of Brockton, Mass., at the Church of the New Jerusalem, Newtonville, last Sunday evening. There was a large attendance. Mr. Sperry's subject was "A Key to the Scriptures," and he spoke in part as follows:

A most valuable introduction to the interpretation of Scripture is to be found in the first few verses of the fifth chapter of the Book of Revelation, where John says, "I saw in the right hand of him that sat on the throne a book written within and on the backside, sealed with seven seals. And I saw a strong angel proclaiming with a loud voice, Who is worthy to open the book, and to loose the seals thereof? And no man in heaven, nor in earth, neither under the earth was able to open the book, neither to look thereon. And one of the elders saith unto me, Weep not; behold the Lion of the tribe of Juda, the Root of David hath prevailed to open the book, and to loose the seven seals thereof." The book is easily recognizable as the Word of God, the Bible. The assertion is that it is written within and on the backside; its meaning is not all upon the surface and self-evident. It has a hidden significance as well as an outward statement. It is sealed with seven seals, so protected by the nature of its outward form, that the would-be profane cannot penetrate to its secrets. No man could loose the seals because the book contains infinite wisdom which transcends complete human understanding. The Prince of the House of David, the Lord Jesus Christ is described to be the Revealer, the Interpreter of the book of mystery.

To be ready for a consistent interpretation of Scripture, one must recognize it to be the veritable Word of God, a specific message from Him, to tell man, not history, but the facts of spiritual life. It must therefore be written in language which man can understand when instructed, but which he cannot know and profane if he is not spiritually open-minded.

To be prepared for a proper interpretation of Scripture one must know something concerning the nature of creation, the constitution of the unseen and the visible realms, and the relations existing between them. The first verse of Scripture tells us, as the key-note of the Word's whole message, "In the beginning God created the heaven and the earth." The world of spirit and the world of matter, the immaterial realm and "the material universe, the sphere of the soul and the plane of the body, in these two degrees of creation are the effects of

## TRADE IN NEWTON

Auto Parade and Band Concert Arranged by Business Men

The Newton Business Men's Association will hold a unique demonstration tomorrow night, weather permitting, when it will ask the people of this city to TRADE AT HOME, by a parade of decorated automobiles, headed by an auto truck, containing the Cambridge City Band. The parade will form near Nonantum square, Newton, about seven o'clock and will pass thru the business sections of every part of the city, the band playing a selection in each village.

This demonstration is arranged with the intention of providing an attraction to keep our people at home on Saturday night and to show that the business men of the city are alive to the opportunities for trade in this city.

## NEWTON EQUAL FRANCHISE ASSOCIATION

The executive board of the Newton Equal Franchise Association met Wednesday morning at the home of the president, Mrs. William Lloyd Garrison, Jr., on Temple street, West Newton. Miss Margaret Hatfield reported on the giving of a play for the benefit of the Association after Christmas. Mrs. John Leonard of the Mass. W. S. A. outlined the work Newton needed to do in preparation for the passage of the suffrage bill in the Legislature, and also presented the subject of the proposed Suffrage Parade in May in Boston. Mrs. W. E. Birdsell told of the proposed Poster Campaign against Liquor in Newton on Feb. 12, a mass meeting for which will be held on Jan. 27. The Association endorsed the movement. Plans were made for an open meeting in the interest of suffrage soon after Christmas.

## THE CHRISTIAN FORUM

### Eloquent Address By Miss Maud Ballington Booth On Prison Reforms

The December meeting of the Christian Forum in Elliot Church, last Sunday evening, attracted an audience which filled every seat in that large edifice. Mrs. Maud Ballington Booth, head of the Volunteers of America, made an address on "The Problem of our Prisons and how to solve it." Mrs. Booth was an eloquent and interesting speaker, who held the attention of the large audience with perfect ease. Her voice was clear and could be easily heard and she used it with telling effects, especially in pathetic periods.

Mrs. Booth said in part:

"I am very happy to-night to have the opportunity of bringing here to this great audience the message with which my boys have sent me out from the prison world to which I belong. I have come to you straight from prison, for my last audience was this morning in Charlestown, and as I look into your faces I think of the happy homes you represent and I cannot fail to see that audience of men who faced me this morning; they seem to rise up behind you, and the message that comes to me from their aching, disappointed hearts is the message that I bring to those who are here to-night within sound of my voice.

I have travelled from New York to San Francisco, and from the coast of Maine to the Gulf of Mexico. I have visited all the great prisons in this country, not as a stranger, but as one who belongs to the boys, and I am glad that I can come to you on a similar visit, as a messenger of those whom I am interested in. I do not bring you this message from a certain class, for I do not believe in criminals as a class, but as one who has studied the heart and life of the individual prisoner, and have pursued that study until it has covered the lives of thousands of men, so that the message that I bring to you to-night is the message from the prison cell.

Dear friends I feel like shouting that it is up to you and God to see that these poor people within the walls have a fair chance to make good. There was a time and I can remember it well, when there was a great deal of criticism and misunderstanding in the world concerning the man behind the walls. You would appeal to people for their sympathy and they would tell you that you were a sentimentalist. You would tell them something of the wrongs of those who never had a chance and they would stop up their ears and say "they had made their beds and let them lie in them."

There are certain people to-day who think as the home, the church and the school have failed with a man, the state must take him up and make him over again. If he is not fit for society

## EDITORIAL

Conditions at the Emerson and Technical High Schools indicate that something was radically wrong in the construction of these two buildings. The Technical High School has proved a constant burden of expense for matters which apparently ought to have been foreseen and guarded against by the architect in the first place. In the meantime the children attending these school buildings suffer the consequences.

The Newton Business Men's Association is endeavoring to arouse some interest among the business men of this city and to bring their slogan, "Trade in Newton," to the attention of every householder. If similar organizations can be formed in the other parts of the city, it might prove desirable to amalgamate them later into a Newton Board of Trade for mutual conference and assistance.

The re-nomination of President Arthur W. Blakemore to preside over the board of aldermen of 1914 is a deserved recognition of his work during the past year. Mr. Blakemore is a good parliamentarian, presides with dignity and despatch and, moreover, is most careful to take the floor when he desires to express his own opinion on matters under consideration.

The personnel of the new Planning Commission for this city is of the highest standard and promises good results for the city. While I personally believe these appointments ought to have been left for the incoming mayor, Mayor Hatfield was under considerable pressure from the state authorities to take the action he did.

Sarah Hull Chapter, Daughters of the Revolution, have added a new mark to their patriotic work in this city by placing a memorial to one of the noted women of the Revolutionary period on the grounds of the Technical High School. Long may it stand and express the highest form of patriotism to young and old alike.

Few candidates for political office have taken defeat so philosophically as Mr. Allison Burr. Mr. Burr not only refuses to indicate any regrets at what might have been, but expresses the sincere and most cordial wishes that Mr. Childs "may prove to be the best mayor Newton ever had."

Your own Christmas will prove all the sweeter if you have made the day a Merry Christmas for those less fortunate than yourself. Try it and see.

## UNITARIAN CLUB

Speaking to the Unitarian Club last night at Channing Church on "Juvenile Delinquency," Judge Harvey H. Baker of the Boston Juvenile Court declared that the boy of today is no more lawless than his predecessor of half a century or even a century ago, when allowance is made for the denser population, the restriction of the boy's tendency of "blow off steam" by life in tenement and apartment houses and the absence of home tasks which once took up a large part of his hours out of school. "If the eighth grade in your grammar school were to take the master out on a winter's day and pitch him into a snow drift you would be sure that your boys were on the road to perdition, and yet we have all heard from our grandfathers that this was a usual happening when a new master took the district school for the winter term—though probably it didn't happen as often as our grandfathers have told us." Work in the juvenile court, he said, has convinced him of the great necessity of supervised playgrounds and municipal gymnasiums in the congested districts, to direct the energy of the children in proper channels. It is a common feeling that the law is more lax in dealing with juvenile offenders than formerly, but this is an entire misapprehension, as the courts have practically the same power in this respect as before the law of 1905, but with larger duties in regard to probation. The probation system accomplishes great good when wisely administered, but if it is left to one probation officer to handle 3000 cases a year, as in some courts, it becomes a mockery. Judge Baker gave interesting instances of the working of the law and felt that it had accomplished results of great value. He commended especially the work of Judge Kennedy in the Newton police court in this department.

## HORSES FOUND WILD HOME

Wrecked Off Chincoteague. They Have Increased and Multiplied in Great Numbers.

When the outside world hears of Chincoteague, it is usually on account of the half-wild horses that roam over the stretches of the island and of Assateague; strong, shaggy, small creatures, somewhat larger than the Shetland ponies, who plunge boldly into the salt water when they want to swim to some little toothsome inlet of marsh grass. These animals are supposed to have been cast away on Chincoteague from some wrecked vessel in the eighteenth or perhaps the seventeenth century, and, in the course of time, to have degenerated in size.

They came to a good haven, for there are five different kinds of natural grass to feed them, and for drink little pools of slightly brackish water in the sands. Some of the cleverest ones make little reservoirs for themselves by digging with their hoofs.

They belong to a few of the islanders, who own from one to seventy-five each. Once a year, in July, the horses are rounded up in Assateague and in Chincoteague and are driven down into the town, where they are penned and the colts are branded. Then some of them are sold to men from the mainland, who will give as much as a hundred or a hundred and twenty-five dollars for a "stylish" horse. When the horses are fed with oats, and their rough coats are properly curried, they present a very attractive appearance. They are very strong and long-lived; one old inhabitant boasts of a mare, most prolific of colts, which lived to be forty years old and worked almost to the end.—Harper's Magazine.

## MORE THAN HE COULD STAND

Man Had Personal Reasons Why He Did Not Care to Join the Company of the Elect.

"It is only once in a long while," Tom McNeal quotes Abe Peters as saying, "that you find a plain, homely man who is really aware of the way he looks. I knew one exception. Jed Perkins, who used to live down in southeast Kansas, was certainly the homeliest human critter I ever laid my eyes on, and what was more, Jed knew it. One winter down there Jed attended a revival meeting and the preacher, aided by the sisters and deacons, decided to make a combined effort to bring him into the fold. "Think, brother," said the preacher, "of the delight of meeting your loved ones in the better land." "Is it your idea?" Jed asked of the parson, "that if I do the right thing I will show up in the better land a lookin' as natural as life?" "Certainly, Brother Perkins," said the preacher.

"Well," said Jed with a gloomy sigh, "if that's the case, I believe I would rather be lost. Of course, if I'm among a lot of goats it won't make so much difference, but if I have to try to work my way into good society in the New Jerusalem wearin' this face of mine, and havin' to wear it always, it will be a little more than I kin stand."—Kansas City Star.

## Tempting Bait for Big Fish.

To catch a big fish you must use a tempting bait. An advertisement which cost an automobile manufacturer \$27,000 for one insertion in a Philadelphia weekly publication may appear enormous to those unfamiliar with the big fish that can be landed when the proper bait is put upon the hook.

And that \$27,000 bait surely caught a whale—over \$1,000,000 worth, of new business in a few weeks. That is the statement of the automobile company which performed the successful fishing stunt.

When you behold the monster which was brought in, the expensive bait looks cheap and inexpensive, doesn't it? This advertising proposition carries a first-rate moral: You can't win something big or worth while unless you make a big and worth while effort.

## Many Queer Ideas.

Tiger flesh was eaten by the Malays to give them strength and cunning—a course of reasoning which was not wholly illogical—and among our early physicians there appeared to be a desire to find a medical agent with some supposed affinity with the diseased part. But these agents became so revolting in character, that they marveled how patients could submit to their treatment. Fox's lungs for a cough, pigeons cut in half while alive and applied to the feet warm, a dried toad put into the armpit or tied to the head for fever, hedgehogs, earthworms made into syrup, snails, vermin, cats, new-born puppies—all figured among old remedies, many up to comparatively recent times. One was advised to cut off a lock of one's hair and drink it with wine or beer to cure plague.

Nagging "Worse Than Murder." Supreme Court Justice Blackman in Brooklyn refused to grant Mrs. Abbie K. Kowman a separation from her husband, Edwin J. Kowman, and told the young couple "to get together" and "stop nagging each other."

"Sometimes I think," Justice Blackman said, "nagging is a worse crime than murder, and that it does more to destroy happiness." He also told the husband that he ought to furnish his wife a place to live apart from his mother.

## STOCK PHRASES A MISTAKE

Too Many Writers Use Them to the Ultimate Great Detriment of Their Work.

There are writers with something to say whom it is very difficult to read with any attention, because their sense is constantly weakened by stock phrases. They have not learned to fit their thoughts with their own language, and these thoughts are disguised in language that seems to mean nothing. A writer who can make his own phrases keeps the reader's attention alert. There is no doubt that he always means something, that his thought is working in every sentence; but in stock phrases thought ceases to work, and the reader's attention ceases with it. He may like this little holiday; indeed, some writers are popular just because their stock phrases are so numerous that the reader's mind can enjoy a complete idleness among them. But it is not the proper aim of writing to provoke this kind of unconscious idleness; and even the writers who do provoke it are probably themselves unconscious of the effect they produce. Even they are trying to say something, and failing so pretentiously that their failure is concealed from themselves as well as from their contented readers. No clergyman would wish to fill his church because his sermons had the power of putting all his congregation to sleep; and the writer who becomes popular through his use of stock phrases owes his success, if only he knew it, to causes just as unflattering.

## LIKE THEIR OWN KIND BEST

African Cannibals Said to Be Averse to the Taste of the White Man.

That cannibals seldom eat white captives and then without particular zest is the gist of a scientific report on the subject made to Dr. Hoffman, formerly a consul in Africa and an authority on the subject of tribal customs.

Writing of the recent murder of the German-American mineralogist, John Henry Warner, by natives of New Guinea, Dr. Hoffman asserts that the objection of cannibals in Africa and of Guinea from the flesh of white men is not because they fear the spirit of the white victim or his powers of magic, but because they consider that it has an unpleasant taste due to the sharp spices and condiments and of salted dishes in the diet of the European.

Cannibals in Liberia eat a white man only when he has fallen into their hands alive. Then the victim is impaled to the neck in a running brook and held there for two or three days; on much the same principle that an oyster is "floated" in fresh water after being taken from the beds.

## Man's Best Years.

What are a man's "best years" depends largely on what his youth was—the time for laying the foundation. It also depends upon the nature of his work and something of his stamina or staying powers; also, as to whether he has mastered his environments or allowed them to master him. Hugo Munsterberg places the high-water mark at 60 years; Dr. Wiley thinks a man's best work should be done after he is sixty; while Dr. Osler claims that little original and valuable work is done after the age of forty. As for my own humble opinion, I am quite thoroughly convinced that a man does not reach his prime of intellectual strength and lucidity until he arrives at the halfway house—threescore and ten.

The life problem is very much like a marathon, and should be decided accordingly. On the one hand, it is not a question of years, but of condition—mentally and physically. How did he pass the seventieth milestone, old and decrepit or vigorously? On the other hand, it is not a question as to the time he made, but what was his condition? Did he collapse or did he finish strong?—Los Angeles Times.

## Studying Problem of Age.

The brittle arteries of old age which the doctors call atheromas, and which many are considered an unavoidable and more or less physiological accompaniment of advancing years, are responsible directly and indirectly for a very considerable portion of the annual death rate. Those eagle-eyed folks who hold that death could and should be postponed to the higher side of one hundred years—that centenarians should be the rule rather than the rare exception—are coming more and more to question the necessity for this early rusting out of the body plumbing. Metchnikoff's famous studies which led him to the conclusion that sour milk was the elixir of longevity, started the ball rolling afresh, and since then the physiological laboratories have been busily at work studying the problem from all sorts of angles.—New York Evening Post.

## Return Address.

One small boy of my acquaintance will be careful when he grows up about that business of writing his address legibly, if he retains his present sense of importance of making the point clear. He was saying his prayers the other evening, and after the enumeration of those upon whom he invoked a blessing, concluded: "And make me a good boy"—and then, after a pause, "14, Ladyemith avenue. Amen." There was to be no mistake about the destination of the answer.—London Chronicle.

An organ recital was given Wednesday morning at the Mt. Ida school by Prof. Archibald T. Davison, Jr., assisted by Mr. Albert F. Pickernell, tenor.

The winter organ recitals at Elliot Church have been arranged as follows: January 21, Mr. Everett E. Truette; February 18, Will C. Macfarlane, municipal organist at Portland, Me.; March 18, Edwin Arthur Kraft, organist at Trinity Cathedral, Cleveland, Ohio.

The annual Christmas-giving service by the Bible Class of the Immanuel Church, will be held this evening. Rev. C. L. D. Younk of the North End Mission will be the speaker, and several children from the Mt. Hope Home, Boston, will give an entertainment.

While the members of the family of Mr. Arthur J. Wellington of Church street were at dinner Monday night their home was entered and a gold watch and several strings of gold beads stolen. The entrance to the house was made by climbing up the front porch to the second story, where an open window gave the thief easy work in getting in.

The feeling regarding this war is well expressed in the following letters written by Samuel Church of Salisbury, Conn., 24 years old, to Ensign Church of Canfield, Ohio, published last September by the Western Reserve Historical Society. These brothers were great-grandchildren of our Ensign ancestor and they were cousins of Rev. Horace Bushnell, the celebrated Congregationalist minister and the author of his modern theology. Samuel was for many years Chief Judge of the Supreme Court of Errors in Connecticut, while his brother was equally as prominent in Ohio.

"Salisbury, July 4th, 1812.

Dear Brother,

Yours of 14 June is before me. We have here no particular news of consequence to be relied on.—The Declaration of War keeps open all ears for the tidings of blood. In this Country War is quite unpopular here. The Federalists of information feel animated for an honorable issue. I did fear that every nerve of opposition and treason would be excited to render abortive this measure of Patriotism, but I think this disposition is confined to the petulant and uninformed. Our Governor Roger Griswold and Council are placed on the constitutionality of placing the Militia under the immediate command of Genl. Dearborn. Our Governor is a man of true patriotism. I am confident he will not hesitate in calling out the forces of the State.

Many are the speculations on the termination of this War. My opinion is it will not continue longer than one year, my reasons are, that if the contest has that effect on the Councils of Great Britain as to produce a change of ministry a speedy peace will be made on our terms; if not the unpopularity of the war will cause a change of administration here next March: when peace will be made on our terms. . . . On the presidential election I can form no opinion. My own sentiments lead me to prefer De Witt Clinton. The election of this able and upright Magistrate would tend to cure those jealousies of Southern influence and preponderance and his commercial predilections will also cure the jealousies which now exist on that subject. I reverence and esteem Mr. Madison and oppose his measures yet the quiet of the country in my opinion would be better secured by the election of a President from the northern states. I hope you are not in danger from Indians or their friends and allies the Canadians."

"Salisbury, Conn.) September 4th, 1812. "Dear Brother,

—Agonized by hope and fear concerning the fate of the army under Gen. Hull I sit myself down to write away my trepidation. "Yesterday an account in the Albany papers extracted from a Canadian paper, brot us the unhappy news of Hull's defeat; with the federalists of the raving order it met with a very welcome reception; but the Republicans it was evindings indeed. "Today while all were mourning the fate of our brave Fellow Citizens (news) papers from Hartford brought a circumstantial account of the Surrender of Fort Malden to Gen. Hull; with news thus contradictory, we know not what to think or believe, God grant the better tidings to be true. But I fear not. If he is taken I cannot divine the cause, with no enemy in his rear, it appears to me impossible. When he marched into Canada I thought it unwise and imprudent, with so small a regular force, depending so entirely on militia impatient to return home, it was in my opinion folly in the extreme. "But the folly and want of foresight of the government in not giving speedy notice of the Declaration of War is monstrous. I have long been convinced that the Madisonian administration is weak, too weak for war; yet honest."

Whatever may be your opinion of De Witt Clinton, it is a very general one here that he is the man who can save and honor, it is no objection that he is supported by Federalists, if he is not elected I fear for my Country; he is in favor of Commerce and a navy this is sufficient to decide my opinion in his favor. If Hull is taken I fear the Indians will let loose among you. In this part of the Country the Federalists use every effort to discourage enlistments, and take every opportunity to insult the troops and protect deserters. This week about 300 troops marched from Litchfield to Albany on this way. At Sheffield after encamping a night several of the citizens attempted to insult them and break through the guards. In this attempt, Col. Goodrich of Sheffield received a bayonet through the arm and one other person had his head severely cut with a sword. A very great pity both wounds had not been mortal. Several of the citizens were kept under arrest through the night and until they prom-

and protect them from dishonor. In this state we have but little of the Amor Patriae, that love of country and of glory which is felt by you. Our too flagrant predilection for the mother of our religion, Old England, the unexpected cause taken by our executive, the complete damper upon Connecticut ardor. The war is extremely unpopular here so much so that our Militia could not be dragged to the field. And when the direct tax is called for, I fear we shall see open resistance to authority. I do not much fear a civil subject. I reverence and esteem Mr. Madison and oppose his measures yet the quiet of the country in my opinion would be better secured by the election of a President from the northern states. I hope you are not in danger from Indians or their friends and allies the Canadians."

Several of the citizens were kept under arrest through the night and until they prom-

posed to depart in peace. I do not know what scenes await us here, the conduct of our governor and council in refusing to call out the Militia is monstrous, and a part of the system of resistance to the general government, yet I imagine that our Federalists must not resist by force though they count a majority at the elections; they certainly cannot of fighting men. 15,000 have subscribed to papers most solemnly to support the government and if the federalists are pleased to swing their guns against this number we do not fear to meet them, with justice and our Country on our side.

I hope if Hull is taken you will have the whole army of Dearborn to take his place. There are about 4,000 troops at Albany in good order and the number is daily increasing. We shall hear of warm work soon."

"Salisbury, (Conn.) Sept 17th, 1812. Very Dear Brother,

I Recd. yours of August 22nd in which you inform me of your expected march to join the patriotic army of your countrymen. Go and may the God of battles and the Guardian Angel of America shield you from injury and dishonor. The defeat of Hull is astonishing to all of us here, by some he is called a coward, traitor. I form no opinion; if the ill success of the enterprise let them bear the odium. I am some disposed to conjecture the administration will attempt to screen themselves by convicting Hull, a very dastardly alternative if true. The truth is the administration of Madison is too weak for War! We wait with patience till the Genius of a Christian shall watch over our armies

"Nothing need be expected from Connecticut as a state in this war, but the bounty of individuals I hope will tend to soften the rigors of the winter upon the soldier."

Was Gen. Hull a coward? The heling cannons at White Plains, Trenton, Princeton, Stillwater, Monmouth, Stony Point and Morrisiana echo, No! Was he a traitor? The voices of Gen. Washington and Baron Steuben thunder, No! Was he a hero? The calm LaFayette surrounded by the members of the Cincinnati annual convention he exhibited the accents of the humanitarian and saved by his judgment the world from witnessing the greatest massacre that would have occurred. But in her hour of trial Sarah knew her William and she placed her hand in his with the same confidence and trust that she did as his bride. If she had thought otherwise, her patriotic nature would have revolted, and she would have spurned him as she would a viper.

A few weeks previous a wit in commenting upon the marriage in Windham, Conn. of a Mr. Ralph Hunt to Miss Polly Canada said "Canada has thus been invaded and conquered without the aids of Gen. Hull and Dearborn."

The family returned to Newton to the ancestral home willed by Capt. Abraham Fuller, and here they lived respected and honored by all. But Congress never paid him for his services and for the money that he had expended until after his death, so that he was in cramped financial circumstances.

A sudden blow fell upon the family when the news came that their only son, Abraham Fuller, a captain in the U. S. army, was killed in the battle of Lundy's Lane or Bridgewater, July 25, 1814 at the age of twenty-eight.

The Marquis de LaFayette in 1826 revisited the Republic he loved and he worshipped him for his generous aid in helping its formation, and was an honored guest at the laying of the corner stone of the Bunker Hill Monument. The following Sunday noon he made a special call on Gen. Hull at the home of his son-in-law, Isaac McLeellan, Winthrop Place, Boston.

Standing on the front steps with his wife and children and grand-children he welcomed his old friend and companion in arms. LaFayette embracing in the French method laid his hands upon his shoulders and said, "We both have suffered contumely and reproach, but our characters are vindicated; let us forgive our enemies and die in Christian peace and love with all mankind."

He passed through Newton and was greeted by the scholars of Seth Davis. Gen. Hull after spending his latter days peacefully at home managing the farm and conducting his legal affairs, died November 29, 1825 aged 72.

His funeral was attended by the clergy of now Greater Boston, numerous members of the Revolutionary army and public men. The pall was supported by six members of the Cincinnati—of which patriotic order he was one of the founders, and escorted by one of the largest number of persons that ever assembled at a funeral in this City to its last resting place, the Centre Street Cemetery.

Among the evidences that he held the public confidence and was vindicated was the fact that the people of his native town Derby and the City of Boston, each gave him a reception with a banquet, and he died a very popular man. The Rev. Dr. Homer preached the funeral sermon from Lamentations 111 32. But though he cause grief, yet will he have Compassion according to the multitude of his mercies."

By his will he returned the property that Sarah's father had bequeathed as she could not legally hold it being a married woman and he gave to each of his children one dollar in token of remembrance.

Sarah's father ended his will with the words "I have to set my hand and seal this 2d. day of July in the year of our Lord 1793 and in the seventeenth year of the Independence of the United States of America."

Sarah Fuller Hull quietly passed away on August 1, 1826, aged 67. On the next day in Boston was a great funeral procession in honor of six Revolutionary Soldiers and Jefferson was an oration by Daniel Webster in the presence of President John Quincy Adams. On the third Sarah Hull's remains were laid in the family tomb.

At the taking of the jail in the conflict at Morrisiana, N. Y., there were a number of persons held as prisoners who were released, among them was a negro named Tillo. Falling upon his knees to Col. Hull he said "Massa save my life and I'll serve you forever." He showed his gratitude by serving him until the end of the war, when he retired to his little farm in West Chester. But he gave his young son Tillo, a six year old boy, to Mrs. Hull who remained with her until her death and was many years after with her daughter. It is said that his remains were placed in the Hull tomb, at the foot of Gen. Hull's.

In Sarah Hull's will it was provided that a mourning ring should be given to each of her daughters and that the real estate including the Fuller farm should go to her daughter Anna Naylor the widow of Capt. Hickman, U. S. Army, with the wish that whenever she shall dispose of it "it should be to some member of the family."

The Boston and Worcester Railroad was opened for passenger service as far as West Newton, April 16, 1834, the station at Newtonville being simply a flag one named "Hull's crossing." A locomotive ran three times a day with from two to eight passengers each trip.

The increasing value of the 56 acres of the Fuller-Hull farm compelled its sale in 1846-7 when it was laid out in building lots and sold. The old mansion was built by Capt. Joseph Fuller in 1680 an addition to which was made by Judge Fuller, his grandson, in 1780. The older part was torn down by Gen. Hull in 1814, for a new house. The site came into the ownership of ex-Gov. Claflin in 1855, upon which he built his home. The Hull house, about 1846-7, was removed to Walnut street, near the bridge, and is known by us as the former home of the Newton Club. Its skeleton remodeled, serves as a tenement in the rear of th high block by the bridge. It was the earnest wish of Judge

Fuller and Sarah Fuller Hull that this estate should remain in the family, practically entailed. But under nature's law, by which our families diminish, the male line became extinct; which, coupled with increasing values and demands, would not allow it to remain intact. It is a great satisfaction to their descendants to know that through generous citizens the home site of the Fuller-Hull farm has been donated to our "Garden City" for municipal and educational uses, and that your memorial stands upon it.

Their children and their grand-children have worthily honored the name as honored men and women. James Freeman Clarke as the revered divine, Joseph Wheeler as the gallant Major General, and Rebecca Hull Clarke, whose name of "Sweet Auburn" for the Cemetery in Cambridge, where rest so many honored dead are proof that the united lives of Gen. Hull and Sarah Fuller were here in life's work. Possibly that inspiration transmitted by the law of heredity may develop, when our ashes are mingled with mother earth, into a life devoted to patriotic service in the development of our Republic and the betterment of the human race.

The Ancient Roman historian has written, "It is a beautiful—honorable thing to die for one's Country." That is a truism! wonderfully exemplified in our day in the late Russian-Japanese war. The world marvelled when hundreds and thousands of Japanese soldiers in unbroken columns fearless of death, hurled themselves into the cannons mouths for the love of their country and veneration for their king.

But it is equally true—a beautiful—honorable thing, to live, to act, for one's Country to impress upon its youth its virtues and stimulate them to live for its integrity, and this you have done by these memorials to Sarah Fuller Hull and to William Hull.

## A TRIBUTE

By Mrs. S. A. Winswell

When gallant Knights in armor clad, Rode forth their enemies to slay, With gleaming swords and shining lance

To speed them to the coming fray, From castle hall and maiden bower Came out their maids and ladies fair To give each Knight some token dear To bid him boldly, do and dare.

And when across the watery waste Our exiled fathers sought this land And found-not ease, but bloody strife The meed of their devoted band Before from tax and tyranny Their fair green fields exempt would be;

They like the Cavaliers of old Went forth to fight for liberty.

And wives and daughters gathered round, To speed them on their toilsome way; They went, unarmored and untrained, And none would bid her hero stay. No donjon keep, no castle walls No band of serfs or men-at-arms, Would guard and shelter those they loved;

To meet perchance grim war's alarms.

Their lot to till, that men might eat, Their lot to train the tender brood To work, to weep, to pray that God Would grant them peace, and daily food.

Amid the strange vicissitudes That proved those steadfast patriot hearts, That bore unscathed through stress and strife,

The nobler, and the better parts.

Not least upon the honored roll O'er which with pride our bosoms swell, Stands one—a star amid the dark Whose faith and fame we love to tell. Through all the mists of years that fling

Their filmy shadows in between, Shine out her faithfulness and truth; Tho' images but faintly seen.

We read the record of her love, Her courage high, her dauntless will, That led her on through storm or calm, To be her husband's comrade still. Unsheltered from the freezing camp, Save by a cabin, rude and bare,

### POLICE NOTES

In the Police Court yesterday morning, Filippo Gorgone of 70 Border street, West Newton, was fined \$60 for maintaining a liquor nuisance. A Sunday afternoon Liquor Officer, Edward J. Goode, with Sgt. Clay Officers Neagle and Monaghan, raided the defendant's home and seized a quantity of ale and wine. Gorgone conducts a boarding house, having 10 boarders, and in his testimony that he is paid \$5 each week for the boarders, and in turn supplies them with as much beer as they want for meals. He appealed, but later withdrew it and paid the fine imposed Judge J. C. Kennedy.

### LODGES

The Sewing Circle of the Sumner P. Lawrence Aids conducted a very successful sale of Christmas articles Tuesday and also a whist and dancing party that night in Odd Fellows' Hall, Newtonville. The sale, which was held in a vacant store on Walnut street, during the day was well patronized, and fully 100 couples attended the affair during the evening. The committee in charge comprised Mrs. Minnie Planted, Mrs. Edith Russell, Mrs. Etta Dow, Mrs. Rebecca Tole, Mrs. A. Nutting and Mrs. Edward Wilson.

### CHARITY BALL

The Charity Ball which is to be given at Bray Hall, Newton Centre, on New Year's Eve is proving to be the central social event of the holiday season and has received patronage from all of Newton. The tickets are not on public sale, but may be obtained from any member of the finance committee of the Mothers' Rest Association and also from Mrs. Herbert Lane of Waban, Mrs. Marcus Morton of Newtonville, Mrs. F. B. Witherbee of West Newton.

### Chinese Cooking Methods.

The Chinese use very primitive cooking apparatus. The little open earthenware houses found everywhere along the streets of the native city and along the wharves have the simplest kind of a furnace supporting a kettle. Chinese cooking is either stewing or boiling, and this kettle answers all possible purposes. In the Chinese houses a very thin cast iron kettle is placed over the fire and everything which the family eats is cooked therein.

### How Fish Are Drowned.

Paradoxical as it may seem, fish have been drowned, just as human beings have been smothered by a too great pressure of air. One experiment consisted in putting fish into salt water, which brought about death by suffocation. If a living and healthy fish be put into water recently boiled, from which have been driven all the gases ordinarily present in distilled water, the fish dies in the same way.—Harper's Weekly.

### Dodging Promotion.

There is a chaffing-dish period for every college girl; but when the time comes for the promotion to the higher position hard by a grand square cooking-stove, most of the graduates prefer to toot the alarm-whistle on a limousine.

### STUTTERER IN HARD LUCK

Cure May Be Effected, but the Process is a Slow One, and Uncertain in Its Effect.

There is no cure for stuttering. This does not mean that no stutterer can be cured—far from it—but that there is no treatment which is sure to cure. If a stutterer be taken in childhood, where the affliction is first noticed, and carefully treated, he can sometimes be cured, and generally much improved.

Dr. Frank A. Bryant of New York, writing in the Medical Record, says the first thing to do is to make sure that there are no obstructions in throat or nose, such as enlarged tonsils or adenoids. The child must be taught to breathe through the nose, deeply and slowly, as a habit. He must not be allowed to speak when excited, nor when laughing or crying or in the paroxysms of whooping cough. He must never be tickled. All causes of excitement must be removed. Fresh air, scrupulous cleanliness, plain, nourishing food, moderate exercises and plenty of sleep in a dark room are essential. Mental treatment is of great importance. Any measures that will increase mental poise are of incomparable value. The stutterer must be impressed with a desire to overcome what is only a bad habit. He must be persuaded to study the great art of speaking correctly. Thus, by careful, patient work on the part of his parents, teachers and physicians, will be gradually cure himself, or at least so improve as to make the affliction cease to be serious.

### COTTON TRADE OF ENGLAND

Origin of Great Industry Can Be Traced Back to Beginning of Seventeenth Century.

The cotton trade of Lancashire, England, dates back to the very beginning of the seventeenth century. A petition of 1621, preserved in the state papers, mentioned the infancy of the industry; for there the petitioning London merchants stated that "about 20 years divers people in this kingdom, but chiefly in the county of Lancaster, have found out the trade of making of other fustians made of a kind of bombast or down, being a fruit of the earth, growing upon little shrubs or bushes, brought into this kingdom by the Turkey merchants from Smyrna, Ceyprus, Oca and Sydon, but commonly called cotton wool."

This cotton from Lancashire soon found its way into the foreign markets of the world. Thus the "Treasure of Traffic," 1641, on the industry of the good folk of Manchester: "They buy cotton wool in London that comes first from Cyprus and Smyrna, and at home work the same and perfect it into fustians, vermillions, dimities, and other such stuffs, and then return it to London, where the same is vented and sold, and not seldom sent into foreign parts." And, lookouts permitting, they do the same thing today.

### Put Lizard in Bad Light.

Among the anecdotes told about the late David Popper is an interesting one relating to Lizard. It is well known that many of the pages attributed to Lizard were really written by the Princess Sayn-Wittgenstein. The most flagrant instance was the insertion by her in one of his books of some pages attacking the Jews and advising their deportation in a body to Palestine. Lizard was greatly annoyed at this, for such sentiments were entirely foreign to his character, and many of his best friends were Jews; among them David Popper, the famous violinist. Not long after the appearance of the book referred to Popper made a call on Lizard, who was delighted to see him, and asked when he came and where he was going. "I am on the way to Palestine, dear master, in accordance with your wishes," was the prompt answer.

### Wind and Fish.

It is reported that a singular correspondence exists between the prevailing direction of the wind on the coast of New South Wales and the average catch of fish.

It appears that the winds which influence the ocean currents influence, in turn, the course of the fish. These influences have periods of three or four years. Thus in 1899, there was a general scarcity of fish, but afterward they became more and more abundant up to the year 1902. In 1906 there was another scarcity of fish, but the next year they began to return in increasing numbers.

The cause of these variations was regarded as a mystery until the coincidence with the prevailing direction of the coastal winds was noticed. Now it is thought by the study of the winds the prospects of the fishermen may be predicted two or three years in advance.—Harper's Weekly.

### Trees Have Parasols.

Rude linen shades, raised high in the air on slender poles, ward off the sun's rays from the young trees in one of the public squares of Berlin, Germany. They look like the scenery of an open air stage, but they were set up simply to make a temporary nursery for the young fustians that have been transplanted into Heidelberg Square. The shadeless park has no protection from the hot sun, and until the little trees get a start they need this artificial shelter to help them grow.—Popular Mechanics.

### SEEK HELP OF RICH WOMAN

Begging Letters Innumerable Come in Every Mail to the Possessor of Great Wealth.

A correspondent of Leslie's Weekly sends these juicy bits from the correspondence of one of our wealthiest and most charitable ladies:

One supplicant writes: "You are far above men in a social and monetary way, but I fly to thee for aid. I would like to go visiting and would like some clothes or a hat. One that comes over the face is more becoming to me."

Others are: "I have a moral character, and some thinks I am very bright. I am blessed with many friends who will testify to my ladyship."

"For a long time I have wanted to feel the pleasure of being even with the world, and when I saw your picture in the paper your eyes seemed to look into mine and say, 'I will help you if you will ask me.'"

"I have long been looking for a person to whom I could make my wants known. Little I ask—some stationery, a good timepiece, one pair of spectacles (good, strong lenses) or the exchange of a railway pass for a good parrot."

"I have sometimes wished that God would give me some money to start me in the chicken business. Perhaps he would start me in the business to sell the pure food of horseradish."

"I am a bachelor maid of sixty-two and have to look out for myself, as I have neither pa nor ma. Think over this letter and don't disappoint me. Your loving friend."

These letters are plainly from ignorant people, and probably somewhat weak-minded. In fact, it is almost an infallible sign of weak-mindedness to send any sort of an appeal for personal help to the very rich.

### VALUE THE ACORN AS FOOD

Mission Indians of California Find Sustenance in and Apparently Enjoy the Nuts.

Among the mission Indians of California acorns form a staple article of food. They gather these industriously in the autumn, dry them thoroughly in the sun and store them for winter use in huge bins, which hold ten bushels or more. These bins are of wicker work and look like inverted baskets. Very often they are covered with canvas to protect the contents from rain and snow and are placed upon elevated platforms to prevent the dampness of the ground affecting them.

When used for food purposes the acorns are pounded the acorn kernels into a coarse meal. Sometimes they bake this into a cake, but generally it is made into mush.

To make the mush they first mix it with water so as to form a thin batter. This is boiled by allowing very hot stones to fall into and cook it. When the stones in the vessel have lost their heat they are taken out with a long ladle and are replaced by freshly heated ones.

When the mixture has been well cooked the bowl is placed on the ground and the mush allowed to cool. The entire family gathers about to enjoy the food, and one and all convey the feast to their mouths with the palms of their hands.

### Was Hard to Please.

A good story is told of Ortel college, Oxford, who was never happy unless he could find some fault to criticize in the undergraduates who came before him. Among other things the record of chapel attendance was always on Hawkins' table ready to be referred to for praise or blame.

One day when a student, who was an Ortel man, was before him, the provost consulted the record.

"I observe, Mr. King," said he, "that you have never missed a single chapel, morning or evening, during the whole term."

He paused, but instead of a word of praise, which might reasonably have been expected, he continued severely:

"I must warn you, Mr. King, that even too regular attendance at chapel may degenerate into formalism."—London Telegraph.

### Historic Parrot.

An older and more historical bird than the octogenarian cockatoo of St. Ives is the famous parrot "Ducky," which was one of Queen Alexandra's pets until its death. This bird belonged to the younger Pitt, who presented it to George II, from whom it passed in turn to George IV, William IV, and Queen Victoria, who presented it to her daughter-in-law, the princess of Wales. All parrots are long-lived, and if they could only speak with intelligence what reminiscences this royal bird could have given—from the time it first looked knowingly at Pitt, learned how to imitate the invariable "What? What?" of George III, was scandalized by the revels of the regent and attempted to acquire the nautical vocabulary of William IV.

### Job's Turkey.

Of course, Job never had a turkey, for this fowl is a native of the land of the stars and stripes, and was never heard of until this country was settled by travelers overseas. Nevertheless, Job's turkey is described by the author of "Sam Slick" as so poor that it had only one lonely feather in its tail and had to lean against a fence to gobble. Since the appearance of that book Job's turkey represents the last extreme of poverty and forlornness.

the divine workmanship to be found. The highest achievement of divine creation on each plane is man, dual in nature, and adapted to the two worlds, a soul fitted to the conditions of the unseen universe, and a body adapted to the circumstances of the visible world. The smile on the face, the light in the eye, the movement of the hand, all testify to the intimacy of the soul and the body, and to somewhat of their relationship. There are many evidences that there is a fixed relationship between the elements of structure of the physical body and the particulars of form of the soul; these related parts are in correspondence. This relationship is not haphazard or partial, but orderly and complete; each part of man's nature has its parallel on the other plane of his existence. There is a like relationship between the two worlds which God has created to be the planes of action of the two respective parts of man's nature. This correspondence, this relation between the two worlds, between the two planes of human life, is the key to the scriptures. What is said in the outward statement concerning people and objects in the natural world is representative of certain human characteristics which maintain on the spiritual plane, and what is prophesied concerning apparently natural events, is to be understood as also a prophecy of great spiritual changes which are to take place concomitantly with the natural circumstances described, as for example in the declaration regarding the second coming of the Lord. God has no special desire to tell us about the history of the Israelites, but He does long to teach us and all people hereafter, and indeed the angels in heaven, concerning the spiritual development through which the soul of man must pass in its life journey from the Egypt of the world to the Holy Land of heaven. His chief purpose is to train man in the ways of living which characterize the heavens, and He has given His Word to tell us about those conditions. Manifestly no human mind could discover this hidden wisdom in the written message; it must be told by Him who knows all the states of life of those in the heavens and on the

earth, who understands the whole system, and the relations that exist between the various parts, who sees the end from the beginning. That inner sense is not an incoherent gathering of fragments of symbolism; it is a perfect whole, a consistent description of man's inner life, like the inner garment of the Lord Himself, which was woven in one piece and without seam. The Lord Jesus Christ Himself, made known this fact and this system of interpretation as he walked with the disciples on the way to Emmaus, after the Resurrection, and opened their understandings that they might understand the Scriptures, and when, "beginning at Moses and all the prophets, He expounded unto them in all the Scriptures the things concerning Himself" (Luke xxiv, 27). No one can grasp the spiritual sense, except from the Lord, no one can see more than a few scattered instances of the divine parallelism, unless the Lord open his vision and enlighten his eyes, because there is an earnest hunger in his heart for the righteousness of life which is the essential of true wisdom.

There will be a two weeks' intermission of the lecture course during the Christmas holidays. The next lecture will be given on Sunday, January 4th, by the Rev. Walter B. Murray of Bridgewater, Mass., who will speak of "A Decalogue for To-Day."

**OUR NEW ENGLAND**  
 By Mitchell Wing  
 New England has been favored in many, many ways. With her thousand miles of coast line. Her harbors and her bays; Her many winding rivers. Giving untold power to mills; And yonder in the distance, "Her cloud-capped Granite Hills," Her pretty inland lakes, Her valleys everywhere. Surely Nature was most generous. When she planned New England's share. And the pages of her history Are filled with gallant deeds. Where'er oppression's call is heard New England always leads. Today there comes another call. For commerce and for trade; Five thousand Boston merchants Are now on dress parade. Recruits are coming daily From cities all around. The call is ringing abroad. We've heard the bugle sound. The blood of a noble ancestry Is flowing in our veins; Their lips have long been silent, But their spirit still remains. Let us profit by their lives, By the lessons they have taught, And learn to love more dearly The land to which they fought. Raise high commercial standards, Where all the world may see. Not only in this land of ours, But far beyond the sea. Let us place upon our banners, In words of flaming gold, "New England to the front." As she marched in days of old. (Read by the author at the reunion of the Trade Extension Tour party at the B. A. A. on December 3.)

## SHEEP IN NEW ENGLAND

By George French

When one thinks clearly about sheep in New England he is apt to get very impatient with the average New Englander who owns and works land. Probably a majority of farms in New England could support sheep, from a few to a large flock, and make money on the sheep while the sheep were all the while adding to the value of the pasture lands off of which they got most of their living. There are from two to three million acres of good sheep land in New England which is now of little use, and there are other thousands of acres now devoted to pasture that might be made from fifty to a hundred per cent. better if it were to be used as sheep pasture.

A wool expert once told me that there is only about enough wool produced annually in the world to make a vest each for the men who live in climates where vests are necessary. Other wool men have accused this estimate. But it is certain that there is a ready market for all wool raised, and would be for twice the quantity. And it is certain that New England farmers might add to their incomes by keeping sheep.

There are a few men in New England who make good money off of sheep. One down in Connecticut makes something like \$500 a year just buying lambs in Chicago and fattening them for the spring market. Another man in Vermont makes 25 per cent. net off his sheep and, more than that, he buys blooded stock and getting lambs into the New York market a few days ahead of others. This man was one of the best sheep men in New England. His farm is in Bennington. He is dead. He went to England to buy Dorset rams, and shipped on the ill-fated "Titanic" for home. He managed a 10,000-acre farm for a big New Yorker, and made the whole proposition pay 10 per cent. net. He raised Jersey cattle, Berkshire hogs and Dorset sheep, with a slight mixture of a certain Texan strain of blood. He was one of the best farmers I ever met, and made the best success, taking things all round.

But it was as a sheep man that he most interested me, and I think, made his best success. He got his knowledge in Texas, but his courage was born with him. It was his courage that made him a good and a profitable sheep man in New England, as it was his courage that had kept him alive since boyhood. He was, as a boy of 15, afflicted with tuberculosis, and the family doctor had given him but a few months to live. He overheard the doctor's talk with his father, and coolly told the two men that he would live to bury them both, and that incidentally he was going to Texas the next Saturday. He went, and was buffeted with good and bad luck there, but the diseased lungs mended. His whole life was a continuous adventure of overcoming, of plucking success from the jaws of defeat.

This man knew of no reason why sheep should not be raised in New England, and his experience proved that there is no reason. Other men are afraid of dogs, but the dogs never got one of his sheep. Dogs will eat sheep if the shepherds let them, as bugs will eat squash and cucumber vines, rose bushes, fruit trees, and potato vines, if the farmers will let them. There is no need to let a dog have a single sheep in New England, if the farmers will take care of their sheep as they do of their vines and bushes and trees. The Bennington man kept his sheep in fields of about 40 acres, and had about 40 sheep in each flock. He had dog-proof, but not dog-high, fences, and his Dorset sheep would fight any dog. The dogs did not trouble his sheep.

One of them ventured into a sheep pasture, the flock bunched themselves, heads out, horns at present arms, and the rams stalked out to meet the enemy. The enemy was always glad to beat a quick retreat, and leap the fence to safety.

A man in Hampden county, Massachusetts, took pains to keep costs on some of his ewes. They were Dorset-Delaines, cross bred. One three-year-old that cost him \$15 brought him in one year a cash income of \$31.50, which is 210 per cent. Another ewe, one of several that made up the same records, brought him an even 100 per cent. net in one year, paid for herself twice within the space of 12 months, and in addition paid for her keep and care. There are not many lines of business that pay better than this. Of course, this man put brains and financial management into his sheep-raising. The average scrub sheep, kept in the average careless way, will not pay out like this, at the rate of \$15 a head, or even more. They will pay all the way from \$2 a head up to four or five—about the same as good hens. There is no necessity of rating sheep with hens, but many farmers continue to do so; though the farmer who makes more than \$3 per head per annum off his sheep would not make \$1 off a flock of hens.

Profit from sheep is largely a question of sheep eugenics. That man who can arrange to have his ewes lamb ten days ahead of the usual lambing date

can get big money for his spring lambs. It can be done. A few men know how. It is a question of common-sense and taking advantage of the habits of sheep and the hints nature is always ready to give. The difference between \$2 to \$5 and \$15 to \$20 for lambs, is a difference that means large profits. The latter rates can be got for lambs sent to market ten days or two weeks ahead of the regular supply, while the former prices are about what good lambs will bring when the market is getting a normal seasonal spring supply. For example, the Bennington man I have mentioned got from \$12 to \$20 for a large proportion of his spring lambs. A man in Connecticut who turns over \$5,000 in spring lambs every season gets big prices for a fair proportion of his lambs. A man in Massachusetts, who came here from the Chicago packing houses gets an average of \$7 for his early lambs. A Maine man, whose sheep pay him a gross return of \$9.50 each, gets from \$10 to \$12 for his early lambs. A Vermont man got 132 lambs from 88 ewes, and sold them for \$6.50 each. A Vermont man has been in the sheep business for twenty years, and gets \$3 a head for wool and \$10 each for his lambs. And so it goes. The man who makes a good brain help in the business of sheep raising in New England can make good money. If he cannot make as much as \$9 a head on his ewes he should get busy to discover what is the matter with himself. New England ought to be raising 25 sheep where she is now raising one. Think what a lot of money that would bring to the New England farmer, and all of the sheep pastures would be increasing in value at the rate of 10 per cent. per annum.

N. H. S.

The first call for track candidates last Wednesday afternoon brought out more than 70 of Newton High's athletes. Only light work was indulged in and the same program will be carried out under the direction of Coach Alfred Dickinson until the squad is cut down considerably. Practice was started this year two weeks earlier than usual, and in addition the candidates will be forced to work out three times a week during the Christmas vacation.

The prospects for a winning team look extremely bright this year. Capt. Litchfield, who has always been a strong contender in the 30 yard dash, 300 and 600 yard runs and also a member of the relay team, will be the mainstay, around which the team will be built. Boudrot, a dash man has also reported, as has Nathan, who won second place in the B. A. meet last year in the 600 yard run. Owing to parental objections it is probable that Nathan will not compete in many of the meets this year.

Two of the High School's greatest point winners, Roberts the high jumper, and Walker, a shot-putter, were both out Wednesday, and Coach Dickinson feels confident that these two men are the leaders in Scholastic circles. Rogers, a 1000 yard man, is another veteran on hand.

Charles Brady, captain of this year's football team will again take up shot-putting, and Howard Mitchell, captain of the gymnastic team will participate in the shot and jumping events. Sexton who shapes up well in the dashes and 600 yard run and Van Tassel, captain of next year's football team, both newcomers, are making an effort to win a place on the team.

The lack of ice in Newton has been very disappointing to the candidates for the Newton High School hockey team, and as the first game scheduled is only a week off, Manager Dwight B. Libbey has made arrangements for the first practice at the Boston Arena tomorrow noon. Practically a new team will represent the Orange and Black this year, as only three regulars of last year's seven are available.

Willard Rice has been elected captain, and the other two veterans are Norman Thompson and Herbert White. Several likely candidates are out, the most foremost being William Wellman, King Barker, Stickney, Stewart, Burkhardt, Gibson, Eddy, Walker Gould and Young.

Manager Libbey has arranged a very attractive schedule which has been adopted by the athletic committee. It contains 10 games and there is one open date Jan. 14. The schedule:

Dec. 30—Ridgely Technical at Brae-Burn.  
Jan. 3—Medford High at Brae-Burn.  
Jan. 8—Malden High at Brae-Burn.  
Jan. 10—Stone School at Brae-Burn.  
Jan. 14—Open.  
Jan. 17—Noble & Greenough at Brae-Burn.  
Jan. 20—Huntington School at Brae-Burn.  
Jan. 24—Dorchester High at Brae-Burn.  
Jan. 27—Dean Academy at Franklin.  
Jan. 30—Boston Latin at Brae-Burn.  
Feb. 3—Brookline High at Brookline (Triangular League).  
Feb. 6—Cambridge Latin at Brae-Burn (Triangular League).  
Feb. 10—Somerville High at Brae-Burn.  
Feb. 14—Stoneham High at Brae-Burn.  
Feb. 17—Arlington High at Brae-Burn.  
Feb. 19—Mechanic Arts High at Brae-Burn.  
Feb. 25—Melrose High at Melrose.

## COLEMAN—WOLFENDEN

Miss Hazel Wolfenden, daughter of Mr. and Mrs. Daniel Wolfenden of Newtonville, and Mr. James Coleman, son of Mr. and Mrs. John T. Coleman, were married last week on Thursday evening at the home of the bride, on California street.

The ceremony was performed by Rev. Richard T. Loring, rector of St. John's Church, only members of the immediate families being present, owing to a recent death in the bride's family.

The bride was becomingly attired in a travelling suit of blue broadcloth and wore a large picture hat.

Mr. and Mrs. Coleman were the recipients of many beautiful and costly wedding gifts. On their return from a wedding trip they will reside at 25 Court street, Newtonville.

## "IT PAYS TO ADVERTISE"

Fra Elbertus Says:—  
He who imagines that modern advertising is the exploitation of the public is a bi-cupiditiploides and would do well to come out of his comatose state and survey his convictions.

Advertising is the education of the public as to who you are, where you are, and what you have to offer, in way of skill, talent or commodity.

Let the truth be known about your business.

The only man who should not advertise is the one who has nothing to offer in way of service, or one who cannot make good.

All such should seek the friendly shelter of oblivion, where dwell those who, shrouded in Stygian shades, foregather gloom, and are out of the game.

Not to advertise is to be nominated for membership in the Down-and-out club.

The idea of the "ethical dentist" who refrains from advertising was originally founded on the proposition derived from the mediums that advertising was fakery. This view once had a certain basis in fact, when the only people who advertised were transients.

The merchant who lived in a town assumed that every one knew where he was and what he had to offer. The doctor the same.

This no longer applies. We are living so fast, and inventing so fast, and changing so fast, and there are so many of us, that he who does not advertise is left to the spiders, the cockroaches and the microbes.

The fact that you have all the business you can well manage is no excuse now for not advertising.

The reputation that endures, or the institution that lasts, is the one that is properly advertised.

Advertising is fast becoming a fine art. Its theme is Human Wants, and where, when and how they may be gratified.

It interests, inspires, educates—sometimes awakes information, and thereby uplifts and benefits, lubricating existence and helping the old world on its way to the Celestial City of Fine Minds.

Elbert Hubbard.

## SOME NEWTONVILLE HOMES

A completed copy of the booklet, entitled Some Newtonville Homes, gotten out by Mr. J. R. Prescott, under the auspices of the Newtonville Improvement Association, proves to be even more attractive than was intimated in our notice last week. Its object is to make Newtonville better known to those who are looking for a high class suburban location, and so ensure its continued development in the right direction. In furtherance of this, there are 170 illustrations—many of them full page—scattered through its 72 pages, with interesting text describing Newtonville's advantages. The illustrations are beautifully engraved and printed, and the large central plate covering the two middle pages of the book is worthy of a frame. It is doubtful if any other suburban place has received such artistic publicity as is here given.

As an aid to real estate agents handling Newtonville properties, it must have a distinct value, which is further enhanced by an excellent folding map in two colors, with larger tracts of land that are undeveloped or for sale plainly indicated.

The book is unique in omitting all advertising and write ups, and being wholly impersonal in what it treats of. It is intended to represent no interests except those of the village and city at large, and the attractions of the other Newtons are happily referred to in the preface and otherwise. The book is something Newtonville residents will naturally take a pride in sending out as a beautiful souvenir. For further details see notice in another column.

## DINNER DANCE

The society event of the week was  
the dinner dance on Tuesday evening  
at the Copley Plaza by the mem-  
bers of the Dancing Classes of Newton,  
Newton Centre and West Newton.A company of guests numbering  
about fifty assembled in the ball room  
at the hotel, which was decorated most  
elaborately for the occasion by Galvin,  
the decorative scheme being green and  
red.A progressive dinner was served at  
7.30, and the table decorations were  
wonderfully attractive, small Christ-  
mas trees being placed on each table,  
which were hung with white bouquets  
for the ladies and white carnations  
for the gentlemen.The Salem Cadet Band was in at-  
tendance and furnished an excellent  
program of music during the dinner.  
Dancing followed continuing until a  
late hour and until the well arranged  
order had been danced through, there  
was no intermission to the pleasure  
of the participants. The ball room  
was festooned with laurel and ever-  
green caught with red ribbon stream-  
ers and interspersed with poinsettias  
and the shaded electric lights shed a  
soft radiance over the beautifully  
gowned and graceful dancers making  
the scene most effective.Coffee and cordials were served at  
small tables placed in the corridors  
during the evening and the entire lower  
floor of the hotel was at the disposal  
of the guests, the hostesses receiv-  
ing in the ladies' parlor.The hostesses were Mrs. Harry L.  
Ayer, Mrs. Harry Dana Priest, Mrs.  
Prescott Warren and Mrs. George  
Walker. Mrs. Ayer wore a beautiful  
imported gown of orchid brocade and  
carried orchids. Mrs. Priest was most  
charming in an imported gown of  
Dresden taffeta with overdress of  
white lace. Mrs. Warren was exqui-  
sitely gowned in white charmeuse with  
gold set tulle and pink trimmings,  
and Mrs. Walker wore a beautiful  
creation of white chiffon.The dancing ended at about 2.30, at  
which time a chafing-dish breakfast  
was served.The dance was given under the di-  
rection of Messrs. Harry L. Ayer of  
West Newton, H. D. Priest of Auburn-  
dale, Prescott Warren of Newton and  
George Walker of Newton Centre.Included among the guests were Mr.  
and Mrs. Fred H. Loveland, Mr. and  
Mrs. William F. Garcelon, Mr. and  
Mrs. Samuel W. Bridges, Miss Lucy

evening. The occasion being a home  
coming reception to Mr. and Mrs. Lu-  
ther Adams Breck, who have been in  
Europe for the past two years, and  
it also celebrated the thirtieth wed-  
ding anniversary of the host and host-  
ess. The reception was from eight  
till ten o'clock, after which there was  
dancing until midnight. The floral  
decorations were very beautiful. Mr.  
Luther Adams Breck attended the  
World's Congress of Architects, held  
in Rome last summer as a dele-  
gate from this state, under appoint-  
ment of Governor Foss.

## WOMEN'S CLUBS

Miss GRACE M. BURT, Editor.

The sunny skies and springlike  
weather of the present month have  
made it difficult to realize that Christ-  
mas is upon us, but the gala attire of  
the shops, the jolly Santa Claus in  
every store, the mad rush of the shop-  
pers and the eager faces of the chil-  
dren are unmistakable signs, which  
even the serious minded person cannot  
fail to recognize. If there be any  
Scrooges still abroad upon the earth,  
may they like Dickens' hero, be taken  
upon the fateful journey with the  
Ghost and behold anew the merry  
scenes around countless Christmas  
firesides and listen once more to the  
sweet voices of the children as they  
sing over and over the old carols they  
love so well. For wherever the chil-  
dren are, there will be the real Christ-  
mas spirit. That Christmas is pre-  
eminently the children's day is no new  
story. There is no new story. But  
each year as Christmas comes round  
we need to have written into our  
hearts its lesson that we our-  
selves must become as little children  
if we are to inherit the Kingdom.

## Local Announcements.

All club activities will be suspended  
during Monday, Tuesday, Wednesday  
and Thursday of next week owing to  
the holidays.The Newton Highlands Monday Club  
will give the annual Christmas enter-  
tainment at the Newton City Home  
Dec. 26, meeting at the home of Mrs.  
George G. Phipps of Walnut street at  
2 P. M.

## Local Happenings.

Mrs. W. E. Moore of Hillside road  
entertained the Newton Highlands  
Shakespeare Club on Saturday, Dec.  
13. Miss Edith McCann had charge of  
the work, continuing the study of Cym-  
beline. She brought out the prevailing  
feature of the play to be the enchant-  
ing portrait of the affections in  
their several varieties as exhibited by  
the different characters. In the prin-  
cipal agents of the drama, Imogen and  
Posthumus, we are presented with the  
ideal in its grandest features; in the  
posterior, Guiderius and Arviragus, we  
have the mysterious instinct of fraternal  
affection; in the stupid prince,  
Cloten, a contrast of the animal affec-  
tion is set forth; and lastly, the affec-  
tion of the mental attachment is ex-  
hibited in the beautiful character of  
Rosalind, the servant, one of Shake-  
speare's favorite class of attendant  
gentlemen, like Horatio and Benvolio,  
of level understanding, faithful and  
devoted.Prof. Bliss Perry was listened to  
with the keenest interest and closest  
attention by the Waban Woman's Club  
on Monday afternoon. He lectured on  
"Local Types in American Stories,"  
first speaking of New England, then of  
the South and West. He said it was  
very hard to picture true types but  
that different parts of America had  
really been well shown by the art of  
words. The physical, mental and  
moral traits of our New England an-  
cestors up to about 1810 were given.He said they had remarkable vitality,  
were frugal, practical, acquisitive, in-  
quisitive, versatile, true to the law of  
conscience, but much too slow to ex-  
press feeling hardly being able to say  
"Thank you." Prof. Perry spoke of  
the short stories of Mrs. Stowe, of  
"The Revolt of Mother," as typical of  
Miss Wilkins, showing the strong con-  
flict of wills, of Miss Jewett, some-  
times thought aristocratic but very  
sympathetic, and of Miss Alice Brown,  
who deals with types rather than in-  
dividuals. Southern stories, he said,  
were inclined to be rather fantastic  
and stereotyped. Among the recent  
writers Fox and Mary Johnston were  
spoken of and he said the new South  
was full of romance. The West gives  
us real blood and fire as written by  
Rex Beach and Jack London and then  
the brilliant stories of Bret Hart were  
mentioned. In concluding Prof. Perry  
said a great American Novel might at  
any time be written as true to facts  
and to our ideals as Abraham Lincoln.  
Two Christmas songs were charmingly  
rendered by Mrs. Helen Lettler ac-  
companied by Miss Marion Miller. The  
afternoon ended with a delightful tea  
and social hour.

## FOREFATHERS' DAY

Forefathers' Day was observed at  
this week's meeting of the Monday Club  
Newton Highlands in the home of  
Mrs. C. T. Bartlett. Many of the mem-  
bers were dressed in the beautiful old-  
fashioned silk gowns of their ances-  
tors. Mrs. C. T. Bartlett read selections  
from "Standish of Standish" and  
Mrs. C. S. Luitwiler told of the home  
customs of our forefathers. The song,  
"Land of the Pilgrims" was sung by  
a chorus and Mrs. Charles D. Miller  
read "The Minute" and danced it very  
beautifully. A very delicious and sub-  
stantial Colonial Luncheon was served  
at tables spread with old colonial  
dishes and lighted by candles. Tea  
was poured at the various tables by  
Mrs. W. B. Ryder, Mrs. E. Moulton,  
Mrs. J. F. Pollard, Mrs. D. W. Eagles,  
Mrs. E. H. Greenwood, Mrs. C. T. Bar-  
lett, Mrs. Hiram A. Miller, Mrs. P. A.  
MacCallum offered the toast—"To one  
who sits near to us, one who has  
grown dear to us. Just as the first  
President of our country gave unparal-  
leled of his time, his labor, his talents  
and his sympathy she has given to our  
Club unstintingly of her time, her  
labor, her talents and her sympathy.  
To our President."Mrs. Henry E. Williams responded  
in part as follows:  
"I thank you for all the loyalty and  
kindness which you have shown me,  
not only since I became your presi-  
dent, but ever since I have been asso-  
ciated with you."The heart of every true American  
must thrill with veneration, admiration  
and reverence, when he or she  
thinks of that little band of people,  
who on account of religious persecu-tion, felt obliged to leave beautiful  
England, going first to Holland and  
thence setting sail across the ocean to  
a strange land of which they knew  
nothing in a little craft, which today  
would be called unseaworthy. Think  
of the dangers, perils and privations  
they suffered, not only on the trip  
across, but after arriving in Plymouth.  
What courage and self-denial it must  
take and reverence, when he or she  
have taken."In referring to the Boston Tea Party,  
whose anniversary came on Tuesday,  
she said, "I remember my grandfather  
telling the story, which he had heard  
from his father who was in it, of how  
they slipped quietly down to the water  
front, dressed as Indians, and hood-  
winked the English. I can see him  
now chuckling over it.""We often ask ourselves whether  
this generation has the same nobleness  
of character, the self-sacrificing spirit,  
the high sense of honor and the cour-  
age, which marked the ages that have  
gone. That question was answered  
when the Titanic went down; on that  
ship there was not a coward. It only  
needs an emergency to bring out the  
fact that: 'The Pilgrim spirit has not  
faded.'"The toast I propose is: "Long life to  
the spirit and courage of the Fore-  
fathers."Following Mrs. Williams' response  
Mrs. J. F. Pollard responded humor-  
ously to "Our Forefathers," Mrs. L. H.  
Marshall to "Our Country," and Mrs.  
Eagles to "Our Club.""Our Forefathers" by Mrs. J. F.  
Pollard.  
Our forefathers old I am called on to  
toast,  
If they hadn't been pious I should  
make it a roast;  
I should ask why they landed by old  
ocean's roar  
Where the high cost of living continues  
to soar;With milk at 'steven cents and eggs  
that are old  
And Argentine beef, and marketman  
bold,  
I think they would wish they had  
stayed in the place  
Where they worshipped and sung with  
dignified grace  
Full modest, they seemed, yet why did  
they hit  
On a place where the ladies wear  
skirts that are slit?  
Just how would they feel, if they came  
back to gaze  
On the skyscrapers tall where once  
they waved their maize.The boulevards wide with the speeding  
auto  
Might frighten them more than the ar-  
row and bow  
In the hands of the red man. How  
great their surprise  
Where search lights and street lights  
flash bright in their eyes.  
And what would they think if news  
from the king  
The cable thro' old ocean's depths  
should bring?And a wireless message should reach  
them and say,  
That the Mayflower soon would be seen  
in the bay,  
And if you should call in your Aero-  
plane  
Would they have breath to ask you to  
please call again?  
Now what would they do to you or to  
me  
Who would hold in restraint this gay  
company,  
Each wishing to go Victor records to  
buy  
Or visit the movies, of course, on the  
sky—  
They surely would say and to your  
relief  
"If you cannot be brilliant, for good-  
ness, be brief."And yet to day in the midst of our  
mirth  
We must confess that for sterling  
worth  
Of character, we owe the most  
To those who sought this rugged coast.  
Enduring all hardship for this one  
reward  
The coveted freedom in worshipping  
God.Mrs. L. H. Marshall's "Our Country."  
We do well today to honor the Pil-  
grim Fathers and to tell in song and  
story of the rock-ribbed integrity of  
the Puritan, of his service to God and  
service to man, yet if we had only the  
Puritan this country would lack much  
of its liberality of spirit, its space for  
the soul.For the freedom of conscience he  
sought here he denied to others, and  
so there was need of other blood to  
leaven the Puritan of those early days.  
Men from the Northland, men from the  
Southland came—the hardy thrifty  
Scotchman, the sturdy German, the  
Irishman with his wit and poetic sen-  
timent, the gentle Quaker—all went  
into the melting pot to make the com-  
posite American.United by their common hardships  
and common struggles they have given  
us this land of the free and home of  
the brave. Here is freedom for all—  
freedom to do right, to obey the laws,  
and to grant to every one the same  
measure of liberty he asks for himself.Slowly but surely we are adjusting  
ourselves to the eternal laws of God  
the eternal rights of man, the eternal

### SUGGEST BOARD OF TRADE

The December meeting of the Newton Business Men's Association was held Monday evening in the assembly hall of the Newton Y. M. C. A. and was well attended, with representatives present from the other villages of the city. President Hubbard was in the chair, and among the speakers were Mayor-elect Childs, Representative Thomas W. White, James S. Cannon, Chas. S. Ensign and C. W. Sanderson.

The desirability of forming a Newton Board of Trade was discussed and a committee authorized to consist of three business men from each part of the city, to report at the January meeting. A committee was also authorized to consider the matter of advertising in programs.

A request to the Edison Electric Co., and the Middlesex & Boston Street

Railway Co. to place on their signs a

request to "Trade at home for the hol-

idays" was authorized, and it was

deemed desirable to have the same

notice posted about the city.

A substantial collation was served

after the business meeting.

### OLD RESIDENT DEAD

Mrs. Ann Payne, the widow of the late Richard Payne, and one of the oldest residents of Newtonville, died last Friday evening at her home on Otis street, after an illness of about three years. Mrs. Payne was 79 years of age and is survived by four children, Mr. John F. Payne, Mr. William H. Payne, Miss Susan Payne and Miss Mary Payne, all of Newtonville. She has resided in the house in which she died for nearly fifty years. Requiem mass was celebrated Monday morning at the Church of Our Lady by Rev. Fr. Kelly and the interment was at Calvary Cemetery, Waltham.

### FURLONG LECTURE—"Fertile Argentina and Its Vast Patagonian Pampas"

is the subject of the fourth Wednesday night lecture to be delivered by Charles W. Furlong, at the Tremont Temple, Boston. Mr. Furlong has already made a decided impression upon his audiences with his remarkable personality and rare knowledge of his subjects. In his coming talk, Mr. Furlong will offer a minute description of the new Argentina and its River of Silver, Buenos Ayres, the New York of South America. In his beautifully illustrated pictures Mr. Furlong shows his crossing of the continent on the new Trans-Continental Railway, over the great agricultural country of the northern pampas, into the impressive mountain scenery of the Andes, through the Trans-Andean tunnel, 10,500 feet above the sea-level.

### CHRISTMAS BOOK

By REV. J. EDGAR PARK  
"How I Spent My Million," a Christmas story by Rev. J. Edgar Park, pastor of the Second Congregational church at West Newton, Mass., will be its appearance, published in an attractive form by The Pilgrim Press, 14 Beacon street, Boston. It treats in a light vein some of the follies of Christmas giving, and is illustrated in black and white profusely and with sprightly humor. Mr. Park's delicate and refined felicity of expression and good-natured satire, is used, as usual, to point a lesson, although this is cleverly disguised in the treatment. The book is on sale at all the book stores at 75 cents net.

### ANNUAL MEETING

The annual meeting of the stockholders of the First National Bank of West Newton, Newton, Mass., will be held at their banking rooms on Tuesday, January 13, 1912, at 3.30 P. M., for the election of Directors and transaction of any other business that may legally come before them.

## CHRISTIAN SCIENCE LECTURE

Mr. John B. Willis Makes Address at the Mt. Ida School

Last Friday evening, December 13, Mr. John B. Willis, Associate Editor of the Christian Science Periodical, spoke at the regular chapel exercises of the school to the students and teachers of the school. Mr. Willis spoke with great interest to all, giving his ideas of the higher concept and values of education. Below is given in general Mr. Willis' remarks to the school.

Mr. Willis also took dinner with the young ladies of the school, and met personally the students who attend the Mother Church in Boston.

There are a good many ideas respecting the meaning of education and it is worth our while to think about them. Many people think that education is an accretion and it is. How wondrously the knowledge of things has been accumulating during all the centuries. Step by step the fund of general information has been piling up and it has been placed at our disposal without any effort whatever upon our part. This is true of every department of human activity. If we give to our successors what our predecessors have given to us, we will certainly accomplish something worth while. It is perhaps the crowning fact which distinguishes us from all other animals, that we can recognize how much there is to know, and how much we are indebted to others for what we have learned. The concept of education as an accretion of facts is a very interesting one, but very incomplete, because one may know a lot about things, without having any understanding of them.

There are a good many people also who think of education as a vocational equipment, and this idea is very popular nowadays. Colleges are constantly increasing the privilege of selective courses. If a thing is not going to add to one's equipment, if it is something in a successful way, it is considered by many, as hardly worth while. Here, however, we need to remember that while this kind of an education will give a practically adequate man, it does not give us the cultured man. This last calls for a knowledge of the relation of things, the philosophy of being. Today the world is greatly given to specialization. We used to have doctors who would treat every kind of a disability from top to toe, but now

there is need of as many specialists as you have parts, organs and disabilities. It is an interesting fact that specialization always tends to narrowness. This is seen in the realm of industry. Nowadays the average workman must learn to do just one thing and do it well and rapidly. To one thing all the time is not very interesting, however, and we are all familiar with the stupefying effects of a life work which involves the doing of the same thing over and over again.

There is yet another idea of education which to me is far more interesting than these, and which grows more important to my thought every day;—the idea that education means self-discovery. The true individuality with which we should become acquainted is not the stupid self that we may have known for a long time, but the splendid selfhood of intelligence. When the average boy comes to school he is rather a contradictory composite. He is a mixture of the good and the bad, of the spiritual and the material, of knowledge and ignorance, of alertness and stupidity, and we have been thinking that this compound of opposites constitutes the real boy. Such a sense of individuality is of course a discouraging one, because of the manifest impossibility of making truth out of error, intelligence out of non-intelligence, and it is this view that discourages the school teacher and makes his undertaking a great burden. When one comes to think about it, however, he sees that this can't be done, for we know that there is no possible union or transmutation of opposites such as light and darkness. The real education means discovery, an awakening to the true selfhood, which as we are taught is the image and likeness of infinite Truth, and beauty and goodness. It is manifest, moreover, that education should begin with the right concept of the work to be accomplished, we should think of the one being taught as an imprisoned bird whose escape from the fetters of ignorance it is ours to effect. When we begin to think in this way we shall begin to address the true individuality. Everything in the way of civilization, progress, or advancement of any kind amounts simply to this, a false sense is being replaced by a true sense. Education must free us from every falsity of human sense, and give us an acquaintance with unfallen man.

### DR. FRISBIE DEAD

Dr. Jesse Franklin Frisbie, one of Newton's oldest physicians, died Wednesday morning at his home, 483 Centre street, after an illness of two days. He was born in Rochester, N. H., July 12, 1838, the son of Capt. Jesse and Maria Jane (York) Frisbie. He attended Austin Academy in Stafford, N. H., in 1855, and Exeter Academy in 1856. After three years of teaching school, Dr. Frisbie became the principal of the Berwick Grammar School, which position he held for a year, and held the position of teacher in the Rochester High School the following year.

He graduated from the Harvard Medical School in the class of 1861, and began his practice in Framingham. During 1862-1863 he was acting assistant surgeon in the United States Navy, and in 1864 and 1865 was in charge of the Wiswell Barracks Hospital in Washington, D. C. At the close of the Civil War, Dr. Frisbie practiced medicine in Webster for three years, and also in Boston for a like time.

In 1872 Dr. Frisbie came to Newton, and had since lived here. He served on the staff of the Newton Hospital from 1882 to 1888. He was the founder and president of the Newton Natural History Society, an ex-president of the Gynecological Society of Boston and a member of the Massachusetts Medical Society.

He served in the old Common Council in 1882, and was also a member of the Board of Health from June 15, 1885, to June 2, 1890, when he resigned.

He was also one of the most enthusiastic members of Charles Ward Post, G. A. R., of Newton, and one of the oldest members of the Monday Club. Funeral services will be held at his late home Sunday afternoon at 2.30.

### CITY HALL

Mayor-elect Childs has sent his resignation as a member of the Board of Health to Mayor Hatfield.

### MR. WILDMAN DEAD

James Graves Wildman for more than 40 years connected with the New England Mutual Life Insurance Company, and for the past few years assistant secretary, died Friday at his home, 199 Bellevue street, Newton, after an illness of two years.

Mr. Wildman, before entering the insurance business, was well known in hotel circles in Boston and Philadelphia.

He was born in Guilford, Conn. 73 years ago, the son of Albert B. and Abigail (Graves) Wildman. He married Miss Anne Frohisher of Boston 54 years ago, and since then, with the exception of a few years, had made his home in this city. His wife and two daughters, Misses Gertrude and Linda Wildman, survive him.

He was a well-known member of the Grace Episcopal Church and was prominent in philanthropic work.

Funeral services were held Sunday afternoon at his late home and were attended by many friends and business associates. Rev. Laurens MacLure, rector of Grace Church officiated and the body was later cremated at Mt. Auburn.

### LUNCHEON AND BRIDGE

Mrs. Robert P. Hains of Hunnewell avenue, Newton, gave an attractive and unusually enjoyable luncheon and bridge at her home on Tuesday afternoon. The guests were seated at eight small tables beautifully decorated with Christmas holly, red roses and red carnations, appropriate to the holiday season. Auction bridge was enjoyed after lunch, the handsome prizes being awarded to Mrs. Howard Norton, Mrs. Fred H. Loveland, Mrs. George Woodworth, Mrs. Baldwin, Mrs. Cummings, Miss Folkes, Mrs. W. E. Holmes, and Mrs. Bruner. Among the guests from out of town were Mrs. Rogers of Birmingham, England, Mrs. Gregory and Mrs. Geo. Percival Gregory of Dorchester, Miss Folkes of Melrose, Mrs. Phil Carleton of Reading, Mrs. Lawrence Janney and Mrs. George Woodworth of Brookline and Mrs. Wesson of the Watertown Arsenal.

### TRAIN WRECKED

A wrecking car which was coming from Springfield jumped the switch late Friday afternoon at Falmouth while crossing from track 3 to 1, falling across tracks 2 and 3. The train from Boston, including the New York expresses, were obliged to switch over to track 4, east of the Newtonville station, and the trains going toward Boston used track 1 from Riverside and switched over to track 3 at Newtonville. The clearing up took until early Saturday morning, as the wrecking train derailed was on the way to take the place of the one at Allston, which was out of commission.

## A PLAYGROUND "CITY"

How the Boys Are Learning Self Government at Nonantum.

An innovation whereby the playground connected with the Stearns School, at Nonantum, one of the three Newton playgrounds that has winter supervision, is to be placed under the direct management of the boys, is being tried. It has commenced with an election, which had all the features of a campaign even to the detection of a youthful "repeater."

The plan originated with Lester M. Lane, one of the faculty of the school, who is in charge of the playground. There are 250 boys enrolled there and of this number ninety-nine voted. First the boys were required to circulate nomination papers and when the necessary number of names were secured to file the papers in the regular way. One candidate turned in his list written on a torn fragment of a paper bag. For the election the city voting booths in the basement of the school were used and regular election officers appointed. Checking lists were brought into use and ballots printed by a manual training class in the school were used. Incidentally the only cost of the election was ten cents to pay for the paper on which the ballots were printed.

John McIntire was appointed "pollman" at the election and it was his close scrutiny that resulted in the detection of a youngster who had voted under his right name and then tried to vote again under an assumed name, though he forgot this cognomen between the time he entered one gate and was about to merge through the other. He was doing his utmost to assure the election of one of the candidates for the president's office. There were three boys seeking that office, and Francis Feeley, who polled thirty-six votes, was the winner, while Charles Hayes had thirty-four votes and Edward Terrio twenty. Dennis Shea was elected vice president, Edward Shea secretary, Joseph Brooks treasurer, and Raymond Arcenault chosen for the executive council. George Bradley was warden of the election and was assisted by nine other boys.

## ALDERMEN CAUCUS

The aldermen and aldermen-elect of the board of 1914 were in caucus Monday evening at City Hall to nominate officers for the ensuing year. Alderman Barker, the senior member, presided and President Arthur W. Blakemore of the present board was unanimously renominated for president. Alderman-elect Fred M. Blanchard of Newtonville was nominated for vice-president, in place of Alderman Pratt, the present vice president, who will probably be chairman of the committee on Finance next year. City Clerk Grant, City Treasurer Newhall and Clerk of Committees Brimblecom were also re-nominated, the City Clerk term being for three years. All the members were present except Alderman Winslow and Alderman-elect Wagner, both of Auburndale, and Alderman Jamieson of Newton.

## Mortgagee's Sale of Real Estate

By virtue of the power of sale contained in a certain mortgage deed given by Oliver Burrows and John H. Wilson to Francis A. White, dated October 1st, A. D. 1906, and recorded with Middlesex South District Deeds, Book 2259, Page 315, and duly assigned to the subscribers, for breach of the condition of said mortgage and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described, on Tuesday, the sixth day of January, A. D. 1914, at four o'clock in the afternoon, all and singular the premises conveyed by said mortgage deed, and therein described substantially as follows: A certain parcel of land with the buildings thereon, situated in that part of Newton in the County of Middlesex and Commonwealth of Massachusetts, called "Newtonville," and bounded and described as follows, to wit: Beginning at the corner of Watertown Street and Walnut Street as it is now called, and thence running Northerly on said Walnut Street, two hundred and fifty feet to land formerly of Kate Page; thence running Westerly by said land formerly of Kate Page, two hundred and forty feet to land now or formerly of Baker; thence running Southerly on said land now or formerly of Baker, two hundred and fifty feet to the point of beginning, excepting, however, from this conveyance that part of the premises above described which was released by Charles R. Benson to the City of Newton, to be used as a part of said Walnut Street, by an instrument dated October 9th, 1906, and recorded with Middlesex South District Deeds, Book 2867, Page 179. Containing 5936 square feet of land, more or less, and being the same premises conveyed to said Burrows and Wilson by said White by deed recorded with said mortgage. Said premises will be sold subject to all unpaid taxes, municipal liens and assessments. \$500 will be required in cash at time and place of sale. Other terms announced at sale.

## FURBER MEMORIAL WINDOW

A memorial window to Rev. Daniel Little Furber, D.D., and Maria Brigham Furber, his wife, was unveiled and dedicated last Sunday morning at the First Church in Newton Centre, of which Rev. Dr. Furber was pastor for 52 years.

The present pastor, Rev. Edward MacArthur Noyes, conducted the service and preached the sermon on "The Ministry of Jesus" as indicated in the window. The act of dedication was recited by the congregation, and the prayer of dedication was offered by Rev. William H. Cobb, D.D., of Newton Centre, librarian of the Congregational Library and friend of the late Dr. Furber. Special music was sung by the church choir.

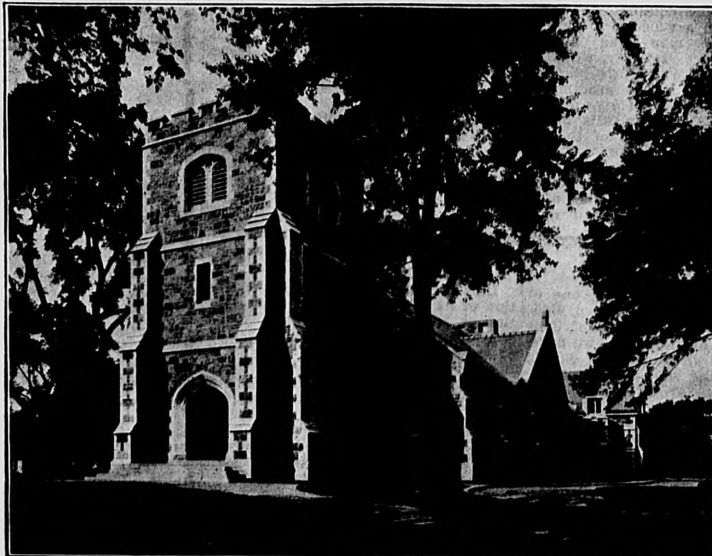

In the evening a union service was held for the young people in which the Young People's Society of the First Baptist Church joined.

The Furber Memorial Window was designed and made by Charles J. Connick of Boston. It is reminiscent of the work of the masters of the craft in the Middle Ages. The treatment is frankly decorative rather than pictorial and the commanding feature of the composition throughout is the pure color employed, contrasting as it is with substantially heavy leads and iron bars, used in honest craftsmanlike fashion.

The window has for its central theme, "The Sermon on the Mount," which occupies the three centre panels of the upper tier of lancets. It is treated in its allegorical and symbolic aspects, rather than in a severely historical manner. The luminous silver-white and scarlet of the central figure recalls especially some of the wonderful effects which visitors to Chartres have observed in that storehouse of jeweled windows.

In the small tracery pieces, occurring in the upper part of the window, are angels bearing scrolls containing the beatitudes. These figures serve to give coherence to the entire composition, and also serve to enhance the importance of the central theme. In the four small panels that occur in groups of two on either side of the three large panels, are shown representations of four important parables: "The Pharisee and the Publican," "The Rich Man and Lazarus," "The Good Samaritan" and "The Prodigal Son."

The lower tier of panels show characteristic miracles, beginning at the left with the first miracle, "The Turning of Water into Wine," next to which is "The Feeding of the Five Thousand." In the three centre lower panels occur the group representing "The Miraculous Draught of Fishes" and "The Calling of Peter, James and

John," "The Raising of Jairus's Daughter" and the "Raising of Lazarus" are shown in the two lower right hand panels.

The window cost \$4500 and the raising of the fund was part of the work of the committee on the two hundred and fiftieth anniversary of the church, which will be observed next fall.

## NEW BOOK

DAVE PORTER AND THE RUNAWAYS  
By EDWARD STRATEMEYER  
Illustrated by H. Richard Boehm.

12mo. Cloth. Price, \$1.25.

This volume tells of the young hero's final term at the Academy which he had attended for several years. While Dave is hard at work, bent on graduating with honors, something occurs which throws the whole school into excitement. Some of the students are accused of a grave crime, and while Dave and one of his chums resolve to stay and face the music, the others flee in terror, fearing arrest. Dave resolves to bring the runaways back, and goes after them, only to be caught in a flood caused by the breaking of a dam. A mysterious wild man adds to the interest of the tale, and the particulars are given of some gay times in school and out. Dave Porter will now be more popular than ever with the thousands of readers of this series.

B. F. KEITH'S THEATRE—Christmas Week is always a gala occasion for the youngsters at B. F. Keith's Theatre, and this year is to be no exception to the rule. The annual Christmas pantomime will be given every afternoon at the close of the regular performance, and every boy and girl in the audience will be invited upon the stage and receive a beautiful doll or a toy from Santa Claus. Jesse L. Lasky's big spectacular fantasy, "Clownland," a musical comedy in black and white with Ceballos and Desmond, Mabelle Sherman, Victor Stone, and a company of sixteen singers, dancers and comedians, will appear in a sort of apothecized minstrel show, with most gorgeous scenery and costumes. Mme. Mary's Greatest Show on Earth is a big trained animal circus, with twenty-five animals a company of twelve people and all manner of fun, including the famous unrideable mule. Chris Richards, the fellow with the funny legs, is one of Mr. Keith's best importations from London this season, and the surrounding bill will include the Farber Girls, Leroy, Wilson and Tom; De Lisle, the juggler; and many other strong attractions.

## Y. M. C. A. NOTES

On Monday evening, Rev. Albert Hammatt of Newtonville was the speaker at the Fellowship Club. At the close of his speech on "True Democracy" he received prolonged applause. The speaker next Monday evening will be Rev. Maurice A. Lev of the Newton Centre Baptist Church. An informal reception was tendered on Monday evening to Mayor-Elect E. O. Childs, Jr. Mr. S. M. Sayford spoke for the young men and extended most hearty congratulations to Mr. Childs. In responding, Mr. Childs said that the Association was not a political organization and that many of the members and directors did not vote for him, but that would make no difference in regard to the friendships which he had held for as long a time in the Association. The Association indeed feels honored in having its Vice President in the Mayor's Chair.

Next Sunday afternoon at 3.30 a meeting will be held around the fire place in the lobby. Mr. Wm. Macpinner son will be the leader.

## LAND COURT.

To Marlon E. Saville, of Newton, in the County of Middlesex, and said Commonwealth; Hattie A. Ruddock, of Boston, in the County of Suffolk, and said Commonwealth; Carrie Jones and Allen C. Jones, of Brookline, in the County of Norfolk, and said Commonwealth; Edward B. Wheeler, of East Las Vegas, in the State of New Mexico; any heirs, devisees or legal representatives of Eben White and of Elijah F. Woodward, late of said Newton, deceased, who have not released their interest in the land hereinafter described; and to all whom it may concern:

Whereas, a petition has been presented to said Court by Harry I. Strand, of said Boston, to register and confirm his title in the following described land:

A certain parcel of land situate in that part of said Newton, called Newton Highlands, bounded northwesterly on Beethoven Street 133.80 feet, northeasterly on land now or formerly of Marlon E. Saville 150 feet; south, easterly on land now or formerly of Hattie A. Ruddock 50 feet; southwesterly on land now or formerly of Edward B. Wheeler 50 feet; south, easterly again on said land of Wheeler 148 feet; and southwesterly again on Woodward Avenue 100.74 feet.

The above described land is shown on a plan filed with said petition, and all boundary lines are claimed to be located on the ground as shown on said plan.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk, on the twelfth day of January A. D. 1914, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, Charles Thornton Davis, Esquire, Judge of said Court, this fifteenth day of December in the year nineteen hundred and thirteen.

Attest with Seal of said Court.

duties of society. We melt the barriers of nationalities in the crucible of fraternity.

Cold indeed is the heart that can go back to the beginnings of our history and march down the dead centuries without emotions of pride and gratitude. We who are her children whether of the first or last generation are proud of our blessed country.

Have we no blots on our 'scutcheon, still, no problems yet to solve? O yes, many and great, but with God's help we shall solve them, and let us remember that

'All nature is but Art unknown to thee, All chance direction which thou canst not see, All discord harmony not understood, All partial evil universal good.'

This nation is becoming the supreme moral factor in the world today, and her pathway is as the shining light that shineth more and more unto the perfect day.

I give you the toast—Our Country America—the fairest flower of Democracy the world has ever seen. She that lifts up the manhood of the poor.

Sho of the open soul, and open door, With room about her hearth for all mankind.

On Monday afternoon, Dec. 15, the Newton Highlands C. L. S. C. was entertained by Mrs. W. S. Richards. Mrs. E. G. Swift was in charge of the work and the afternoon was given to the consideration of New Zealand.

These islands lie as far south of the equator as Japan is north, extend 1100 miles in length and are 1200 miles distant from Australia. They are of volcanic origin and there are still a few active volcanoes. The climate varies greatly owing to their great length and the soil is wonderfully fertile, being most so in the southern part.

Mrs. Swift dwelt on the wealth of flowers and the great number of varieties found there. A curious fact noted was that of 138 miles of railroad in a straight line, something which is not true in any other place.

The first inhabitants are supposed to have come from the South Sea Islands and the first white came in 1642. In 1840 New Zealand became a part of the British Empire and is now the youngest of the self-governing colonies. The fame of New Zealand's government is world wide. Eighty percent of the natives are voters.

Gold is found and exported in great quantities and a gum from which turpentine and varnish are extracted is another of the great industries of the colony. Among the curious early customs mentioned was that of tattooing, which was really a great art.

At the meeting of the Brightelm-stone Club on Monday afternoon Miss Ida Mülle entertained the members and guests with amusing songs, recitations and closed with a German character sketch. Mrs. Henry A. Childs, chairman of music, accompanied Miss Mülle. During an intermission in the program Miss Ramah Hull, violin, and Miss Ruth Lacombe, cello, with Mrs. Childs at the piano rendered acceptably a group of selections. A social half hour over the teas closed a pleasant afternoon.

The Newtonville Woman's Guild held its annual observance of Forefathers' Day on Tuesday afternoon under the direction of Mrs. G. H. Talbot. It took the form of a Colonial entertainment. An Indian dance was given by Miss Hazel Sands. Mrs. W. L. Hunt followed with dramatic recitations, giving Kipling's "Our Fathers of Old," "Money Musk," accompanied with music and Mary Mapes Dodge's "The Minuet," Eleanor Lyon and Sumner Dame going through the dance.

Miss Margarette Harding of Boston, contralto, and Mrs. Ross of West Newton, soprano, both rendered appropriate solos, while Mrs. Anton Fried, soprano, rendered old time songs accompanied by a chorus of ladies, all in colonial garb. At the close tea was served.

served by the Hospital committee, Mrs. G. H. Kimball, chairman, and here also the assistants were in old time dress. A generous contribution of jellies, etc., for the Newton Hospital was made at this time.

One of the social service meetings arranged by the Newton Centre Woman's Club was held on Tuesday afternoon at the Mason School hall. Mr. Percy Atherton of Boston spoke instead of Mr. E. Stagg Whitten, who was unable to be present, on "Prison Labor."

At the meeting of the Social Science Club on Wednesday morning Miss Miriam Drury gave an able paper on "The Possibilities of Moving Pictures." The first moving pictures were made in France about 18 years ago. No great amount of success was attained with ordinary wet or dry plates, but with the invention of the celluloid films the art received a fresh impetus. Today, the business represents a capitalization of \$200,000,000, ranking with the copper, steel and other great industries of the world. Miss Drury told of the application of these pictures in the field of medical science and in education, saying that they are being used in the public schools and even in Sunday schools as a means of instruction.

On Monday, Dec. 15th, the Newton Woman's Club held a meeting at the Newton Club, Newtonville. Mrs. Jessie Eldridge Southwick gave "Jeanne D'Arc." Music was furnished by Mr. Harold Vinal, pianist, a former pupil at the Allen School, West Newton. Social tea followed the entertainment.

The West Newton Women's Educational Club met in Players' small hall on Friday, Dec. 12th, the President in the chair.

Miss Margaret Hatfield gave a very interesting talk on the work done by the West Newton Music Settlement telling of its aims, methods and results.

Mrs. Samuel L. Eaton told about the Poster Campaign to be held all over Newton Feb. 12th for the suppression of the liquor traffic.

Mrs. L. A. Sprague of West Newton gave two well rendered piano selections.

The afternoon was in charge of Mrs. Harold B. Gibbs, chairman of Art and Literature committee, who introduced Mrs. H. E. Kimball of Worcester, whose subject was "Selma Lagerlof the Swedish writer of child's stories."

Mrs. Kimball told of the life of this Swedish girl, who, on account of delicate health, did not go to school until she was 20, spending much of her time listening to the folk lore of Sweden, told by her grandmother. These legends she has published in the form of children's fairy stories, each one teaching in a never to be forgotten way, laws of God, nature and moral precepts.

Selma Lagerlof in 1910 won the Nobel prize. It was presented to her by King Gustaf.

A "Christmas Shower" for the benefit of the Newton Hospital was held under the auspices of Mrs. G. D. Byfield, chairman Hospital Committee.

Tea was served by Mrs. H. D. Nowers and a social hour spent, during which home made foods and candy were on sale, in charge of Mrs. F. B. Young assisted by Mrs. Gorton, Mrs. Clark and Mrs. Beedie.

At the meeting of the Brightelm-stone Club on Monday afternoon Miss Ida Mülle entertained the members and guests with amusing songs, recitations and closed with a German character sketch. Mrs. Henry A. Childs, chairman of music, accompanied Miss Mülle. During an intermission in the program Miss Ramah Hull, violin, and Miss Ruth Lacombe, cello, with Mrs. Childs at the piano rendered acceptably a group of selections. A social half hour over the teas closed a pleasant afternoon.

The Newtonville Woman's Guild held its annual observance of Forefathers' Day on Tuesday afternoon under the direction of Mrs. G. H. Talbot. It took the form of a Colonial entertainment. An Indian dance was given by Miss Hazel Sands. Mrs. W. L. Hunt followed with dramatic recitations, giving Kipling's "Our Fathers of Old," "Money Musk," accompanied with music and Mary Mapes Dodge's "The Minuet," Eleanor Lyon and Sumner Dame going through the dance.

Miss Margarette Harding of Boston, contralto, and Mrs. Ross of West Newton, soprano, both rendered appropriate solos, while Mrs. Anton Fried, soprano, rendered old time songs accompanied by a chorus of ladies, all in colonial garb. At the close tea was served.

# CHRISTIAN FORUM

(Continued from Page 1)

the condition corrected, and he is helped physically to be a better man. I believe the time will come when a man will enter our prisons as he would enter a school, a college or a hospital, and when he goes out into the world he will thank God that he has been within its walls. I am not a sentimentalist. I believe if a man breaks the laws he should be punished. When he stands before the tribunal to be tried, when the jury has looked into his case it is right that all he has done should be known. Call him a thief, a murderer, anything you wish, but when he crosses the threshold of the prison let all these terms be forgotten. No prison officer should ask about his crime. The thought should be, how can we help this man. Let us study the man and improve his defects both morally and physically. I have talked to prisoners who have said they had been in four or five times and the prison officers would come to me and say it was no use to try to improve them as they had been in four or five times and there is nothing else for them, but when I looked straight at these men I found in almost every instance that they had never had a square fair chance. I found that when they had gone forth into the world after their first sentence, intending to do better, doors were shut in their faces, and nothing was left but the underworld. In many instances they were wearing the only clothes they possessed.

I remember one of the men I met in Sing Sing. He was a typical old timer, a burglar by profession. He had just slipped into crime when he was very young and had become a denizen of the underworld. I first met him the first meeting held at Sing Sing. He had never been to a place of worship outside of the prison walls. He came at our chapel meeting and heard the message. I do not think it was the message of a human voice, but one that rang through his very soul; it was the call to salvation. I have never forgotten that man. It was not long before he was a changed man. We do not know, he is so changed. We can only say it is a miracle. Now when I first met him he was serving a sixteen year term and he had nine years to serve. It was his fourth term in prison. He was transferred up to the prison at Danmora, which is the prison for old timers. My work by that time had spread to that prison, so when I went there I saw him, and the first question he asked was about the old crowd. I would say that they were doing well, and his face would light up, and he would say if so and so can do right so can I. Now he realized that the time to begin was not nine years hence but right there in prison when it came before other prisoners came to me for help and said "I want to be like that man." I had some 25 men come to me with those words and take their first step toward a better life. He had no one in the world to write to and he would write to me, and he kept it up for nine years. Some of his letters were very pathetic, and when it came to Christmas time or the Fourth of July he would sit down and the letter would read: Dear Little Mother; In nine years and so many months and so many days I shall come home." It reminded me of my childhood days when I counted the time by days. He was crossing off the years and it seemed those nine years would never pass and yet they passed and finally one day he wrote "this day next month I shall come home." Now he never had a home in his life, but by that time he had been able to make a home for him, where hopeless men may go, and he had been looking at the pictures and thinking and planning his home. It was rather hard for me to sit down and answer the letter for the day he was coming I would be far away in the west, in Salt Lake City. I wrote him that I should be with him in spirit and that my son would be there to welcome him, and shortly after there came a letter from him so full of hope. Then there came the letter of our superintendent to say that he was a living benediction among other men. Now it has been the custom in Hope Hall that every man should leave his mark in the home if he has any special skill. He was walking through the grounds one day when he turned and said "I cannot tell you how I long to go out and take my first position, but when I want to go one day before the Little Mother says 'I know this man and I can recommend him.' While I am waiting I am going to do my level best to leave my mark." He was such a pillar of strength. The man went to the village one day on a mission of trust that he was to fulfill, and there was in the village while he was there a terrible runaway accident and he was nothing of himself, counting not his own life he sprang into the breach to save others. He was knocked down and trampled upon and was picked up terribly injured and carried home. They saw it was a desperate case and

so they telephoned to our hospital. In consulting with the surgeons they said there was just one chance to save his life by operation. They operated and that one chance failed. When a few days had passed and there were only a few hours left, the doctors and nurses wrote these words to me: "The Little Mother can be proud of her boy. There is never a murmur and never a word of complaint from his lips. Always a smile and always patience." I wrote a letter immediately, and when my secretary received it she went to his cot and saw that the shadow of death was fast approaching. She read the letter to him and then he asked her to lay it on the pillow so he could feel it, and turning and looking up into her face he said "Tell me, do you really believe God loves me?" She said, "Indeed, he does." He said, "The Little Mother loves me, doesn't she?" She said "Yes, the Little Mother loves you." He said "Do you care?" She said "Yes, I care." His face lighted up and he said "How rich I am, God loves me, the Little Mother loves me, and you care, and I am so happy." And with that smile on his face he passed into the other world. I believe as he passed through those gates there was no angel to bar the way of an ex-convict, and I believe that in those nine years in prison and that death which he died for others will be remembered, and that he has heard the words "well done, good and faithful servant."

The prison work is divided into three divisions. The first is the work we undertake for the men in the prison. To help the men in prison we have formed a league which binds these men together with a new and better purpose in life. There are over 78,000 men and women in the states' prisons of this country which we have enrolled. The testimony of wardens and superintendents of the prisons where the league has covered says the discipline has improved 50 per cent. We have only to say that if the men want to live a new life they must begin in the prison by obeying the prison rules and regulations.

The second is to help a man when he comes out of prison. Many of those men are homeless and friendless. They have been given up and looked upon as absolutely beyond redeeming. Over 20,000 men have come straight to us from state prisons. Over 12,000 have passed through our training school, and you would be surprised at the vast majority that make good if you give them a fair chance. Of the number taken to our homes 75 per cent. have made good; 20 per cent. are doing all right but are counted among the doubtful ones, and only 5 per cent. go back again, and so do I.

The third branch of the work is to look after the wives and children of these men in prison. I have long felt that no state should profit by the work of its prisoners while the families are living in dire destitution. Some states have made a vast revenue through their prisoners. I know of one state that used to lease its prisoners for \$500,000 a year and yet the state did not even feed and clothe these prisoners and the families were left to starve. I have had people say to me that the prisoner of to-day is the child of a prisoner of yesterday, and they will go on and ask if the prisoner of to-day will not have criminal children and fill the prisons. I do not feel that if a father is a drunkard the poor little children are to blame, but I think in many instances the criminals of to-day are caused by the father's removal and there was no parental influence. The mother had to go to work for her children and the children are thrown upon the streets. In many instances the children go from door to door and beg.

When I was in Chicago a very happy day came in the life of one of my boys in Joliet. At nineteen years of age he was imprisoned at Joliet for life. When I first met him many years ago his was one of the saddest cases I ever saw. It looked as though his life had been wiped out. He was so long in prison and had been a very good prisoner, and was made a trusty. The time came when they trusted him with the position of some importance. Close to the penitentiary is a little shanty of a depot and the trains stop at the penitentiary only when they are flagged. Every man that goes out from that prison goes from that station and there starts out into the world. This boy was given the duty of guarding that little station and flagging the trains. For seven years he had flagged the trains for other people to go out into the world. He has seen those same trains run into the darkness and he has gone back into his prison cell. When he had served twenty years he took his case to the Governor and when I was last in Chicago his day had come. My representative went up to bring him home, as I wanted to be at home to welcome him. He went down the track and took his little flag and flagged his own train. After seven years of flagging other prisoners' trains at last his turn had come.

I saw him coming and ran down the steps to meet him and his face was so

### DISCUSS ANNEXATION

At the monthly meeting of the Men's Club of the First Church, Newton Centre, on Monday night, there was attendance of nearly one hundred members. After supper during which there was singing, with Mr. S. W. W. der at the piano, Mr. Frank M. F. bush, the president, briefly outlined the purpose of the club and presented Hon. Daniel J. Kiley of Boston who gave a long and interesting address on the matter of annexation to Boston. Mr. Kiley is an enthusiastic advocate of annexation and explained the provisions of his bill to create a Greater Boston on a favorable vote of the eighth of the entire district, regardless of individual community sentiment.

The officers of the club are: Frank H. Stewart, vice president; E. F. Rockwood, treasurer and George W. Pratt, secretary.

At the close of the address, Mrs. Booth answered a number of questions which had been sent up to the rostrum, saying that she attributed about 75 per cent of the prison inmates to saloon influences; that she did not believe in outside prison labor for state prison inmates, as it interfered with their education, their religion, training and learning a trade; that the pardoning power was proper when it did not free the man with a pull as against the man without influence; that the state should pay its prisoners who have families to support and that some states now pay a percentage of receipts after retaining enough to pay for board and keep; that she believed in the indeterminate sentence; that prisoners should not be maintained in cities but in the country, as it improved men mentally, physically and morally to work on the soil.

### WEST NEWTON W. C. T. U.

A very interesting meeting of the W. C. T. U. was held Monday evening at the home of Mrs. Millie Beardsley, Crescent street.

Miss Caswell of the Frances Willard Settlement was present and told of the grand work started at Llewellyn Lodge, Bedford. After her talk the local superintendent of the work for the Settlement said the usual barrel of preserves for the use of the Settlement Home would be forwarded this week; the Flower Mission superintendent told of the box sent in, and three days' assistance given by members to the W. C. T. U. Flower Mission in Boston, in packing and sending out 600 baskets to shut-ins at Thanksgiving.

January has been set by the National W. C. T. U. as a day of prayer to usher in the campaign for National Constitutional Prohibition. The Union will observe that afternoon in this manner at Mrs. Mason's, Washington street. The superintendent of work for sailors reported that she would send a barrel of literature and comfort bags this week from the Union.

A public meeting in the interest of the campaign will be held the last week in January.

Refreshments were served by the hostess and a social hour closed a very profitable and enjoyable evening.

**CASTLE SQUARE THEATRE**—Next Tuesday evening, Mr. Craig will begin at the Castle Square his sixth annual Christmas festival season. He has chosen as this year's attraction the famous musical play, "Miss Pocahontas," originally presented by the Cadets, and it will be staged with effective costuming and elaborate scenery. Its theme is taken from one of the most romantic episodes of early American history, and as usual in musical plays plenty of liberty is taken with actual events and actual people. From this playing with history arises no small amount of the humor of the production, and it promises to offer a picturesque Christmas entertainment on the Castle Square stage. It is especially adapted to the entertainment of children, many of whom will have the opportunity to see it during the school vacation period.

## ACCOMPLISHES MUCH GOOD

### Transfer Class at the Technical High School Awakens "Slow" Children

As a practical showing of what may be done in a really practical way with vocation work in the schools, the story of the accomplishment by the "transfer class" in the Newton Technical high school is of exceptional value. This class was formed by Miss Mary A. LaBelle, who was chosen for the work by Dr. Frank E. Spaulding, superintendent of schools. What has been accomplished and the means by which the success, which is undoubted, has been won, is best told by the teacher herself.

The report which she read at the vocation bureau conference of last week says in part:

"When it was found by the superintendent that in the Newton schools, as in the schools of many other cities, there were in the eighth year of the grammar grade a rather large number of girls over 15 years of age for whom there was little hope of promotion to the high school by the ordinary methods of grading, a special class for these girls was organized."

"It was the superintendent's belief that to the many and varied appeals to the mentality that would be made in the special courses in that school there would be an intellectual response that would cause these girls to become eventually efficient wage-earners instead of the unskilled workers that they gave promise of becoming if they left school in a somewhat discouraged condition at the end of the eighth grade."

"The total number of these girls from all of the grammar schools was 50, and their average age was 15 years and 8 months."

#### Causes of Retardation

"The causes of retardation were (1) sickness by which a grade was lost. Thirty-five out of 50 pupils had repeated at least one grade; (2) Entering school late; four did not enter until 8 years of age. (3) Unfortunate home conditions making home study impossible. (4) Slow mental development. None of the girls could be classed as subnormal or abnormal to the extent that they could not derive much benefit from work in a school room, and all were educable to a certain degree."

"The mental attitude of the most of the girls toward school work might be described by the words 'apathetic,' 'stolid,' 'slow,' 'sluggish,' and in some few cases 'belighted.'"

"We will quote here from some of the personal records, which are in many cases most interesting and sometimes pathetic documents."

"Of one pupil the record is this: Grade V. 'This pupil is energetic, faithful, and has a good mind. She was out of school during the last months of the year because of sickness.' The report of this pupil in grade VI is as follows: 'This girl was not prepared for the work of the grade and was not promoted. She seems dull and listless, and shows little interest in her work. Poor in arithmetic. Little mental ability.' Grade VII. 'The pupil is a faithful

worker, but cannot understand her work in arithmetic. Sent to the eighth grade on trial.' Grade VIII. 'Transferred to special class in technical high school.'"

#### Attitude of Discouragement

"This seems a clear story of a normal, healthy mental growth up to the end of the fifth grade when a few months of sickness so retarded the pupil that her work in the grammar school after that date was unsatisfactory. Her attitude toward school work was that of complete discouragement."

"After doing good work in the special class she is now in the clerical department, where she is doing creditable work in all her subjects."

"Another girl's record reads as follows: Grade VI. 'Little power of concentration, will not study excepting under compulsion; promoted to grade VII. on trial. In grade VII. her record reads: 'Pupil must repeat the grade, not interested in studies; good in drawing and hand work; attendance poor; no help from the home.' Grade VIII. 'Poor work. On account of age transferred to special class at high school.'"

"As might be expected from this record, this pupil could be aroused and reached only through her work in design, sewing and cooking. It was said later by her sewing teacher that she was one of the most expert needle women in the course. She plans to become a teacher of sewing."

"The two cards above quoted are typical of a great number of records in which sickness or lack of interest in studies are given as the causes of failure to do satisfactory work in the grammar grades. The lack of interest in academic work is no reflection upon the grammar school, but it is quite evident that success in academic studies often follows upon success in technical work or the sense of self-respect once aroused by the skillful performance of some technical work helps in the other studies."

#### Physical and Mental Condition

"The physical condition of the girls as they entered the high school was fairly satisfactory. Only three out of the 50 were found in a condition that would necessitate their being excused from gymnasium work. There was a lack of robustness, of power or resistance, which had made many of the girls fall easy victims to colds, headaches and other minor ailments, and this condition, of course, had meant many days of absence from school, and had been the cause to a great degree of their poor scholarship."

"In planning the special course for the girls many avenues of approach to their mentality were opened for them. They were given ten periods of academic work—commercial geography, hygiene, household accounts, and English; ten of household economics, sewing and cooking; four of design; one of physical culture and one of music. The physical conditions under which they worked were of the very best."

## PUBLIC RECEPTION

### Mayor Eliot Childs Guest of Honor on New Years Day

Mayor Hatfield has extended a general invitation to every citizen to be present at a public reception tendered Mayor-elect Edwin O. Childs, Jr., and the members and members-elect of the Board of Aldermen of 1914, to be held at the City Hall on the afternoon of next Thursday, January first, from four to six o'clock. It is hoped that every person interested in our city government will make an effort to be present. These receptions in the past have been most pleasant occasions and have constantly grown in public favor.

## RECEPTION TO MISS HAWKES

The telephone operators at the Newton South Exchange tendered a reception last week Thursday evening to Miss Elsie Hawkes at her home, Floral street, Newton Highlands. The affair was a complete surprise to Miss Hawkes, who will enter the Peter Bent Brigham Hospital next month for training. During the evening Miss Margaret Asbell presented her with a traveling bag. Those present were Helen Dargin, Mary McCarthy, Mary Germerly, Ada Clarke, Margaret Asbell, Mabel Fitzgerald, Alice Sampson, Maude Sherman, Mary Quinn, Elizabeth O'Donnell, Mary McDonald, Fannie McDonald, Mae Donahue, Jennie Hunt, Clare DeRusha, Agnes Lucy, Eva Tyrell, Ruth Horrigan, Gladys Hamilton, Maude Hennrikus, Lillian Mathews, Laura Levesque and Marjorie Hawkes.

## BAUER AND THIBAUD COMING

The concert in Symphony Hall next Sunday afternoon, December 28th, will be of more than ordinary interest. It will be a concert of violin and piano music by Harold Bauer and Jacques Thibaud. Harold Bauer needs no introduction to Boston which was the first city to appreciate his fine artistry. Jacques Thibaud is generally regarded as the greatest of French violinists and is one of the very great violinists of the world. Fritz Kreisler is a profound admirer of his talent and when he was here the other day spoke most warmly of him. Thibaud was in America a matter of ten years ago and made a lasting impression on those that heard him by the beauty of his tone and the elegance of his style. In ten years, however, we hear that his art has broadened greatly and he is much more now than merely an elegant violinist.

## HUNNEWELL CLUB

There were twelve tables in play at the ladies' matinee whist on Monday, the prizes being won by Mrs. G. F. Tracy, Mrs. W. H. Whitcomb, Mrs. C. L. Pearson and Mrs. Carlton. Geo. M. Nash was in charge. The annual children's party will be held tomorrow afternoon. A dancing party will see the old year out next Wednesday.

## SKATER DROWNED

### John McDermott Breaks Thru Ice on Hammond's Pond

John McDermott, an employee of the Boston Ice Company, who lived at the home of John A. O'Handley, 1174 Boylston street, Chestnut Hill, was drowned in Hammond's Pond while skating Saturday evening. The accident happened about 75 feet off shore.

Charles B. Floyd of 1338 Beacon street, Brookline, had warned McDermott as he started away toward a dangerous place in the ice but McDermott replied the ice was all right. The ice suddenly gave away and he disappeared into the water.

William S. Aspinwall of Hammond street, Chestnut Hill, telephoned to the Brookline Police Station, but as the accident happened within the jurisdiction of the Newton police, the latter were notified.

Lieut. Joseph J. O'Connell of the Brookline police, however, dispatched two patrolmen, Thomas J. Craig and Robert J. Evans, to the scene in the police auto driven by James A. Harkness.

When the officers arrived they found that employees of the ice company and others had placed a ladder out over the dangerous part of the ice and were trying to recover the body. This proved futile.

After dragging the pond for about an hour, Harkness who had a long ice hook, finally brought the body to the surface.

Not much is known of McDermott, he came from Nova Scotia.

## CITY HALL NOTES

Street Commissioner Ross fractured his right wrist on Monday while cranking his automobile.

Mayor Hatfield will tender the usual New Year's reception to Mayor-elect Childs at the City Hall next Thursday afternoon.

City Treasurer Newhall has sold \$30,000 four per cent sewer bonds to Merrill, Oldham & Co. at 103.418. The city of Lynn sold \$70,800 at the same time for 101.29, showing the difference in the credit of the two municipalities.

## MR. PRETTO LEASES HOTEL

### OXFORD

Mr. Philip P. Pretto, one of the best-known of New England hotel men, has leased the Hotel Oxford on Huntington avenue, Boston, for 10 years. The new lessee formerly was manager of the Newton Club and of the Technology Chambers Trust, and for the past three years he has been associated with George E. Stearns, lessees of the Nantasket Hotel and State property.

## PECULIAR FIRE

### Christmas Brawl at Jackson Residence Newton Highlands

Hunting for decorations for a Christmas tree to be held at school resulted in a \$1000 fire Friday afternoon, which burned off the roof and damaged the top floor of the three-story wooden house at 77 Hartford street, Newton Highlands, owned and occupied by William S. Jackson.

While bending over a box containing decorations at her home, Esther L. Jackson of the Hyde Grammar School accidentally dropped a lighted match into a lot of cotton wool in which tinsel and spangles were packed, instantly igniting it. Esther shrieked for help and Mrs. Jackson dashed upstairs with a bucket of water, which she poured upon the blazing wool, apparently extinguishing the flames.

Satisfied that the fire was out, Mrs. Jackson and daughter went downstairs, giving the matter no further consideration. About an hour later, however, Martha Jackson, Mrs. Jackson's elder daughter, a junior at the Newton High School, happened to go upstairs and discovered the whole place in flames. She immediately rushed out to the engine house, giving the alarm herself.

By the time the firemen arrived the entire upper story was ablaze and the flames were breaking through the roof. Evidently the fire in the cotton wool was not wholly extinguished by the water which Mrs. Jackson poured upon it, and after smoldering for nearly an hour burst forth again.

## DANCE

Members of the Delta Sigma Nu, N. H. S., gave a very enjoyable dancing party on Tuesday evening at the Hunnewell Club.

The hall was attractively decorated with Christmas wreaths and evergreen, and the Club banners.

Music was furnished by a string orchestra and there was an attendance of about forty couples.

The matrons were Mrs. Burnham, Mrs. Withington and Mrs. Whitney.

## OLD RESIDENT DEAD

Mrs. Mary Woodworth Briggs, a resident of Newton for more than thirty years, died last week Thursday night at the home of her daughter Mrs. George H. Hastings, 15 Turner street, Newtonville, at the age of 85. Mrs. Briggs was widow of Freeman C. Briggs, and besides Mrs. Hastings, leaves a son, George F. Briggs. Funeral services were held last Monday afternoon at her late home and were conducted by Rev. Harrie R. Chamberlin, pastor of the Immanuel Baptist Church, Newton. Interment was in the family lot of the Newton Cemetery.

## CHRISTMAS PARADE

### The Newton Business Men Make An Unusual Demonstration

The Newton Business Men's Association certainly woke up the town last Saturday evening with its unique Christmas parade and band concert. The parade formed in the early evening on Pearl street and Nonantum square was packed with people to witness the unusual spectacle. The Cambridge City Band formed directly in the square and marched thru Centre street to the Public Library and then returned to the waiting automobiles on Pearl street amid a glare of red fire.

The parade was headed by Vice-President Chas. G. Newcomb of the Association and he was followed by a score of automobiles, some of them elaborately decorated, that of the Edison Light Company being the most noticeable. Others in the line were the Geo. W. Bush Co., the N. & W. Gas Light Co., James P. Alrth, Newton Opera House, E. W. Darrell, the Graphic Press, the Newton Garage, John T. Burns, Walter B. Wolcott and the band in Newcomb's express truck.

## POLICE NOTES

Louis F. Curtis, who was one of the participants in the Wild West escapade on the evening of Dec. 1 when the party, on a joy ride, demolished six arc lights near the Weston Bridge with a rifle, appeared in court last Friday morning, and Judge Bacon imposed a suspended sentence of three months in the House of Correction, and ordered him to pay the damage, which amounted to \$150 and also the witness fees, \$9.50. Young Curtis pleaded guilty to the charge, and offered no defense. His father agreed to settle.

Joseph A. Bryant of 221 Highland avenue, West Newton, widely known as a fancier of horses and dogs, was in court Friday morning on the charge of violating a city ordinance, which prohibits keeping barking and biting dogs. Mr. Bryant is a breeder of the so-called German police dog, and several neighbors testified that the animals barked all hours of the day and night, and that one small child in the neighborhood was bitten on the hand. Judge Bacon imposed a fine of \$10, which Mr. Bryant paid, and told him that he must have an understanding with his neighbors as to keeping his dogs. The one which the neighbors testified bit the child was held in the Police Station during the trial. This dog is owned by a Brookline woman, who placed it in Mr. Bryant's keeping.

## CHARITY BALL

At the coming Charity Ball on New Year's Eve at Newton Centre, the very unique feature of a room set apart for Pivot Auction seems to be much appreciated. Every effort is being made for the pleasure of the guests in a spirit of old time hospitality. Already the sale of tickets assures a large party.

Special arrangements have been made for two electric cars at the close of the dance, one to Newtonville, and one to Lake street.

The line of march included many of the streets in the business section of Newton, thence to Nonantum, Newtonville, West Newton, Auburndale, Lower Falls, Waban, Upper Falls, Highlands and Newton Centre, returning to Nonantum square about ten o'clock.

The affair was in the very efficient hands of Mr. Chas. G. Newcomb, Vice-President of the Association.

## GOLDEN WEDDING

Mr. and Mrs. Isaac M. Lord celebrated their golden wedding anniversary last Monday at their home on Camden road, Auburndale.

Owing to a cold which Mr. Lord contracted a week ago, the celebration which their friends had planned was not fully carried out, but a great many called and paid their compliments.

Mr. Lord is a native of Limington, Me., and his wife, who was Elizabeth S. Bryer, is a native of Bootbay, Me. They were married in Boston on Dec. 22, 1863, by Rev. Phineas Stowe, pastor of the First Baptist Church, and have lived in this city for the past nine years.

In 1862 Mr. Lord enlisted in the 11th Massachusetts Battery, and saw nine months of fighting. He returned to Boston at the time of the Cooper street riot and a few months later was married. Eleven days after his marriage he re-enlisted in the battery and did not see his wife again until June, 1864, when she, hearing that he was wounded in the hospital at Willets Point, Va., went there and nursed him back to health.

At the close of the war they came back to Boston and in 1868 Mr. Lord joined the Boston Police department, being attached to Station 5. For a few years he did patrol duty, but was promoted to be the first mounted officer, which he held until his resignation in 1876. A beautiful engraved picture hangs in his home, which was a gift from William M. Hunt, a Boston artist, whom Mr. Lord saved in a runaway accident.

For several years he was interested in construction work, but a few years ago accepted a position in the Waltham watch factory which he still fills. The employees of the department, with whom Mr. Lord is very popular, presented the couple with several gifts of gold and jewelry. Many other gifts of gold were bestowed upon them.

Mr. Lord is a member of E. P. Rogers Post, G. A. R., of Waltham, and also the Masons. The couple have one son, Charles H. Lord, who makes his home with his parents.

## FLAG DRILL

Lizabeth A. Turner Tent 36, D. of V., have been invited to give their patriotic entertainment and flag drill on the evening of Jan. 1, for the members of Charles Ward Post 62, G. A. R. The affair will be held in G. A. R. Hall, Newtonville.

### EDITORIAL

The demonstration of the Newton  
Business Men's Association last Sat-  
urday night aroused considerable  
public interest. A few more move-  
ments of this kind and of last  
Fourth of July will prove the value of  
such organizations to the city. TRADE  
IN NEWTON.

The sale of \$30,000 sewer bonds by  
City Treasurer Newhall at a price con-  
siderably higher than that obtained  
by the city of Lynn at the same time,  
indicates that Newton's credit stands  
mightily well in financial circles in Bos-  
ton.

My apologies are due to my Chris-  
tian Science friends for labelling an  
educational talk by Mr. John B. Willis,  
associate editor of the Christian  
Science publications, as a "Christian

A Happy New Year to all.

### CHRISTMAS PARTY

Mr. and Mrs. Arthur Brown of the  
Highland Villa entertained their  
guests last evening at a Christmas  
Party.

The living room, dining room and  
reception rooms were tastefully de-  
corated with poinsettias, evergreen  
wreaths and holly.

After the dinner was served an in-  
teresting entertainment was given,  
which included readings by Mrs. Wat-  
son of Boston.

A pleasant feature of the evening  
was a Christmas Tree, beautifully de-  
corated and well laden with gifts  
which were distributed among the  
guests.

### LODGING HOUSES INSPECTED

Last week, Thursday night, Agent  
Alfred M. Russell made another in-  
spection in the Italian settlement at  
West Newton, in connection with the  
health regulations, which prohibits  
more than one person to every 400  
cubic feet of air in a sleeping room.  
In the house of Filippo Corgone at 70  
Border street, Mr. Russell found 18 in  
the house sleeping, which is seven  
more than the law allows. He also  
visited 11 Border street, 72 Border  
street, 78 Border street and 17 Harvey  
place, and in each place found more  
boarders than the law allows. In  
all, 18 houses were visited.

### DEATH OF MRS. SISON

Mrs. Emma Hall Sison, wife of Al-  
bert T. Sison of Newtonville, passed  
away Monday, after an illness of about  
eight days.

The funeral was held Wednesday at  
her late residence on Page road. Ser-  
vice. Services will be conducted at 1:30  
by Rev. Jay T. Stocking, pastor of the  
First Universalist Church, of which  
she was a member.

There was a large attendance of  
relatives and friends and the burial  
was in the Newton Cemetery.

A husband and one daughter sur-  
vive.

### DEATH OF MRS. STROUT

Mrs. Harriet E. Strout, widow of the  
late Charles Strout, passed away Tues-  
day at Newtonville.

The funeral will be held today at  
her late residence on Highland ave-  
nue. Services will be conducted by  
Rev. Jay T. Stocking, pastor of the

### SHARE WITH THEIR EMPLOYEES

Practice of Dividing Profits is Spread-  
ing Among the Large Employers  
of Labor.

A leading carpet manufacturing  
company in the United States made  
its fifth profit-sharing distribution  
among its employees the other day.  
It paid out \$82,000 to 3,500 employees,  
according to the length of their ser-  
vice. Those who have worked for the  
firm for ten years received 10 per cent.  
of their earnings in the past six  
months, and those who had been em-  
ployed for five to ten years five per  
cent. of their earnings for the same  
period.

The first profit-sharing distribution  
of this company was made on Sep-  
tember 1, 1911, and since then the  
share of the profits distributed among  
the employees has been \$342,000. In  
September, 1911, 1,500 employees shared  
in \$50,000; on March 1, 1912, 2,500  
employees received \$65,000; on Sep-  
tember 1, 1912, 3,100 employees shared  
in \$70,000; and last March there were  
3,300 recipients of \$75,000. Two days  
after the last profit-sharing payments  
were made by the carpet company  
\$150,000 were distributed to 150 em-  
ployees of a business house of South  
Bend, Ind. George Wyman left his es-  
tate to his widow, requesting her at  
her death to bequeath his fortune to  
the employees of his establishment.

Accordingly, on September 3 \$150,-  
000 was distributed, not according to  
the length of service, but where it  
would do the most good. The gifts  
were from \$50 to several thousands of  
dollars each.

Bar Harbor Magnate Tells Good Story  
in Contradicting an Absurd  
Rumor.

F. E. Wall, chairman of the select-  
men of Bar Harbor, laughed at the  
story that he proposed to abolish the  
turkey trot and bunny hug in the  
houses of the Bar Harbor cottagers.  
"There is a little truth in the  
story," he said, "for we do intend to  
supervise our public dances, but to  
say we would penetrate with our rules  
and regulations into the drawing  
rooms of our cottagers—ridiculous!"

"Why, this mixture of truth and ab-  
surdity reminds me of a newspaper  
paragraph I saw in a country paper  
the other day. It was an obituary  
paragraph, but a fire story had got  
mixed with it, just as absurdity has  
got mixed with our dance regulations,  
and the paragraph ran thus:

"The pall bearers lowered the body  
into the grave. It was consigned to  
the flames. There were few if any re-  
gions, for the old wreck had been an  
eyecore to the village for years. Of  
course, there was some slight individ-  
ual loss, but this was fully covered by  
insurance. "Good riddance" seemed to  
be the universal sentiment."

### Prayer Monopoly.

Judge William H. Hunt said at a  
luncheon in Washington the other day:

"The Chinese beat us in many  
things—they even beat us in trusts.

"Once, in my boyhood in New Or-  
leans, I got to know quite well Yot  
Lung, a laundry man. Yot had hang-  
ing above his cot a queer pad of rice  
paper, like a calendar, all written  
over with Chinese characters.

"What is that, Yot?" I asked one  
day.

"That," he answered, "is a prayer  
book. I tear off half a sheet every  
night and half a sheet every morning,  
for the good pray twice a day."

"He went on to explain that a cor-  
poration in Peking had the monopoly of  
these prayer books, a copyright pro-  
tected them, and any one who in-  
fringed the copyright got a year in  
jail.

"A monopoly of a nation's prayer!  
A monopoly of oil or meat or steel  
seems trifling beside that, eh?"

### Much Good in Laughter.

"Laugh and grow fat," is the popu-  
lar maxim which is often quoted to  
pessimists, and some interesting re-  
marks on the value of laughter were  
made by Dr. W. McDougall at one of  
the recent meetings of the British as-  
sociation. The doctor defined laughter  
as Nature's protection against the  
sympathetic processes. "We often  
laugh," he said, "at the minor misfor-  
tunes of other people, in order not to  
be driven to tears by them. Our nat-  
ural inclination in face of calamities  
befalling other people is to feel de-  
pressed. In order that this depres-  
sion may not prove too overwhelming  
in its effects Nature sets up a demand  
that we shall laugh instead. And  
thus laughter gives the stimulus that  
promotes good health.

### Happy Man.

Lord Haldane, leaving New York,  
expressed his displeasure over the  
frequency of American divorce.

"In the train from Philadelphia the  
other day," he said, "two young and  
pretty women sat near me.

"So Cora is married, eh?" said the  
first.

"Yes; married last week," the other  
answered.

"And who is the happy man?"

"Why, John Brown, of course,  
whose \$5,000 alimony now censures."

### At Last.

Senator Kern, at a dinner in Indian-  
apolis, listened with a deprecatory  
smile to the condemnation of a man  
who boasted overmuch.

At the end of this attack Senator  
Kern said:

"Oh, well, when we blow our own  
horns we can at least be sure that we  
are doing something which would other-  
wise be left undone."

### WOULD SAVE CARLYLE HOUSE

Only Small Sum of Money Needed to  
Preserve It From Possible  
Destruction.

Scotsmen the world over will bear  
with mingled feelings that Filsen  
Young, Irish author, is making an elo-  
quent appeal for \$500 to preserve the  
house at the little Scottish village of  
Ecclefechan in which Thomas Car-  
lyle was born, and which was built  
by the labor of his own father's honest  
hands.

"His father, who was a master ma-  
son, built it himself in partnership  
with his brother, and the house was  
divided in two halves, occupied re-  
spectively by the families of the two  
brothers. It is known as The Arched  
House because the lower part is divid-  
ed in the middle by an open archway,  
with two doors of entrance on either  
side of it. The building thus stands  
by itself.

"In the northern of these two houses  
Carlyle was born in 1795; and, with  
the small accumulated fund aforesaid,  
the Carlyle House Memorial Trust  
were able to buy this four-room birth-  
place of a famous man, and preserve it  
for the public, and equip it as a  
memorial of him in the same way as  
the house in Cheyne row in London is  
equipped. But they were not able to  
buy the other, or southern half of the  
Arched House, and so long as it re-  
mains the property of some one else  
the dignity and even the security of  
the other half is threatened.

"It can now be bought for \$500, and  
easily let to a desirable tenant at an  
annual rent of \$30 or \$35, so that the  
transaction would be a profitable one;  
and at the same time this little build-  
ing, which stands complete in itself,  
would be assured from degradation or  
demolition."

One cynical newspaper man, how-  
ever, headed this most worthy appeal,  
"Is Andrew Carnegie dead?"

### DEAL MAINLY IN MILLIONS

Open-Handed Generosity of American  
Plutocrats Is Something to  
Marvel At.

A cable dispatch the past week an-  
nounced, with quite a flourish of  
trumpets, that the money value of the  
magnificent display of gifts at the wed-  
ding of the royal Prince Arthur of  
Connaught and the Duchess of Fife  
was estimated at no less a sum than  
\$750,000. The number and generosity  
of the donors are reported to have oc-  
casioned a great wagging of tongues  
and a general lifting of eyebrows in  
the assembled ranks of royalty. On  
the same day there was recorded a  
wedding at Baltimore on which occa-  
sion the father of the groom, Mr.  
Henry Clay Frick, presented to the  
bride his check for \$2,000,000, while  
the fortunate groom received from his  
father securities valued at \$12,000,000.  
No mention was made of other gifts,  
which were presumably numerous and  
valuable, to use the familiar phrase. Com-  
paratively speaking, how meager and  
unimposing are the evidences of the  
esteem of European potentates and  
princes when contrasted with the to-  
kens of the open-handed generosity of  
our American plutocracy nowadays!

### Queens Earn Their Own Living.

Queen Mary has written an essay  
on painting on china and is an expert  
in that art. More than one reigning  
queen could earn her own living  
should necessity demand that she go  
to work. The queen of the Belgians  
has taken a medical degree at Leip-  
zig, and assisted her father, Duke  
Charles Theodore, of Bavaria, in his  
practice as an oculist. Carmen Sylva  
could, of course, make a good income  
as an author, and might obtain a post  
as secretary, for, in addition to her  
knowledge of languages, she writes  
shorthand and is an expert typist. An-  
other versatile sovereign is the queen  
of Norway, who paints admirably,  
trims hats in a style that would en-  
sure her a good salary from any high  
class milliner, and is a bookbinder of  
more than average skill. The Ger-  
man empress and Queen Wilhelmina  
of Holland might keep themselves go-  
ing by painting miniatures.

### Test Contradictive Theory.

The recent scientific baby contests  
in New York and elsewhere disclosed  
the interesting fact that the "prize-  
winners" usually belonged to very poor  
parents who had broken every law  
of eugenics, of heredity, and of hy-  
giene. Now comes a similar report  
from Japan. The children of the pri-  
mary schools in Tokyo have been med-  
ically examined with the result that  
the babies from the middle and lower  
elements of the population were of  
superior development to the others.  
Thus do we find a further example  
of the constant war between theory  
and fact. It is the eugenically paired  
couples who hate each other with a  
fervor unusual even in the married  
state, and it is the hygienic and germ-  
proof babies who are so loved by the  
gods that they die young.

### Better Dead Than "Ugly."

The great regret of Gertrude Mu-  
nagle's life was that she was not pret-  
ty. At least she believed she was not.  
The worry made her bitter and nerv-  
ous, and at twenty-six sent her to the  
General hospital. Still she worried  
about it. A week ago yesterday she  
was taken to the State Hospital for  
the Insane at St. Joseph.

"Good-by," she told attendants at  
the General hospital. "The first chance  
I get I'm going to commit suicide. Life  
isn't worth living when you're ugly."

Word has been received that Miss  
Munagle killed herself at the St. Jo-  
seph institution. She was formerly a  
telephone operator.—Kansas City Dis-  
patch to the New York World.

—Last Tuesday afternoon, the child-  
ren of the primary department of the  
Sunday School of the Methodist Church  
held their Christmas tree. In the eve-  
ning the adult members had a supper,  
which was followed by a musical en-  
tertainment. The children brought  
presents for the tree which were  
taken to the Deaconess Hospital, Bos-  
ton for distribution.

The Christmas Festival of the  
Bible School of the First Baptist  
Church was held in the Chapel last  
Tuesday afternoon and evening. The  
afternoon was devoted to games, sto-  
ries, and the coming of Santa Claus  
for the Kindergarten and Primary De-  
partments. The older scholars and  
their friends brought gifts in the eve-  
ning for later distribution in Boston.  
The entertainment consisted of an ex-  
cellent presentation in song and pan-  
tomime of "Christmas through the  
Ages." The scenes were as follows:  
"The Hills above Bethlehem," "The  
Forests of Thuringia—550 A. D.,"  
"The Castle of Count Frederik of  
Saxony, awaiting his return from the  
Holy Land," "Manor House in York-  
shire—1750," "The House of Frau  
Weinhold," "The House of Monsieur  
Maurette," "1913." A social hour in  
the dining room concluded one of the  
most delightful festivals of recent  
years.

### MR. LANCASTER DEAD

Mr. Charles B. Lancaster, for many  
years a resident of this city and for-  
merly a prominent shoe manufacturer,  
died Monday night at the home of his  
daughter, Mrs. C. Peter Clark, at 75  
Pleasant street, Newton Centre.

Mr. Lancaster was born Jan. 8, 1837,  
at Portland, Me., but came to Boston  
at the age of 14 and found employ-  
ment in the shoe business. In 1860  
nine years later, he started business  
for himself, and the same year married  
Miss Mary Elizabeth Brackett.

From retail trade he built up a com-  
mission business and soon afterwards  
engaged in the manufacture of shoes.  
His business grew and at one time he  
had factories in Lynn, Marblehead  
and Westboro in the State and at  
Pittsfield and Keene, N. H. He retired  
from business about 15 years ago.

He was prominent in the Masonic  
order and a past commander of De  
Molay Commandery, K. T. He was a  
charter member of the Algonquin Club  
of Boston and a member of the Eastern  
Yacht Club.

Mr. Lancaster leaves a son and four  
daughters. They are: Mr. Walter B.  
Lancaster of Boston, Mrs. C. Peter  
Clark of Newton, Mrs. William B. Coley  
of New York, Mrs. Sydney Harwood  
of Newton and Mrs. William C. Carey  
of Salem, O.

Funeral services were held at the  
Clark home on Pleasant street, New-  
ton Centre, on Wednesday afternoon,  
at which Rev. Edward M. Noyes, D.D.,  
of the First Church officiated. The  
body was then removed to the Far-  
low Memorial Chapel at the Newton  
Cemetery, where a Masonic service  
was held, in charge of De Molay Com-  
mandery, K. T., of which Mr. Lan-  
caster was a past commander. The rit-  
ual was in charge of Commander Ed-  
ward E. Jameson, Generalissimo; Wil-  
liam M. Farrington, Captain General;  
Almon B. Cilley, and Prelate Arthur  
W. Merritt. There was a large at-  
tendance of friends and associates, in-  
cluding many members of De Molay  
Commandery. The floral tributes were  
many and beautiful.

## CLAFLIN GUARD NOTES

State Armory, West Newton

A Christmas Tree, bearing a present for each member and guest, will be the occasion of a good time for those present at the Armory this evening.

It may be a gold brick, or it may be a lemon, but it will be some little remembrance of the fine supper and entertainment enjoyed. Among the guests invited and expected to be present is His Honor, Mayor Hatfield, Chief of Police Mitchell, Colonel Frank P. Cutting, commanding 5th Inf., and his Adjutant Capt. Wade, Major Francis Meredith, commanding 2d Battalion of which this Co. is a unit. Major Barnes and Mr. Reuben Forknell of the Claflin Guard Vet. Assn., and Mr. Wm. F. Garcelon. The Company Commander Capt. Bruce will be in charge, assisted by Lieutenants Tierney and Whitteley, and it is expected all members will be present, as a good time is assured, and it is for their interests that Captain Bruce is tendering the supper and entertainment.

After the supper, speeches will be made by Mayor Hatfield and other guests, and Captain Bruce as Company Commander, will deliver the speech, welcoming the guests. He will no doubt earnestly solicit the continued presence of Mayor Hatfield at the good times coming. "Though we shall lose him as our mayor, we shall not lose him as our guest." Those present shall "smoke up" as usual on the "Captain," which is bound to be a feature of the evening, as he is noted for his high grade "Perfector," which will also signify that he is not a "dead one."

## FAULT FINDING WAS HIS JOY

Momus, God of Mockery, Was Banished From Heaven for Criticizing Work of the Immortals.

Have you ever heard a grumbler called a Momus?

Momus, in Greek legend, was the god of mockery, whose chief joy in existence was to find fault with mortals and immortals as well when the occasion offered.

Upon one occasion Neptune, Minerva and Vulcan contested the point as to which was the best artist, and Momus was appointed to sit in judgment upon their respective merits. Neptune made a bull in his best style. Minerva fashioned a house. Vulcan made a man.

Momus decided that Vulcan's man was not perfect because he had neglected to put a window in his chest so that his creature's thoughts could be read by all who wished to know of what he was thinking. Minerva's house did not suit him because it was bored tried to peer in. Neptune's bull, he shifted out of the way when trouble threatened or meddlesome neighbors tried to peer in. Neptune's bull, said Momus, was very imperfect because its horns were too near the front of its head.

So furious were the gods at his decisions upon their best work that they banished him from heaven. Shortly afterward, it is said, Momus died of a broken heart because he could find no flaw in the peerless beauty of Venus.

## ANT EATERS EAT WAY BILLS

Also Destroy Office Stationery, and in General Make Life a Burden to Express Agent.

A brace of armadillos (ant eaters), from some point in South America, came to the Wells-Fargo express office in this city two weeks ago, addressed to "Harry Crawford," Jefferson City. There is no person of that name in the city.

The animals have been an unending source of trouble to the agent, Edward McKenna. They escaped from their box one night, and after playfully chewing up all the way bills, stationery, and everything else that was loose in the office, they got down to the basement and burrowed so deep that, in digging them out, one was injured so badly it died.

Since then the other has been disconsolate, and has repeatedly tried to get away. It succeeded, finally, and several men had to dig for it under the building in which the express office is located.

McKenna says that as express matter armadillos are worse than the guinea pigs made famous in Ellis Park or Butler's story, "Pigs Is Pigs." Jefferson City Dispatch to St. Louis Republic.

## The Better Place.

An old country woman, compelled to sit in a suffocating smoking compartment in a crowded excursion train, gazed open-mouthed through the window at a lady on the platform who was giving the porter exhaustive instructions regarding the storage of her bicycle.

"See that you find the best place in the van, porter, and fix it very securely, and don't let anyone play with the bell, and close the windows so that nobody can steal it, and cover up the handle-bars, and make sure the train doesn't shake it as it goes over the points."

The porter promised slavish obedience, pocketed his tip and turned to go away.

"One moment, young fellow," cried the old woman, leaning out of the window and catching his arm. "I want to get out of here. It ain't half cosy enough. Here's tuppence; now show me the way to the bicycle van."—Exchange.

## Possible Explanation.

Louis E. Van Norman, associate editor of the Review of Reviews, recently returned from his vacation in Montana. Out there he discovered an old timer who was particularly bitter toward the Plegian Indians. "I like the Sioux, and the Apaches and the Crowa," said this old fellow, beating violently on the table. "Them Indians are gentlemen. When they went on the warpath they always took their blankets off, and all you had to do was to run and hide. But the Plegians! Mister, there ain't nothing as mean as a Plegian." Next day Mr. Van Norman asked "Bill" Burns, a veteran Glacier Park guide, why the old man hates Plegians so. "Well," said Mr. Burns reflectively, "the old cuss married a Plegian squaw. Maybe it's race prejudice."

## Orders Is Orders.

A prominent resident of a western city owns a magnificent touring car equipped with every modern improvement. Recently he was taking a trip across the state. Passing through a small town about dusk, he was halted by the town marshal, who ordered him to light his lights. With a movement of one hand he switched on the electric lights, to the great consternation of the pompous marshal. Recovering himself, he thundered:

"Young fellow, when I order you to light your lights, I mean for you to get out of the car and light 'em."

## Coal Production.

It was thought that in 1900 a high-water mark of coal production in this country had been reached with a production of 269,684,027 short tons, yet the production of the past two years has been nearly double, or 531,912,351 and 526,504,281 tons greater, respectively.

## WHY MARTIN WAS DOCKED

According to System, He Was Away From Post of Duty, and That Settled It.

The boss on a large construction job in Western Canada was going over the accounts on payday with the new timekeeper. The timekeeper had been there but a week and was anxious to make good. The paychecks were regular enough, except one, which showed one hour less than the rest.

"Look here," said the boss suspiciously. "I thought everybody put in full time last week."

"All except Abe Martin, the night watchman," the timekeeper answered. "He was off duty one hour Wednesday night."

"Man alive!" exclaimed the astonished boss. "That was the night Abe discovered the burglar setting fire to the commissary building after he had robbed the storekeeper's till. Why, didn't you hear about it? Everybody is calling Abe a hero, and," he whispered confidentially, "the railroad company is talking about rewarding him handsomely for what he did. If he hadn't captured the fellow, thousands of dollars' worth of supplies would have gone up in smoke."

"Yes, I know," agreed the timekeeper. "I estimated the loss and figured that it would have run into as much as this job is worth."

"And Abe chased the fellow up into the hills," the boss continued. "The fellow was desperate and took two or three shots at Abe. They struggled desperately before Abe finally overpowered him and forced him back to camp. It was fully an hour before he got back, too."

"Sure!" responded the timekeeper triumphantly. "I docked him for the time he was gone."—Judge.

## QUEER OLD PIECE OF ROCK

Part of It Was Made in the Devonian Period by Animals Living in Shells.

A curious piece of rock resembling somewhat a dog's head, is in the possession of W. C. Strickler. "It was born, so I am told," says Mr. Strickler, "where Pennsylvania now is, millions of years ago. It is composed of two kinds of rock. The under rock and the horns, that look like eyes, is of igneous origin, had its birth in fire, and the upper rock, which belongs to the Devonian period, was deposited on the sea floor by little animals that live in shells. One of these shells can be seen under the right eye and is called by geologists 'Atrypa Reticularis,' reticulated like a lady's veil. This upper rock is full of these shells. The parent rock, to which this piece belongs, is supposed to have come to the surface in Pennsylvania when the Allegheny mountains were elevated and during the glacial period this piece was broken off, carried and dropped where it was found."

## You Are Person of Influence.

"We are, all of us, whether young or old, famous or obscure, women of influence. We cannot live a day without affecting the world somewhat for good or ill, whether we will or not."

"We are all a part of life's forces, whether we know it or not. Be as humble as you like, you are still a person of influence, if not by your own choosing, then often by God's decree. It may be only a smile or a simple kindness that you have given to a little child, but it starts agencies you little dream of; or it may be some selfishness and lack of honor, some weakness in you that sets in motion a long train of hurtful and bad influences or circumstances. For all life is connected, and whether you wish it or not your life affects other lives."—Woman's Home Companion.

## Women Advance in Astronomy.

Professor Whiting and Miss Allen of Wellesley have returned from the International Solar conference in Bonn, Germany, and from visits to English and continental observatories. Both are enthusiastic about the advance of women in their social and official relations to astronomical study. At a residence of English astronomers cleft in Burlington house, the wives and daughters of English astronomers appeared for the first time. Two ladies resident for a lifetime in the house of the astronomer royal at Greenwich had never before been to a meeting of the society. In the observatory of Paris Professor Whiting found a young woman practically in charge of the time service and transit instrument.

## Old Maine Hunting Gun.

Among his valued possessions Harry Smith of Skowhegan, Me., has a gun about 150 years old, and it has proved not only a safeguard, but it has helped make history. It was owned by his great-grandfather, Captain Churchill, who assisted Arnold on the Kennebec on his expedition. It is known to have shot several men. Captain Churchill used it at home in hunting bears, and it has fifty notches on it to represent the number of bears that it has shot. It is of the old flintlock type, and heavy enough to have killed a bear if it had dropped on him.

## The Caustic Boarder.

"Well," said the hotel proprietor, "I must go out to the racetrack this afternoon and see if I can clean up a little stake."

"If I were you," said the caustic boarder, "I would stay here and see if I couldn't clean up the little steak served every meal at this table. It sure needs it."

Whereupon the proprietor went out and added \$3 for extra to the caustic boarder's bill.

## CHIVALRY OF THE ANIMALS

Human Trait That Is Shown in Their Attitude Toward the Young and the Weak.

One of the most interesting of all the human traits in the animals is that of chivalry, as shown by the animals in their attitude toward the young and weak. It is an unwritten law in the animal world that the young have rights which must be respected. This accounts for the unusual sight, sometimes seen, when a fierce dog who has thrashed every other dog in the neighborhood, and has become a terror to every upstart in puppydom, will turn tail and flee in an apparent terror when a young dog or kitten is presented to him.

The maternal and paternal instincts are among the strongest of all. Parents will grieve over the loss of the young, but they apparently have no conception of death. There is deep sympathy, or something very close to it among animals. A cry of distress from a fellow-beast or bird in trouble will bring others from all directions. There is a powerful instinct on the part of all animals to protect the young when in trouble. Hogs and cattle are among the most dangerous of domestic animals when aroused; the surest way to arouse them is to injure their young. Let a bird utter a call for help, and instantly the air around will be filled with feathered champions of the victim.

## CONCRETE TO HOLD A RIVER

Material Used to Patch Holes in Bed Through Which the Water Periodically Vanishes.

It has been found necessary to put another patch on the bed of the Blanco river, says the Martindale (Tex.) Dispatch. This stream has a remarkable way of losing itself, and in order to restore it to its surface channel, a concrete patch has been placed upon the holes through which it disappears. For many years it has been emptying portions of its flow into small holes in its bed, but it was not until about a year ago that the entire bottom, so to speak, dropped out at a point near San Marcos.

In one night the river below that point went dry. It had had a width of nearly 200 feet and was flowing a strong current until the sudden disappearance of the water. The drying up of the stream meant heavy losses to persons dependent upon it for water supply.

Civil engineers were consulted in regard to restoring the flow, and it was decided to patch the hole into which the water was emptying. This was done at a heavy expense.

A few days ago the river wore another big hole through the bed twenty miles northeast of here and the same method of patching is being followed.

## For the Small Boy.

Small boys, step up and shake hands with this venerable gentleman. His name is Science, and he just has presented to the aching world the soothing assurance of a colicless cucumber. Don't see how that affects you? That shows that your mind has not been trained to carry a thought to its logical conclusion. Can't you understand that the advent of the colicless cucumber presages the coming of the creamless green apple?

With no fear of retributive stomach ache, carefree hands of youngsters, when that happy day arrives, can eat their fill of the apple after they have overturned Giovanni's fruit stand and sped, laughing, a safe distance along the avenue. The immature peach when consumed will carry with it no moral pointing consequences. Happy days are in store for childhood.

## Exterminated Like the Buffalo.

Some idea of the vast numbers of animals that Africa used to support can be gained from a passage in W. Scully's reminiscences. It was Mr. Scully's good fortune in 1892 to witness the last great trek of springbucks from east to west of the Bushmanland desert—a trek on a scale such as no man will ever see again. Fencing, the increase of population and the distribution of arms have almost exterminated the once innumerable host. He says: "I have stood on an eminence some twenty feet high, far out on the plains, and seen the absolutely level surface, as wide as the eye could reach, covered with resting springbucks, white from over the eastern horizon the rising columns of dust told of fresh hosts advancing."

## An Unfortunate Mix-Up.

Once upon a time a gentleman entered a florist's shop, ordering two bunches of flowers. "One was to go to a lady friend and the other was to go to the home of a friend who had just died. On the first he wrote: 'To help you bear the heat,' the weather being very warm; on the second he inscribed 'Sympathy.' When the flowers were delivered a mistake was made. The lady received the bunch marked 'Sympathy,' and immediately answered, asking why she needed his sympathy. He never heard from the other box.

## Didn't See the Other One.

In a suburban electorate the candidate was being rationally heckled and though an amiable man as a rule, he was provoked to the suggestion that the conduct of one man in the meeting at least was insane. "If I am an ass," roared the interjector, "there's two of us here. Ha! Ha!" "I've noticed you," said the candidate quietly. "I've heard you bray—but I don't see your friend."

#### HIGH SCHOOL NOTES

Through the kindness of Mrs. H. O. Poor the class of 1913 held their first reunion at the home of their classmate, Stearns Poor, 180 Valentine street, on Monday evening. Over seventy-five were present. The affair was in charge of Malcolm Brock and Jane Bacon the president and secretary, respectively, of the 1913 Alumnae Association. During the first part of the evening a short musical program was given. A violin solo by Miss Miriam Herron was followed by two short recitations by Gordon Van Kirk. After two selections by the Senior Male Quartet, composed of Collins, Withington, Townsend, and Chapin, the main event of the evening took place, a short sketch entitled, "The Magic Hour." This play which was written by Miss Helen Smith had the following cast: Madam Hinkley keeper of wax figure shop in London, Mary K. Bacon; Steve, her assistant, Gordon Van Kirk; Al Johnson, Norman Thompson; Anne Claire (The Quaker Girl), Emily Procter; Mutt, Lawrence Smith; Jeff, Kenneth Dunmore; Christie McDonald, Barbara Wellington; Mrs. P. V. Hawkins, Joseph Gardner; Mr. P. V. Hawkins, Thomas W. Adams.

Dancing was enjoyed until a late hour.

B. F. KEITH'S THEATRE—Eleanor Gordon, Boston's own favorite actress, will come to B. F. Keith's Theatre next week for a limited engagement of positively one week only. She will appear in a condensed version of the comedy, "Sham," one of the most successful pieces she ever played in, supported by a company of five carefully selected players. From a spectacular point of view, the big feature of the bill will be W. Ussem's Third Generation, a wonderful group of marvelous acrobats of all ages and sizes, in an acrobatic sketch called "Artist's Children." Other excellent attractions on a New Year bill replete with interesting and entertaining features will be James Diamond, the eccentric dancer, and Sibly Brennan, the comedienne in "Nittygrasse." Charlie Case, the funny blackface comedian who talks about his father; Sam Lewis and Sam Dody, known as "The Two Sams," in their famous specialty, "Oh, look at that," the Great Alpine Troupe of sensational acrobats and wire walkers in daring feats in mid air; Harry B. Lester, "The Jovial Jester," in new songs and impersonations; Sprague and McNeese, in their unique entertainment on roller skates, including dancers and whirlwind spinning; and many other excellent features yet to be announced.

BOSTON OPERA HOUSE—The second week of the holidays will be fittingly observed at the Boston Opera House by repeating two popular operas, and giving three other works their initial hearing for the current season.

On Monday night "Rigoletto" will present the greatest of the world's coloratura sopranos in one of the greatest of florid roles. Mme. Tetrazzini as Gilda will naturally be the "star" of the performance, but the cast will be throughout an excellent one, and the presentation will be well-balanced in every respect.

On Wednesday night, New Year's Eve, a notable performance of "Hoffman" will be sung with Evelyn Scotney as Olympia, Elizabeth Arden as Gullietta, and Louise Edvina as Antonia.

"Madame Butterfly" will be repeated on Friday night, with several new figures in the cast. Mme. Edvina will sing the part of Cio-Cio-San, for the first time on any stage, and her interpretation is sure to be inspiring and interesting.

On Saturday afternoon will occur the revival of Puccini's "La Boheme." The Mimì will be a wholly new figure, as Maggie Teyte will sing the part, making her first appearance in opera in Boston.

The operatic performances of the week will be drawn to a close with Saturday night's production of the spectacular "Aida," at the regular Saturday night scale of popular prices. The title part will be sung by Ada Androva, who will make her debut as a member of the Boston Opera Company.

## ONE CAN NEVER TELL

By HAROLD DAY.

"Be ye again to swear away the life of your own son—our son, Mary!" The old man's voice quavered and sunk into a whine.

"I'm goin' to tell the truth," replied the old woman with a weary smile. "He threw it away himself and killed his brother—my baby. I saw him do it, and I'm goin' to tell the truth and let him be punished."

"But Tom's your boy too, Mary—your eldest," persisted the old man. "What's he ever done to show it?" cried the woman fiercely. "He struck me—yes, struck me with his own hand; not once, but twenty times. Aye, and he struck you too, Nat. I seen him do it more'n once. What comfort has he ever been to us? What pride have we in him, what hope for his future? No, no, Nat, we might as well give up and call our lives a failure. He's been a bad boy, and he's a bad man, and he's killed his own brother, and I won't do anything to save him."

"But he was in licker when he did it," pleaded the old man. "You know Tom was not very bad except when he was in licker. And he wasn't himself when he did it. And he feels as sorry as anybody for it now. Not the gallow! Ah! Mary, not the gallow! and he slipped from his chair onto his knees and sobbed before her. "Where's Peter?" demanded the woman, drawing back her skirts, which the man attempted to cling pathetically to. "Where's my Pete, who never did a wrong to anybody, and who always was bullied and licked by Tom? I won't save him, I tell you I won't."

The day of the trial came, and the prosecuting attorney arose, calm and confident, as he addressed the jury. Here was an easy case, and it promised to be brief. He would get a quick conviction and the accompanying glory and would hurry along other cases and show a dispatch of business which would reflect great credit upon his office. The conviction was sure, because the boy's mother was to go on the stand to testify against him.

It had been a brutal murder, too—the killing of Peter Harter by his brother Tom. As nearly as could be found out he had been stabbed without warning simply because he was associated with his brother for brutal language used to the old mother.

It would be a good thing for the community, moreover, to get rid of Tom Harter. He always had been a bad egg, and a menace to peaceable, law-abiding citizens.

"This case, gentlemen, is fortunately so plain that it will be necessary to detain you but a few moments. In fact, I think one witness will determine the entire matter. Let Mary Harter be sworn."

As the woman took her seat in the witness box an almost imperceptible but heart-breaking moan came from the white lips of the old man, whose side she left. It caught her ear, and she turned her eyes upon him. As she looked, his drawn face and terror-stricken eyes faded from her sight in a sort of mist through which she saw the face of her young lover of forty years ago. She saw him beside her at the altar on that day of days when all the future was bright and all the sky rose-colored.

And out of the mist came the outlines of the cradle in which she had rocked her first-born—the cradle Nat had built with his own hands.

Then she heard as in a dream the smug voice of the prosecuting attorney:

"Now, Mrs. Harter, tell the jury your name and relationship to the prisoner and the victim of this brutal murder, and in your own words tell if you saw the deed committed and just how it happened."

Turning bewildered eyes on the lawyer, the court and the jury, the woman gave her name and address. Then gazing straight at her husband through tear-filled eyes, she said, with perfect deliberation and emphasis:

"Tom and Pete had some words about some money and Pete got mad and said: 'I'll kill you, you low, good-for-nothing blaggard; that's what I'll do,' and he struck him with a chair and drove him back into the corner. Tom was tryin' to defend himself, and he saw he was goin' to get his head broke, and there was murder in Pete's eyes, and Tom reached out for the knife that was on the table and struck at Pete. And it killed him. And that was all there was to it."

During this testimony the prisoner and his father had leaped to their feet, the former with amazement depicted on his face, the latter with tears starting to his eyes, while the prosecuting attorney sat back with mouth wide open, so thoroughly paralyzed that he never protested as the old woman, at the end of her testimony, arose and stepped down from the witness chair.

She never looked at the prisoner, but walked straight to her husband and, hand in hand, they walked from the court room.

"I will ask that the case be dismissed," said the prosecuting attorney. "And I will recommend a study of woman's nature to every law student."

## POWERS-THREWEIT WEDDING AT DENVER

The wedding of Mr. Leland Powers of Arlington, street, Newton, and Miss Barsha Threweit took place on Saturday evening last in the Central Presbyterian Church in Denver.

The Denver papers of Sunday last devote considerable space to accounts of this wedding, which they refer to as a fashionable affair in Denver society. We quote a part of the article contained in the Rocky Mountain News and Times of Sunday last.

"Society paused a few hours last evening and for the time forgot their busy preparations for the gladdening of hearts on Christmas and witnessed the first Yuletide wedding. The Central Presbyterian Church was transformed into a spot of beauty for the celebration of the wedding of Miss Barsha Threweit, the only daughter of Mr. and Mrs. B. F. Threweit, to Leland Powers of Boston. The chancel of the church was banked with green palms and bay trees, against which a profusion of deep red flowers was used.

The bridal party was led by Mr. John W. Ford of Youngstown, Ohio, a roommate of the groom at the Harvard Law School, and Mr. George W. Brown, Mr. Henry Wilson and Mr. Barton Parker of Denver, who acted as groomsmen. They were followed by the bridesmaids, who included four stunning brunettes, Miss Helen Hart of Warren, Ohio, Miss Persis Tabor, Miss Roma Jones and Miss Alice Schleiter of Denver. They were gowned alike in white chameuse gowns, which were draped in simple lines. White lace formed the short tunic over the skirts, and also adorned the bodice. They carried baskets of brilliant velvet petals, pink and white. Following these came Miss Margaret Temple of Tacoma, Washington, the maid of honor. Her gown also was of the clinging white chameuse and she carried an armful of crimson carnations. Escorted by her father, the bride came to the altar. Her robe was an elaborate affair, shimmering ivory satin, the skirt of which fell in graceful lines into a full court train. The entire bodice of Venetian rose point lace was cut in a V neck and long tight sleeves. Miss Threweit wore a tulle veil of three-quarter length, which was worn by Mr. Powers' grandmother at her wedding in 1836. It was fastened to her dark hair with a cap of point lace. She carried a shower bouquet of valley lilies and orchids, and her ornaments were a lavalier of aquamarines and diamonds, with ear drops to match, the gift of the groom.

The ceremony was performed by the Reverend Robert F. Coyle and following it a brilliant reception was held at the home of the bride's parents at 1271 Lafayette street.

The couple left last evening for New Orleans. They will make their home in Newtonville, Massachusetts. Miss Threweit is an interesting girl, and has by her genuine unaffected manner won a host of friends in Denver and abroad, where she attended school. Mr. Powers is a student of the Harvard Law School, from which he will graduate in June.

The Denver Post of Sunday contains a lengthy account of the wedding from which we quote in part only.

"Last evening in the Central Presbyterian Church, at eight o'clock, Miss Barsha Threweit became the bride of Leland Powers."

To all persons interested in any of the real estate of Margaret Jones late of Newton in said County, deceased, Intestate.

WHEREAS, Thomas E. Jones, sole heir at law of Edward Jones, late of Newton in the County of Middlesex, has presented to said Court a petition, representing that he as such sole heir of said Edward Jones, is entitled to take five thousand dollars and one half of the remaining personal, and one half of the remaining real property of said Margaret Jones, and Edward Jones having waived the provisions of the will of said Margaret Jones; that the personal estate is insufficient to pay the said five thousand dollars and that the whole amount of the estate of said deceased does not exceed in value the sum of five thousand dollars over and above the amount necessary to pay debts and charges of administration; and praying that the whole of the real estate which is described in said petition may be assigned and set out to the estate of said Edward Jones by the Court according to law, to provide for said deficiency, at a value of Thirty-one Hundred Dollars, or at such other value as may be determined by said Court.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twenty-second day of January A. D. 1914, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And as said petitioner is ordered to serve this citation by delivering a copy thereof to each person interested who can be found within the Commonwealth, fourteen days, at least, before said Court; and, if any one cannot be so found, by publishing the same in the Newton Graphic a newspaper published in Newton once in each week, for three successive weeks, the last publication to be one day, at least, before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this sixteenth day of December in the year one thousand nine hundred and thirteen.

W. E. ROGERS, Register.

Notice is hereby given, that the subscribers have been duly appointed administrators of the estate of Anna E. Atwater late of Newton in the County of Middlesex, deceased, Intestate, and have taken upon themselves that trust by giving bonds, as the law directs. All persons having demands upon the estate of said deceased are required to exhibit the same, and all persons indebted to said estate are called upon to make payment to

## Leland Powers of Boston, in the presence of a large gathering of friends and relatives.

It was a Yuletide wedding, and the church was elaborately decorated with palms, ferns and quantities of poinsettias for the occasion. While the guests were gathering, Lawrence Whipp rendered a splendid musical program.

The ushers, Mr. John W. Ford of Youngstown, Ohio, Mr. George W. Brown, Mr. Henry Wilson, Mr. Barton Parker of Denver, led the bridal procession up the long aisle. Following them were the bridesmaids, Miss Helen Hart, Miss Persis Tabor, Miss Roma Jones and Miss Alice Schleiter, walking two and two in the order named.

They were all gowned in exquisite creations of white chameuse with wristed tunics of Brussels net, and carried baskets filled with poinsettias.

Miss Margaret Temple of Tacoma, Washington, as maid of honor in a handsome creation of white chameuse and chiffon and carrying a huge armful of bright red carnations preceded the bride.

Miss Threweit, with her father Benjamin Threweit, was a magnet for a shower of admiring glances as she walked slowly up the aisle, in her beautiful gown of soft white satin, exquisitely simple in design, with a bodice of Brussels net, and a long court train that, though falling from her shoulders, was made into the gown instead of being separately attached. Her veil was the handsomest that has ever adorned a Denver bride. It was one that had belonged to the groom's grandmother, and was of brocade lace, and fastened to her dark hair in a sort of cap effect. Her ornaments were a lavalier of aquamarines and diamonds with ear drops to match, the gift of the groom. She carried a gorgeous bouquet of white orchids and valley lilies.

At the altar they were met by the groom and Mr. Lewis B. Wallace of Boston, a classmate of the groom at Dartmouth College, who acted as best man.

The Sunday News prints the following:

"The wedding of Miss Barsha Threweit and Leland Powers which took place yesterday, was preceded by a number of smart pre-nuptial affairs. The couple were the guests of honor at a luncheon Monday by Miss Alice Schleiter. Miss Persis Tabor presided at dinner Thursday evening. A bridge party was given Wednesday evening by Miss Roma Jones and Miss Threweit entertained her bridal party at a luncheon Tuesday."

"George Brown and Harry Wilson entertained the Threweit-Powers bridal party at a dinner-dance Friday evening."

The wedding took place on the twenty-first birthday of the bride, and the engagement was announced at a dinner party at the Denver Country Club on her twentieth birthday. Mr. and Mrs. Powers will occupy the house which is now being built for them on Grove Hill, Newtonville, upon its completion, which will be in the early part of the summer.

## Mortgagee's Sale of Real Estate

By virtue of a power of sale contained in a certain mortgage deed given by Arthur L. Brayton and Wendell H. Brayton, both of Newton, County of Middlesex, Commonwealth of Massachusetts, to the Exchange Trust Company, dated August 30, 1912, and recorded in the Registry of Deeds for the County of Middlesex, South District, Book 3744, page 84, for breach of the condition in said mortgage and for the purpose of foreclosing the same, all be sold on the premises hereinafter described at public auction on Thursday, the fifteenth of January, 1914, at three o'clock in the afternoon all and singular the premises conveyed by said mortgage deed and therein described substantially as follows:

Two undivided third parts, and any and all interest of said Arthur L. Brayton and Wendell H. Brayton, in and to a certain parcel of land with the buildings thereon situate and numbered 871 Beacon Street, in that part of Newton called Newton Centre, in the County of Middlesex in said Commonwealth, bounded and described as follows:

Southerly on said Beacon Street ninety (90) feet; easterly partly by land now or formerly of Barton and partly by land now or formerly of Turpin one hundred and twenty (120) feet; northerly by land now or formerly of Edmonds eighty-nine (89) feet, the line being indicated by stakes at either end; westerly partly by land now or formerly of Hawthorne and partly by land now or formerly of Goodwin one hundred and twenty-six (126) feet, containing 11,070 square feet, or however otherwise said premises may be bounded or described and be all or any of said measurements more or less.

Being the same premises described in the deed to Lester Brayton dated May 4, 1889, and recorded in the Middlesex South District Deeds, Book 1910, page 28.

Said premises are subject to mortgage for \$6000 held by the Newton Savings Bank, dated February 15, 1902, recorded with said Deeds, Book 2947, page 284.

Also a certain parcel of land with a stable thereon, situate on Francis and Elliott Streets in said Newton, being Lots 67, 68, and 69 on a plan recorded with said Deeds, Plan Book 117, Plan 8, containing 11,631 square feet. Said last described lot is subject to a mortgage for \$1000 recorded with said Deeds, Book 3534, page 229.

The premises first above described will be sold subject to said \$6000 mortgage and accrued interest thereon. The premises secondly above described will be sold subject to the said \$1000 mortgage and accrued interest thereon.

Both of the lots above described will be sold subject to any and all outstanding tax titles, unpaid taxes, or other municipal liens whatsoever. \$1000 will be required to be paid in cash by the purchaser at the time and place of sale; other terms at sale.

JOHN E. GILCREAST,  
Assignee and present holder of said mortgage.

## RELIC OF PONCE DE LEON

Illinois Man Has Recently Added It  
to His Already Extremely Val-  
uable Collection.

A collection of relics, not related  
in any way, but each object of which  
is particularly interesting in itself, is  
that of Mr. Michael Robinson of  
Shawneetown, Ill., to whose treasure  
was recently added a piece of the  
coffin in which Ponce de Leon was  
buried in the old cathedral at San  
Juan, Porto Rico.

When the leaden casket of the ex-  
plorer was examined before it was  
transferred from the old cathedral to  
the new one it was found to be in a  
very poor condition. So insecure did  
it appear that it was decided a new  
casket should be provided. The old  
one was then discarded and cut into  
pieces, which were given to persons  
of prominence who attended the  
cathedral ceremonies. Cardinal Far-  
ley, who was in charge of the cele-  
bration, gave one of these pieces to  
Capt. O. P. Townsend, who command-  
ed the guard of honor for the body,  
and Captain Townsend gave the relic  
to Mr. Robinson to add to his already  
interesting collection.

From eons and eons farther back  
in the history of this continent comes  
another relic which Mr. Robinson  
treasures, a block of sandstone bear-  
ing the clear imprint of the human  
foot. It was taken from "The Rocks,"  
a short distance from Shawneetown,  
but over the border line in Kentucky.  
It is believed in the neighborhood  
that the imprint is that of prehistoric  
man.

A third era of the continent's his-  
tory, that which brings the collection  
down to the modern world, is rep-  
resented by an old silk Revolutionary  
flag.—New York Herald.

from such compulsions is wrong. As  
well might the locomotive ask to dash  
out unrestrained over the prairie and  
the bridge. The tracks which confine  
it continue its usefulness and its life.

## DEVIL DANCERS OF CEYLON

They Are Called Into Requisition for  
Curing All Kinds of  
Sickness.

Despite the advance of medical  
knowledge throughout India, says a  
writer in the October Wide World  
Magazine, devil dancers are still called  
into requisition in many parts of Cey-  
lon for curing all kinds of sickness.

When a native is taken ill his relatives  
first apply medical treatment. If, after  
some days, this appears to be ineffec-  
tive, it is concluded that the sickness  
is one incapable of cure in this man-  
ner, but is caused by some inimical in-  
fluence, and must therefore be due to  
either a glance of the evil eye, the ac-  
tion of a demon, or some evil planetary  
action. The soothsayer is then sent  
for, and this worthy, after examining  
the patient, names the demon or spirit  
responsible for the malady. An offer-  
ing is then made to the demon in the  
form of food, a coin, or a piece of  
cloth. Then follows the professional  
dance, carried out by the devil  
dancers. Two men clad in gorgeous  
garments and wearing strange head-  
dresses and masks go through a num-  
ber of grotesque and extraordinary  
evolutions to the beating of the tom-  
toms, making weird noises the while.  
This is kept up for hours, sometimes  
all night, and is always performed  
within sight of the sick person. In the  
complete ceremonies of the demon  
called Samhi Yaka, who causes con-  
vulsions, severe toothache, headache,  
etc., no fewer than 32 different masks  
are worn in turn by the dancers. Cur-  
iously enough, observers state that  
these strange ceremonies usually have  
a favorable effect upon the patient's  
illness.

given.

—Last Monday an automobile bel-  
onging to a Watertown party while  
trying to avoid running down a large  
dog on Lincoln street ran into a tree  
damaging the automobile somewhat.

—Miss Bessie T. Salmon of Walnut  
street has returned from Portland, Me.,  
where she gave with Miss Harlow of  
that city a very enjoyable evening's  
entertainment last week, before a large  
audience.

—Mrs. George H. Mollen of Lake  
avenue, first vice chairman of the  
State Committee of the Progressive  
party, and for the past year director  
of the work among women in the  
State, has resigned both positions in  
order that she may have more time  
for study and lecturing upon immigra-  
tion and the feminist question.

—Desire to Be Free is Wrong.  
Ob, the worth of coercion in a daily  
duty which must be done whether we  
like it or not! The desire to be free  
from such compulsions is wrong. As  
well might the locomotive ask to dash  
out unrestrained over the prairie and  
the bridge. The tracks which confine  
it continue its usefulness and its life.

## NOTICE TO SKATERS

As soon as the weather becomes cold  
enough the Newton Playground De-  
partment will issue daily bulletins  
about the quality of ice in all the New-  
tons. These bulletins will be tele-  
phoned to the main school buildings  
in the various districts and will be  
posted in these schools.

Anybody desiring further infor-  
mation about skating should telephone to  
the Playground Office, Newton West  
103, between nine and twelve A. M.  
and 1.30 and 5 P. M.

The Forestry Department will again  
flood the following places:—Boyd Park  
and Stearns Playground in Nonantum;  
Farlow Park in Newton; Cabot Play-  
ground in Newtonville; West Newton  
Playground; Burr Schoolyard in Aubur-  
ndale and small baseball diamond on  
Newton Centre Playground.

As in former years, the Forestry De-  
partment will care for the ice surfaces  
at all the above mentioned places and  
also that of Bulloughs Pond. With the  
help of the Metropolitan Park Depart-  
ment and the Ice Companies which  
control Crystal Lake and Hammonds  
Pond, the bulletins will report about  
Pulsifer Cove, Auburndale; Hammonds  
Pond, Chestnut Hill and Crystal Lake,  
Newton Centre.

Farlow Park and the Newton Centre  
Playground skating rinks are reserved  
during the day for the use of children  
only.

The Playground Department invites  
the co-operation of all those who are  
interested in this wholesome winter  
sport by helping to keep the ice free  
from stones and rubbish and by help-  
ing to keep everybody off the ice until  
it is officially announced that the  
places are ready for skating.

Anybody who willfully destroys the  
ice on skating places on the Newton  
Playgrounds is liable to a heavy fine.  
Ernest Hermann,  
Superintendent.

## CHRISTMAS OPERETTA

Pupils of the West Newton Music  
School entertained several hundred  
people last Friday evening in Play-  
er's Hall, West Newton, with a Chris-  
mas operetta entitled "Tables Turned."

The affair was for the benefit of the  
school. It was staged under the di-  
rection of Miss M. Ethel Blake, Miss Ethel  
Howland, Mrs. L. A. Kimberley, Miss  
Margaret Hatfield and Arthur C. Hos-  
mer. Previous to the operetta several  
students of the school rendered a  
pleasing program, which consisted of  
violin solos by Charles Laffie, Joseph  
Deffely and Irene Forte, and three  
piano solos by Miss Edith Spinazola.

The cast of the operetta comprised:  
Clara M. Bullard, Marguerite Jones,  
James Lawry, Edith Spinazola, Flo-  
ra Spencer, Minnie O'Callaghan, Doris  
Forte, Gertrude Priest, Nora Barry,  
Katherine Gibbons, Margaret Hanlan,  
Gwendolyn O'Neill, Margaret Kelly,  
Irving Farnham, Thomas Foristal and  
Joseph Heaton.

The chorus consisted of Alice Mc-  
Kee, Helen Walsh, Emily Commons,  
Lillian Toney, Katherine Toney, Eliza-  
beth Kelly, Elmer Hatton, Katherine  
Gibbons, Margaret Hanlan, Ethel  
O'Reilly, Alice Roache, Genevieve  
Tolan, Gladys Lucas, Catherine Ryan,  
Evelyn Nordstrom, Eleanor Roache,

Sanderson, Tom Foristal, Joseph De-  
feley, Doris Forte, Nora Barry, Ger-  
trude Priest, Alice Bowman, Annie  
Dowling, Louise Kelley and Elizabeth  
Cronin.

**Moral indifference.**  
If ignorance and passion are the  
foes of popular morality, it must be  
confessed that moral indifference is the  
malady of the cultivated classes.  
The modern separation of enlighten-  
ment and virtue, of thought and con-  
science, of the intellectual aristocracy  
from the honest and vulgar crowd, is  
the greatest danger that can threaten  
liberty.—Henri Frederic Amiel.

## WOMEN'S CLUBS

MISS GRACE M. BURT, Editor.

Christmas is over, the misadventures  
have been read, the joyful secrets are se-  
crets no more and every one is hap-  
py. The Christmas spirit is still in  
the air and may it continue at least  
through the coming week and wel-  
come in the New Year. Let us hope  
that no one was left unremembered  
and that no one was lonely upon this  
day, which should be one of great  
joy.

As we look back over the year that  
is passing and realize that there yet  
remain grave problems still to be  
solved, some of the gravest the world  
has had to face, may we have faith to  
believe that we are a little nearer  
their solution, that order will come  
out of chaos and that the time is not  
far distant.

"When Peace shall over all the earth  
Its ancient splendors fling,  
And the whole world give back the  
song  
Which now the angels sing."

## Travel Class

The semi-monthly meeting of the  
travel class of the West Newton Wom-  
en's Educational Club was held Wed-  
nesday, December 17, with Mrs. H. K.  
Burris, of West Newton. There were  
four excellent papers read which had  
been most carefully prepared by the  
following members:—

Mrs. Sidney Sargent's topic was  
"Mohammedanism in India." Mrs.  
John R. McLean, "The Parsus." Mrs.  
Francis E. Nowers wrote on "Bombay  
and Towers of Silence" and Mrs. Guy  
C. Hallwood on "The Sikhos." The  
discussion which followed the reading  
of each paper added greatly to the  
educational value of the topic con-  
sidered.

A social half hour which followed  
was enjoyed by all.

## NEWTON CLUB

A large number of members and  
friends attended the "Round Up" of  
December 18th and were well enter-  
tained. The burlesque bowling skit  
was cleverly conceived and carried  
out after which an evening of music  
was had in the Assembly Hall where  
the University City Entertainers were  
listened to, and general singing in-  
cluded in the program.

At the recent Evening Bridge the  
ladies receiving were Mrs. Henry A.  
Young, Mrs. Alfred E. Vose and Mrs.  
Thorndike Whittemore.

Prizes were won by Mrs. George P.  
Malcolm, Mrs. C. H. Voe and Mrs. Rob-  
t. Bouclard; also by Messrs. Geo.  
P. Malcolm, Harold Morrill and P. J.  
Calley.

An illustrated lecture on "Fertile  
Argentina and its Vast Patagonian  
"ampas" will be given at the Newton  
Club next Tuesday evening by Charles  
Wellington Furlong.

## CHRISTMAS CAROLS SUNG

The good old English fashion of  
singing Christmas Carols on Christ-  
mas Eve is becoming more and more  
popular as the weather conditions im-  
prove from year to year, and this  
year the mild temperature tempted a  
large number out.

The various Sunday Schools were  
out in force singing at the homes of  
invalids and well-known people. In  
many cases the party was accompa-  
nied by a cornet player or some other  
instrumentalist, and their trips were  
not finished until midnight.

Fifty girls from Elliot Church gath-  
ered at the home of Miss Mary Ganse  
on Hunnewell Hill and sang carols in  
the Newton streets.

The choir and Sunday School of St.  
Paul's Episcopal Church, Newton  
Highlands, which have conducted  
similar excursions in past years under  
the direction of Mrs. A. G. Wellman,  
toured the Highlands section. The  
party was entertained at nearly every  
house and collected a large sum of  
money for the benefit of the church.

More than 50 young people of the  
First Baptist Church, Newton Centre,  
under the direction of Rev. Maurice A.  
Levy and Mr. Samuel A. Shannon,  
made a circuit of that section, sing-  
ing at the homes of invalids.

At Newton Lower Falls, Rev. Fran-  
cis B. White of St. Mary's Episcopal  
Church, accompanied by 14 members  
of the choir, paraded the principal  
streets of that section, singing carols.

A band of singers from the Church  
of the New Jerusalem, under the lead-  
ership of Rev. E. M. Lawrence Gould,  
the assistant pastor, made the vicinity  
of Birch Hill road and other sections  
of West Newton Hill resound with the  
joyous strains of the Christmas Carols.

## GOLDEN WEDDING

Mr. and Mrs. John Heald of Elliot  
place, residents of Newton for the past  
31 years, celebrated their golden wed-  
ding last Saturday evening at the  
Twoibly House on Elliot street. The  
reception was attended by 150 relatives  
and friends.

Mr. and Mrs. Heald received in the  
large assembly hall, being seated at  
one end of the room under an arbor  
and large floral bell and were assist-  
ed by their two sons, John J., and  
William Heald.

They were the recipients of a bag  
of gold.

The couple were married in Pres-  
ton, Lancashire, England, and came to  
the United States in 1879, settling in  
Philadelphia, until they came to  
Newton, 31 years ago.

Mrs. Heald is a member of the  
Mothers' Club and is a regular attend-  
ant at their meetings, and her hus-  
band, who is 72 years of age, works  
regularly at the carpenter trade.

## RECEPTION TO MR. CHILDS

A public reception was tendered  
Mayor-elect Edwin O. Childs in Eagle  
Hall, Newton, last Monday evening.  
The affair was under the auspices of  
the Newton Democratic Club and was  
attended by several hundred people.  
T. D. Murphy, president of the club,  
presided and addresses were made by  
Alderman Reuben Forknall, Daniel  
O'Connell, John C. Madden, Alderman  
John W. Murphy and Mr. Childs. Dur-  
ing the evening several vocal selec-  
tions were rendered, and those present  
were given the opportunity to meet the  
Mayor-elect.

## HUNNEWELL CLUB

The bowling last Saturday was won  
by Mr. Shirley P. Kerns, three string  
and Mr. C. F. Stanley, high single.  
Yesterday, the Christmas bowling  
prizes were awarded to Mr. C. C. Col-  
by, three string and Mr. P. S. Jamie-  
son, high single.

## GREAT NUMBER OF LOFTY MOUNTAINS

Things are wonderful principally by  
comparison. There are 60 or more  
lofty mountains in California rising  
more than 13,000 feet above sea level  
which are not considered sufficiently  
noteworthy among all the surrounding  
wealth of mountain scenery to have  
even received names, according to the  
United States Geological Survey. Any  
one of these mountain peaks, if situ-  
ated in the eastern part of the United  
States, would of course be visited by  
millions of people. But California has  
70 additional mountain peaks more  
than 13,000 feet high which have been  
named, or 130 in all, as well as a dozen  
rising above 14,000 feet.

**PARK THEATRE**—May Robson will  
come to Boston New Year's week at  
the Park Theatre in "The Clever Wom-  
an", a new three-act comedy by James  
Forbes.

The story of the play is not a new  
one. It couldn't be and carry fittingly  
the message Miss Robson brings to  
wives and mothers—the blessedness  
of a sense of humor in running the  
various and varied affairs of the  
household of a newly rich man. The  
story is a human one—human be-  
cause it is happening every day in  
real life. While May Robson is essen-  
tially a comedienne, her new vehicle  
opens a wide field for her versatility  
in portraying pathos as well as com-  
edy. The famous character actress  
says it is the best play in which she  
ever starred.

Matinees will be on Wednesday and  
Saturday.

### Mortgagee's Sale of Real Estate

By virtue of the power of sale contained in a certain mortgage deed given by Oliver Burrows and John H. Wilson to Francis A. White, dated October 1st, 1910, and recorded with Middlesex South District Deeds, Book 3129, Page 312, and duly assigned to the said Francis A. White, the condition of said mortgage and for the purpose of foreclosing the same, will be sold at public auction, on the sixth day of January, A. D. 1915, at four o'clock in the afternoon, all and singular the premises conveyed by said mortgage deed, and therein described substantially as follows: a certain parcel of land with the buildings thereon, situated in that part of Newton in the County of Middlesex and Commonwealth of Massachusetts called Newtonville, and bounded and described as follows, to wit: beginning at the corner of Watertown Street and Walnut Street, two hundred and fifty feet to the City of Newton hereinafter mentioned, and thence running Northerly on said Walnut Street, two hundred and fifty feet to land formerly of Kate Page; thence running Westerly by said land formerly of Kate Page, two hundred and fifty feet to land now or formerly of Baker; thence running Southerly on said land now or formerly of Baker, two hundred and fifty feet to said Watertown Street; and thence running Easterly on said Watertown Street about two hundred and forty-one feet to the point of beginning, excepting, however, from this conveyance that part of the premises above described which was released by Charles R. Benson to the City of Newton, to be used as a part of said Walnut Street, by an instrument dated October 10th, 1910, and recorded with Middlesex South District Deeds, Book 2867, Page 179. Containing 10,610 square feet of land, more or less, and being the same premises conveyed to said Burrows and Wilson by said White by deed recorded with said mortgage. Said premises will be sold subject to all unpaid taxes, municipal liens and assessments, \$500 will be required in cash at time and place of sale. Other terms announced at sale.

### ACCOMPLISHES MUCH GOOD

(Continued from page 1)

"They were given a large, sunny 'home' room, a cooking and a sewing laboratory that were supplied with every article of equipment that could possibly be required, and a large well-lighted room for work in design."

"The segregation of the class was a very important element in the success of the undertaking."

**Methods of Arousing Girls to Effort**

"From the very first the attempt was made to cause the girls to realize the splendid advantages given them in their new environment. In the belief that nothing will clear a fogged mind or quicken sluggish mental processes so well as a strong desire to better one's condition, an effort was made to arouse the imagination of each pupil until she saw herself working successfully in some honorable vocation. Success in any part of the daily school work was commended in the effort to establish the 'success habit.'"

A brief study of some of the more common vocations for girls was made in connection with some most interesting talks that were given the class by the head nurse of the city hospital, a woman physician of Newton, the director of the Boston School of Salesmanship, the head librarian of the Newton public library, a member of the school board, the superintendent of schools and the manager of a large department store."

"The girls wrote reports of each one of these talks upon vocations, both as an exercise in English and also for the purpose of impressing upon their minds the facts given in regard to the vocations. Small groups visited the manufacturing plants in their section of the city, and reports were made of these visits. Certain girls were delegated to report upon the manner of the salesgirls in some of the large city stores. The telephone school and the telegraph exchange were visited by other groups. A list of the vocational opportunities for girls in Newton was made and studied."

### Home Conditions Studied

"As far as possible, the home conditions of the pupils were studied and calls were made at the most of their homes during the year. In this manner much valuable information was obtained which could be used in advising the pupil as to her course in the school and her preparation for later work. Sometimes a chance remark of the mother would throw a flood of light upon the girl's natural abilities, thus revealing possibilities which her teacher could not have discovered without this help."

"Education must make all the hours of life worth living as well as training one to earn a living. Therefore a taste for good reading must be acquired by these young workers."

"During the year each pupil memorized and recited at least 10 choice poems. About 50 carefully selected books from the Public Library were kept in the schoolroom, and 50 small volumes of English classics were bought by the class as a nucleus of a permanent school library. Every Friday a report was made upon the reading that the pupil had done through the week. The very small number of books upon girls' work were kept in the school room for study and reference, and were also the government reports upon women's work."

"In arithmetic all work was eliminated, excepting practical problems in housekeeping, sewing, millinery and expense accounts. These problems originated in the work in household economics. The motive for doing the work was understood before the task was attempted. The work in hygiene was made very practical, and helped several girls to rid themselves of tendencies to spinal curvatures and of bad habits of living. The improvement in the physique of the girls at the close of the year was a matter of comment. The lectures upon hygiene, to which reference has been made were of the greatest possible help to the girls."

"In commercial geography a talk illustrated by the reflectoscope summed up the lessons each week, and the gift of a large number of minerals by the Smithsonian Institution and other specimens from several manufacturing plants made it possible to present the lessons in a concrete manner. A brief summary of the history of the country and of Massachusetts constituted the most of the year's work. As far as was practicable this work grew out of the work in household arts and thus the motive for the study was understood by the pupil."

**Work in Cooking, Sewing, Design**

"In cooking, each girl learned to make over 70 different articles of food, the most of which were thoroughly tested, as the food was all sold there, in the school lunchroom. Besides this, the girls learned invaluable lessons in neatness and care of equipment."

"In sewing, a complete set of underclothes was made, besides a cooking uniform, and some of the girls made

dresses. In design much valuable information was received in regard to harmony of line and color. Hats were designed and many articles for household use, and a few dresses which were afterward made in the sewing department. While this work was not conducted as it would be in a trade school, in which speed and a salable product are the great factors, the work was distinctively vocational in its nature, and in some cases determined the vocation of the girl when a wage earner."

"It had not been expected when these girls entered the class that many of them would remain in the school more than one year, and it was a matter that gave much pleasure at the close of the year to find that a large number were intending to return to the school another year."

"Of the 45 girls in the class at the end of the year 35 were given grammar school diplomas and special certificates. Of this number 28 entered the regular class of the technical high school, 16 in the commercial, one in the fine arts, and nine in household economics department. Two entered the Newton Classical high school. One entered a boarding school. Four worked in the Newton Manufacturing Company, where they had been working afternoons during the school year, and one of the promising girls was obliged to leave school to become a nursemaid."

"Of the 10 girls who were not prepared to receive a diploma, two returned to the special transfer class where they did good work, and entered the regular course of the high school the next year. Two left to clerk in stores. Two worked in factories. Two stayed at home, and two moved from the city. Of the girls who entered the regular high school class, 12 are now in our school and are doing good work. Two are in other schools. Of the others, 10 are working as milliners, three are seamstresses and dressmakers, three are salesgirls."

### A Refrigerator Substitute.

Anyone who cannot afford a refrigerator will find this a good substitute: If you have a good cellar, procure a box, the larger the better; knock the bottom out, then dig a hole in the cellar just large enough for the box and fit in. About twice a week clean it out, strew borax around, and you will find everything nice and cool.—Women's Home Companion.

### ALGNETTES GOING OUT OF FASHION

All signs indicate that, at last, American women of fashion are giving up the real algrette composed of the feathers of the egret. These beautiful white plumes, worth their weight in gold only a year ago, are now seen on the headgear of maidservants, cooks and colored girls. This indicates that the mistresses are passing them on. States have legislated against their use, moving picture shows have shown the killing of the parent birds with young left starving in the nests, Audubon Societies have sent out tons of literature, regarding the threatened extermination of the species, the government has forbidden the importation of their plumage and now even the importers have practically given up dealing in the feathers. Cheap imitations are taking their place on every hand, and at last it seems possible to save the beautiful birds from extinction.

Last spring, I stated in these columns that the repulsive and horrible slaughter of wild birds for their plumage must be stopped. Already two great steps in this direction have been taken. Australia and the United States have prohibited the importation of the feathers of wild birds. Other nations will follow their example. If we are to stop forever the extermination of wild birds for their plumage, every civilized country must forbid importation and eventually, every State must forbid sale or possession of the plumage of wild birds except for scientific or educational purposes.

There are many women still who will wear feathers, careless of how they are obtained, careless of what laws are broken to secure them or what species are exterminated. It is now so well known that wild birds' plumage, used for millinery purposes, is taken mainly by killing the birds in the breeding season when the plumage is at its best and when the death of each pair of birds means also the destruction of their eggs or the lingering death of the young, that no one has the excuse of ignorance except when deceived by dealers. This sometimes happens. It has been given out that the so-called "numidi" feathers now so popular, come from Africa where the birds that bear them are domesticated like the common hen. In reality, these feathers come from the closely allied pheasants, chief of which is the Manchurian. The long feathers, used for millinery purposes, grow over the tail of the bird, forming a train somewhat like that of the peacock but very light in color. These feathers are dyed, bent, made up and sold as "numidi". The pheasants that bear them are natives of Eastern Asia where they are rapidly being exterminated for the feather trade and will soon be swept from the face of the earth unless the trade in their feathers can be stopped.

As it is now illegal to import these or the feathers of any other wild bird into the United States, why do we see such a remarkable display of them on the headgear of the women whom we meet? This is the result of two causes; first, ignorance or carelessness on the part of the women, and second, an attempt on the part of the importers to get rid of the stock they have on hand. Some of the dealers, being warned in advance that the plumage proviso, prohibiting the importation of the plumage of wild birds, would be passed by Congress, importing all the feathers they could buy while the "buying was good". A dealer told a government official last August that he should borrow every dollar he could and invest it all in paradise feathers, pending the rise in price that was sure to come when the feathers could no longer be legally imported. It remains to be seen whether the demand will increase now that the feathers cannot longer be legally obtained and whether prices, sufficient to warrant the risk of smuggling, will be paid by misguided women.

LAND COURT.

To Marion E. Saville, of Newton, in the County of Middlesex, and said Commonwealth; Hattie A. Ruddock, of Boston, in the County of Suffolk, and said Commonwealth; Carrie Jones and Allen C. Jones, of Brookline, in the County of Norfolk, and said Commonwealth; Edward B. Wheeler, of Las Vegas, in the State of New Mexico; any heirs, devisees or legal representatives of Eben White and of Elijah F. Woodward, late of said Newton, deceased, who have not released their interest in the land hereinafter described; and to all whom it may concern:

Whereas, a petition has been presented to said Court by Harry I. Strand, of said Boston, to register and confirm his title in the following described land:

A certain parcel of land situated in that part of said Newton, called Newton Highlands, bounded northwesterly on Beethoven Street, 183.86 feet; northeasterly on land now or formerly of Marion E. Saville 150 feet; southeasterly on land now or formerly of Hattie A. Ruddock 50 feet; southwesterly on land now or formerly of Edward B. Wheeler 50 feet; southeasterly again on said land of Wheeler 146 feet; and southwesterly again on Woodward Avenue 100.74 feet.

The above described land is shown on a plan filed with said petition, and all boundary lines are claimed to be located on the ground as shown on said plan.

You are hereby cited to appear at the Land Court to be held at Boston in the County of Suffolk, on the twelfth day of January, A. D. 1915, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, Charles Thornton Davis Esquire, Judge of said Court, this thirteenth day of December in the year nineteen hundred and thirteen.

Attest with Seal of said Court.
